

FACTS AT A GLANCE

AGILE, ENTREPRENEURIAL, COLLABORATIVE, STRATEGIC

A top 100 national public research university

Rowan University is a Carnegie-classified national doctoral research institution dedicated to excellence in undergraduate education. Founded in 1923 in Glassboro, Rowan serves the public at eight campuses and 100+ education, clinical and research sites.

Rowan regularly earns notable national recognition. The historic \$100 million Rowan gift in 1992 put the institution on the fast track, helped create the Henry M. Rowan College of Engineering and enabled ambitious institutional growth. Now, with two medical schools and powerful partnerships in education, health care and research, Rowan provides transformational leadership in higher education. As a result, students throughout the institution benefit, while public-private initiatives thrive.

POWERFUL PROOF POINTS

More than doubled enrollment and academic offerings since 2012, becoming nation's third fastest-growing public research university.

Dramatically increased focus on world-class, applied research while remaining dedicated to exceptional undergraduate education.

Responded to the national need for 21st century health care with innovative health sciences and medical education.

Challenged conventional thinking and forged partnerships that led to innovation and increased access to affordable, high-quality education.
