

BUDGET POOLING

AUGUST 2019

What is Budget Pooling?

In Banner, the funds for most non-salary accounts will be pooled in the 7Z Non Salary Pooled Expenses account. This means that if you buy \$100 of Educational Supplies using the account 7010, the funds will be taken from the pooled funds. As you spend money on accounts like Catering, Office Supplies and Mileage it depletes the total net amount in the 7Z Non Salary Pooled Expenses. The available balance of your 7Z account is in FGIBAVL in Administrative Pages.

Currently there is not a place to see the 7Z pooled accounts in Self-Service Banner.

POOLED VS NON-POOLED EXPENSES

1. In FGIBAVL you can see pooled accounts under account code 7Z Non Salary Pooled Expenses.
2. Most expenses, like Office Supplies, Catering and Travel, will be included in the 7Z account.
3. Any accounts that will not be pooled will show as separate accounts in FGIBAVL.
4. Some exceptions to pooled expenses include Rental, Tuition and Fees and Equipment over \$5,000.
5. The full list will be on the budget website <https://sites.rowan.edu/budget/index.html>.

BUDGET POOLING IN ADMIN PAGES AND SELF-SERVICE BANNER

1. In FGIDBST and Self-Service Banner, you will still see the original budgeted amount and actual expenses in the individual accounts (like Supplies, Printing and Catering).
2. Though you may see a negative in an account line, you may still have enough total funds in the 7Z Non Salary Pooled Expenses account to place a requisition (check FGIBAVL). Just remember that if you go over in one account, you will have less to spend in other accounts. To visually see the impact of going negative in an account on your other accounts, you may want to do a budget transfer.
