💬 To ensure financial aid recipients are making Satisfactory Academic Progress (SAP), academic transcripts are reviewed at the end of each term to determine eligibility for the next term. All terms of attendance are reviewed, including periods in which the student did not receive financial aid. Each semester, your Rowan University academic record will be reviewed for the following three measures and you will be assigned a SAP Status.

1. GPA (Qualitative Progress): Undergraduate students must maintain a cumulative grade point average of at least 2.0 (a C average). Graduate students must maintain a GPA of at least 3.0.
2. PACE (Completion Rate): Students must successfully complete a minimum of 67% of all course work (registered credit hours) attempted at Rowan University.
3. MTF (Maximum Time Frame): Students must complete their program within 150% of the credit hours required to complete your degree program, including all transfer credits.

Making Satisfactory Progress
To achieve Good Standing, you must successfully complete at least 67% of all of the classes for which you registered; meet or exceed the required GPA, and have not exceeded the maximum number of credits allowed for your degree program.

Financial Aid Warning
Continuing students are placed on financial aid warning when they fail to meet the cumulative qualitative (GPA) or completion rate (PACE) components. Students will receive federal student aid during the warning term. Students must meet ALL cumulative standards by the end of the warning term to be eligible for financial aid the next term they attend or they will be suspended from financial aid (See Financial Aid Suspension below).

Financial Aid Suspension
Continuing students are suspended from receiving financial aid if they do not meet all of the SAP components by the end of their warning term. Students on financial aid suspension will not receive any form of federal, state, or University financial aid (grants, scholarships, student loans, student employment).
