HONORS
CONCENTRATION
at Rowan University

COURSE COMPLETION STANDARDS

1. Completing the Honors Concentration requires passing a minimum of eight (8) Honors courses with a grade of C or higher, ideally including four (4) interdisciplinary courses and/or Honors courses outside one's major.
2. Honors courses are pro-rated so that transfer students (internal and external) as well as students graduating early are not penalized; the total is calculated at a rate of one (1) Honors course per semester with a minimum of four (4) required.
3. Students must take at least one (1) Honors course the first semester they enter the Concentration.
4. Alternative course experiences (e.g., Internships, Study Abroad, Research, Senior Privilege) may be counted toward Honors course requirements with prior approval through an application process. A reflection paper is required at the conclusion of the experience.
5. Students who do not continue to progress toward meeting course requirements will be contacted by the Assistant Dean, who will request a plan for course completion. If the plan is either not feasible or no plan is submitted, the student will be removed from the Concentration.
6. As of Fall 2018, Honors Comp I, Comp II, and Honors FEC (for Engineers) are required classes, unless the student has placed out of the course or has transferred the credit. As of Fall 2019, the Honors sections of Public Speaking and SEC (for Engineers) are required unless the student has received permission from the Honors advisor or the Assistant Dean to enroll in another section.

GPA STANDARDS

1. Students must earn a cumulative GPA of at least 3.33 and a GPA of 3.45 in their Honors courses.
2. Students must maintain a minimum cumulative GPA of 3.00 to remain in good standing with the Honors Concentration, keeping in mind graduation standards.
 - a. Honors offers first-semester GPA forgiveness. Students with a cumulative GPA lower than 2.75 at the end of their first semester in the Concentration will be placed on probation and receive notification by email. Probationary students must meet with the Honors Advisor or the Assistant Dean to come up with an academic plan.
 - b. Students with a cumulative GPA lower than 3.00 at the end of their second semester will be removed from the Concentration. These students will receive a dismissal email.
 - c. Students who earn a cumulative GPA above a 3.00 but below a 3.33 and/or an Honors GPA below a 3.45 will receive email reminders of the graduation standards. If students cannot achieve either or both GPA requirements by graduation, they should have the Concentration removed before applying to graduate.
3. If a student has extenuating circumstances that might explain their unsatisfactory academic performance, they can appeal their dismissal to the Assistant Dean, who may bring the matter before the Dean and Honors Faculty Advisory Board.

PARTICIPATION STANDARDS

1. Honors students must participate in at least two (2) types of extracurricular activities each semester.
 - a. Service: At least fourteen (14) hours of service projects of the student's choice. Service activities are those in which the student volunteers their time, talents, or resources to help another person, cause, or organization. Service activities may be performed on- or off-campus;
 - b. Participation: At least fourteen (14) hours of participation in Honors recommended activities. These activities enhance students' classroom education, and include field trips, speakers, events, Honors groups, etc.
 - a. Education, Arts & Culture, and the Wider World: Within these participation hours, each academic year Honors students must attend at least one (1) educational speaker event, one (1) art/theater/musical event, and one (1) event focused on global or multicultural issues. (e.g., a lecture on the Lost Boys of Sudan would fulfill both the educational speaker and the wider world requirements.)
2. Students must provide an account of taking part in these activities at the end of each semester.
3. Students who have not completed their participation requirements will not be considered for funding for research assistantships, study abroad, or conferences.
4. One (1) semester of an incomplete, loss of, or a late participation requirement will result in forfeiture of priority registration for classes. Two (2) semesters without meeting participation requirements will result in removal from the Concentration.
5. If a student has extenuating circumstances that might explain their unsatisfactory participation and service performance, they can appeal to the Assistant Dean, who may bring the matter before the Dean and Honors Faculty Advisory Board.

ETHICAL BEHAVIOR STANDARDS

1. Honors students are expected to uphold ethical standards of behavior.
2. Academic integrity and Student Code of Conduct violations serve as a cause for dismissal from the Honors Concentration.
 - a. Academic Integrity
 - i. In cases when violations are Levels I and II, as defined in Rowan University's Academic Integrity Policy, the student has the right to appeal to the Honors Faculty Advisory Board. The final decision will be made by the Assistant Dean and Dean of Honors.
 - ii. In cases of Level III or IV violations of the Academic Integrity Policy, the student will be immediately dismissed from Honors without the right of appeal.
 - b. Student Code of Conduct
 - i. Violations that involve violence or pose a risk to the safety and well-being of others in the University and/or Glassboro community will result in dismissal from the Concentration.
3. Faculty may request that a student be removed from Honors as a result of unethical behavior. These requests will be discussed by the Assistant Dean, Dean, and Honors Faculty Advisory Board on an individual basis.

HONORS PRIVILEGES

1. Priority registration
2. Honors housing
3. Having the Honors Concentration listed on the student's diploma
4. Enrolling in educationally enhanced and/or unique Honors classes
5. Use of the Honors lounges and computer lab in The Whitney Center (includes free printing)*
6. Funding to attend theater, art gallery, instrumental and vocal concerts, and invited speaker presentations
7. Funding to participate in unique all-Honors activities
8. Partial funding to attend and/or present at academic conferences
9. Competitive funding for educational activities abroad
10. Competitive funding for Research Assistantships for independent research projects with a supporting Rowan faculty member
11. Competitive funding to travel to conferences or approved research and service activities (e.g. alternate spring break activities) within the United States
12. Extended library borrowing privileges

*Please note: Our computer lab is for Honors students' use only.
Facilitating entry of non-Honors students is strictly prohibited.
