BASIC INSTRUCTIONS

- Line 1 Enter your name, address, and Social Security number in the spaces provided.
- Line 2 Check the box that indicates your filing status. If you checked Box 1 (Single) or Box 3 (Married/Civil Union Partner Separate) you will be withheld at Rate A.
 Note: If you have checked Box 2 (Married/Civil Union Couple Joint), Box 4 (Head of Household) or Box 5 (Qualifying Widow(er) Surviving Civil Union Partner) and either your spouse/civil union partner works or you have more than one job or more than one source of income and the combined total of all wages is greater than \$50,000, see instruction A below. If you do not complete Line 3, you will be withheld at Rate B.
- Line 3 If you have chosen to use the wage chart below, enter the appropriate letter.
- Line 4 Enter the number of allowances you are claiming. Entering a number on this line will decrease the amount of withholding and could result in an underpayment on your return.
- Line 5 Enter the amount of additional withholdings you want deducted from each pay.
- Line 6 Enter "EXEMPT" to indicate that you are exempt from New Jersey Gross Income Tax Withholdings, if you meet one of the following conditions:
- Your filing status is **SINGLE** or **MARRIED/CIVIL UNION PARTNER SEPARATE** and your wages plus your taxable nonwage income will be \$10,000 or less for the current year.
 - Your filing status is **MARRIED/CIVIL UNION COUPLE JOINT**, and your wages combined with your spouse's/civil union partner's wages plus your taxable nonwage income will be \$20,000 or less for the current year.
 - Your filing status is **HEAD OF HOUSEHOLD** or **QUALIFYING WIDOW(ER)/SURVIVING CIVIL UNION PARTNER** and your wages plus your taxable nonwage income will be \$20,000 or less for the current year.

Your exemption is good for ONE year only. You must complete and submit a form each year certifying you have no New Jersey Gross Income Tax liability and claim exemption from withholding. If you have questions about eligibility, filing status, withholding rates, etc. when completing this form, call the Division of Taxation's Customer Service Center at (609) 292-6400.

Instruction A - Wage Chart

This chart is designed to increase withholdings on your wages, if these wages will be taxed at a higher rate due to inclusion of other wages or income on your NJ-1040 return. **It is not intended to provide withholding for other income or wages.** If you need additional withholdings for other income or wages, use Line 5 on the NJ-W4. This Wage Chart applies to taxpayers who are married/civil union couple filing jointly, heads of households, or qualifying widow(er)/surviving civil union partner. **Single individuals or married/civil union partners filing separate returns do not need to use this chart.** If you have indicated filing status #2, 4 or 5 on the above NJ-W4 and your taxable income is greater than \$50,000, you should strongly consider using the Wage Chart. (See the Rate Tables on the reverse side to estimate your withholding amount.)

HOW TO USE THE CHART

- Find the amount of your wages in the left-hand column.
- Find the amount of the total for all other wages (including your spouse's/civil union partner's wages) along the top row.
- Follow along the row that contains your wages until you come to the column that contains the other wages.
- This meeting point indicates the Withholding Table that best reflects your income situation.
- If you have chosen this method, enter the "letter" of the withholding rate table on Line 3 of the NJ-W4.

NOTE: If your income situation substantially increases (or decreases) in the future, you should resubmit a revised NJ-W4 to your employer.

RATE TABLES FOR WAGE CHART

The rate tables listed below correspond to the letters in the Wage Chart on the front page. Use these to estimate the amount of withholding that will occur if you choose to use the wage chart. Compare this to your estimated income tax liability for your New Jersey Income Tax return to see if this is the correct amount of withholding that you should have.

Employee's Withholding Certificate

OMB No. 1545-0074

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay.**Give Form W-4 to your employer.****Your withholding is subject to review by the IRS.****2026****Step 1:**
Enter
Personal
Information

(a) First name and middle initial	Last name	(b) Social security number
Address		Does your name match the name on your social security card? If not, to ensure you get credit for your earnings, contact SSA at 800-772-1213 or go to www.ssa.gov .
City or town, state, and ZIP code		
(c) ☐ Single or Married filing separately ☐ Married filing jointly or Qualifying surviving spouse ☐ Head of household (Check only if you're unmarried and pay more than half the costs of keeping up a home for yourself and a qualifying individual.)		
Caution: To claim certain credits or deductions on your tax return, you (and/or your spouse if married filing jointly) are required to have a social security number valid for employment. See page 2 for more information.		

TIP: Consider using the estimator at www.irs.gov/W4App to determine the most accurate withholding for the rest of the year if you: are completing this form after the beginning of the year; expect to work only part of the year; or have changes during the year in your marital status, number of jobs for you (and/or your spouse if married filing jointly), dependents, other income (not from jobs), deductions, or credits. Have your most recent pay stub(s) from this year available when using the estimator. At the beginning of next year, use the estimator again to recheck your withholding.

