

Martinson Honors College
Honors Concentration with Distinction
Honors Capstone Student-Mentor Contract

Student Information	
Student Name	
Banner ID	
Capstone Experience Title	
Student Agreement	
<p>To ensure a successful capstone experience and graduate with the Honors Concentration with Distinction, I have read the guidelines in the Student Handbook and understand:</p>	
	<p>I am responsible for maintaining regular interpersonal communication with my Faculty Mentor and the Honors Capstone Coordinator</p>
	<p>I understand that any changes to deliverables or deadlines need to be reported immediately to my Faculty Mentor and to the Honors Capstone Coordinator. If this occurs, I will work with my Faculty Mentor and the Honors Capstone Coordinator to update and amend our signed student contract.</p>
	<p>I understand that I must uphold the Honors Ethical Behavior Standards in all aspects of my work in the Honors Concentration with Distinction, as well as in all aspects of my academic and extra-curricular activities in the Honors program. If I violate the guidelines, or if I am found in violation of the Rowan Academic Integrity Code, I may be dismissed from both the Honors Concentration and the Honors Concentration with Distinction. Significant violations of Rowan’s academic integrity code may result in my suspension or expulsion from the university.</p>

Faculty Mentor Information	
Faculty Name	
Department	
Faculty Mentor Agreement	
To ensure a successful capstone experience for this Honors student, I have read the Faculty Mentor job description and understand (check to the left of each statement if you agree):	
	I agree to assist this student with the creation of a student contract at the start of each of the two semesters they are working on their Honors capstone project, as outlined in the Faculty Mentor job description.
	I agree to assist this student in completing tasks outlined in the signed student contract each semester, on time. This includes the timely completion of their capstone experience project (written product / creative work and public presentation).
	I agree to mentor this student to the best of my abilities in the best practices current to my field of research. This includes helping the student design a capstone experience project, and then bringing it to completion with a final product that is currently accepted in my area of expertise.
