***Description***

Rowan University is building a new facility to house both the Edelman College of Humanities and Social Sciences and the Edelman College of Communications & Creative Arts that embraces a technology-first approach to design and purpose, driving experiential learning for 21st-century students and the workforce.

This transformative building will pursue a data-driven approach, integrating and harnessing all building-generated data to drive desired outcomes, improve experiences, and ensure flexibility in space utilization. Designed to support the evolving needs of both students and faculty, the building will foster an innovative and dynamic environment, prioritizing flexibility, technology integration and shared spaces.

\*Projects are guided by the University of the Future Priorities in the following categories:

1. Classrooms and Laboratories
2. Student Housing Needs
3. Space for New Faculty and Staff
4. Deferred Maintenance & Modernization
5. Internal and External Collaboration Spaces
6. Advance Academic Mission