Complete Steps 2–4 ONLY if they apply to you; otherwise, skip to Step 5. See page 2 for more information on each step, who can claim exemption from withholding, and when to use the estimator at www.irs.gov/W4App.

Step 2:
Multiple Jobs
or Spouse
Works

Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

Do **only one** of the following.

- (a) Use the estimator at www.irs.gov/W4App for the most accurate withholding for this step (and Steps 3–4). If you or your spouse have self-employment income, use this option; **or**
- (b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below; **or**
- (c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is generally more accurate than Step 2(b) if pay at the lower paying job is more than half of the pay at the higher paying job. Otherwise, Step 2(b) is more accurate ☐

Complete Steps 3–4(b) on Form W-4 for only ONE of these jobs. Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3–4(b) on the Form W-4 for the highest paying job.)

Step 3:
Claim
Dependent
and Other
Credits

If your total income will be \$200,000 or less (\$400,000 or less if married filing jointly):

(a) Multiply the number of qualifying children under age 17 by \$2,200 **3(a)** \$

(b) Multiply the number of other dependents by \$500 **3(b)** \$

Add the amounts from Steps 3(a) and 3(b), plus the amount for other credits. Enter the total here **3** \$

Step 4:
Other
Adjustments

(a) **Other income (not from jobs).** If you want tax withheld for other income you expect this year that won't have withholding, enter the amount of other income here. This may include interest, dividends, and retirement income **4(a)** \$

(b) **Deductions.** Use the Deductions Worksheet on page 4 to determine the amount of deductions you may claim, which will reduce your withholding. (If you skip this line, your withholding will be based on the standard deduction.) Enter the result here . . . **4(b)** \$

(c) **Extra withholding.** Enter any additional tax you want withheld each **pay period** . . . **4(c)** \$

Exempt from
withholding

I claim exemption from withholding for 2026, and I certify that I meet **both** of the conditions for exemption for 2026. See *Exemption from withholding* on page 2. I understand I will need to submit a new Form W-4 for 2027 . . . ☐

Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2026 if you meet both of the following conditions: you had no federal income tax liability in 2025 **and** you expect to have no federal income tax liability in 2026. You had no federal income tax liability in 2025 if (1) your total tax on line 24 on your 2025 Form 1040 or 1040-SR is zero (or less than the sum of lines 27a, 28, 29, and 30), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2026 tax return. To claim exemption from withholding, certify that you meet both of the conditions by checking the box in the *Exempt from withholding* section. Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 16, 2027.

Your privacy. Steps 2(c) and 4(a) ask for information regarding income you received from sources other than the job associated with this Form W-4. If you have concerns with providing the information asked for in Step 2(c), you may choose Step 2(b) as an alternative; if you have concerns with providing the information asked for in Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c) as an alternative.

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Are submitting this form after the beginning of the year;
2. Expect to work only part of the year;
3. Have changes during the year in your marital status, number of jobs for you (and/or your spouse if married filing jointly), or number of dependents, or changes in your deductions or credits;
4. Receive dividends, capital gains, social security, bonuses, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax; or
5. Prefer the most accurate withholding for multiple job situations.

TIP: Have your most recent pay stub(s) from this year available when using the estimator to account for federal income tax that has already been withheld this year. At the beginning of next year, use the estimator again to recheck your withholding.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work. Submit a separate Form W-4 for each job.

Option **(a)** most accurately calculates the additional tax you need to have withheld, while option **(b)** does so with a little less accuracy.

Instead, if you (and your spouse) have a total of only two jobs, you may check the box in option **(c)**. The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount of tax withheld will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You (and/or your spouse if married filing jointly) must have the required social security number to claim certain credits. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4.

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 15, if you expect to claim deductions other than the basic standard deduction on your 2026 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for qualified tips, overtime compensation, and passenger vehicle loan interest; student loan interest; IRAs; and seniors. You (and/or your spouse if married filing jointly) must have the required social security number to claim certain deductions. For additional eligibility requirements, see Pub. 501.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe when you file your tax return.

Step 2(b) – Multiple Jobs Worksheet *(Keep for your records.)*

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on **only ONE** Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

- 1 Two jobs.** If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 5. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, **skip** to line 3 **1** \$ _____

- 2 Three jobs.** If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
 - a** Find the amount from the appropriate table on page 5 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a **2a** \$ _____

 - b** Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 5 and enter this amount on line 2b **2b** \$ _____

 - c** Add the amounts from lines 2a and 2b and enter the result on line 2c **2c** \$ _____

- 3** Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc. **3** _____

- 4 Divide** the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in **Step 4(c)** of Form W-4 for the highest paying job (plus any other additional amount you want withheld) **4** \$ _____

Step 4(b)—Deductions Worksheet *(Keep for your records.)*

See the Instructions for Schedule 1-A (Form 1040) for more information about whether you qualify for the deductions on lines 1a, 1b, 1c, 3a, and 3b.
