West Campus Infrastructure Project

The West Campus Infrastructure Project includes the development, design and construction of all roadways, walking and biking trails, water, sewer, electric, gas and fiber to support West Campus. This project will develop a multi-modal transportation system that encourages driving, walking and biking, while infrastructure installation will support new building projects that promote the growth of Rowan University.

Location: West Campus

Status: Phase I – Complete
Phase II – Design
Phase III - Design

Forecasted Project Delivery:
Phase I – Complete
Phase II – Winter 2027
Phase III – TBD pending funding availability

Development Cost: Phase I - $10 million
Phase II - $5.7 million
Phase III - TBD

Design Consultant: Pennoni Associates

General Contractor: South State

Project Planning & Development: Facilities, Planning & Operations

***Prioritization Category:** Categories 1, 3, 5 & 6
