The On Campus Experience

Rowan University features nine residence halls and eight apartment communities nestled among the trees of a 200 acre campus in historic Glassboro, New Jersey. University and affiliated residences provide easy access to campus resources, recreational facilities and social opportunities.

Students who live on campus benefit from facilities and resources that support students’ success during their first year and throughout their four year experience. Research and experience tells us that students who live on campus...

• Develop a greater sense of belonging.
• Find it easier to form friendships.
• Participate more in student organizations.
• Develop stronger connections to faculty.
• Increase their awareness of diversity.
• Are more likely to complete a degree in four years.
Freshman Housing
Freshmen are housed in one of nine residence halls on campus. Residence halls feature primarily double occupancy rooms, with a limited number of singles available. In residence halls, students share common bathrooms. All residence halls are co-ed. Students in traditional residence halls may request roommates of their same gender. Students may request roommates without restrictions based on gender in Holly Pointe Commons.

Upperclassmen Housing
Upperclassmen, including transfer students, are assigned to either a residence hall or apartment space. Spaces may be single or double occupancy. Bathrooms are usually shared by two to six students. All buildings are co-ed. With the agreement of apartment-mates, students may choose roommates without restrictions based on gender.

Mandatory Housing Policy
Freshmen and sophomores (students with fewer than 58 credits) who are unmarried and under age 21 are required to live in University housing unless they will be commuting from a parent or guardians’ home within a 40 mile radius of campus.

Students who plan to commute must submit a notarized statement of student residence form to the housing office.

Furnishings & Amenities
All spaces are fully furnished with an extra-long twin bed, dresser, desk and closet or wardrobe for each student. Most rooms are carpeted. Non-carpeted rooms may be requested on a space available basis. Air-conditioning is standard in Holly Pointe Commons and in all apartments except Triad (first floor only). Traditional residence halls are not air-conditioned. Internet and cable TV services are included in all housing options. In addition, every residence hall has a common lounge, and most halls provide additional recreational and study spaces.

Staff
Well trained and dedicated staff are available in every University residence to support residents’ academic success and promote the development of a safe and inclusive community.
**Application Process**
All new students are encouraged to apply for housing as soon as possible upon acceptance to the University. All housing applications are completed online:

[rowan.edu/selfservice](rowan.edu/selfservice)

Click on “Access Banner Services” and log in. Then click on “Students” - “MyHousing” - “Housing Applications and Forms.” Then select the appropriate application for the semester/term you need from the drop down menu.

**Co-Curricular Programs & Learning Communities**
Students quickly discover that their residence is more than just a place to study and sleep. A wide array of co-curricular programs are provided on campus to extend learning beyond the classroom as well as to provide social, cultural and recreational activities. Freshman residence halls are also home to living-learning and themed housing communities that link students to their major or to other students with common interests to promote student academic success and persistence to graduation.

**Availability of On-Campus Housing**
The university requires freshmen and sophomores to live on-campus unless they qualify for a commuter exemption. Housing for juniors and seniors, including transfer students, is assigned on a space available basis, and is not guaranteed.

**MicroFridge/SnackMate Rental Information**
Rowan University works with CSI: Campus Specialties, Inc. as our exclusive provider of convenient MicroFridge/SnackMate options for students living in university residence halls.

Please note that due to limitations of the electrical systems in our residence halls, other appliances are PROHIBITED in the freshmen residence halls.
