PROJECT INTRODUCTION

Rowan University is soliciting proposals from qualified general Contractors to provide services related to the renovation of existing facility owned and operated by Rowan University, located at 202 Delsea Drive, Glassboro, NJ, 08028.

I. BACKGROUND

The recent growth experienced by the University requires a thoughtful and strategic approach to space utilization. A rapid increase in the student population has put strain on limited academic space and forecasts for the future show that existing facilities will not be sufficient to accommodate projected enrollment and Academic growth. In an effort to provide much needed additional space on the Glassboro Campus, Rowan has acquired a 56,708 square foot building located at 202 Delsea Dr., Glassboro, one block from Main Campus. The three-story building sits on 9.52 acres fronting Delsea Drive, a major thoroughfare in the Borough of Glassboro. In addition to the building, the property also includes a 6,300 square foot annex building and 3,420 square foot storage building. Collectively, the building, annex and storage building shall be referred to herein as the Facility.

Rowan desires to renovate the existing Facility to offices, cubicles, conference rooms and support spaces. These renovations will allow Rowan to relocate several non-student facing departments from Main Campus to the Facility, including Purchasing, Human Resources, Accounting and Research (collectively, the “Renovation Project”).

Certain portions of the existing Facility will remain intact with minimal construction activity.

II. SCOPE OF WORK

- A.** The scope of work for this project consists of, at a minimum, the following:
 - 1.** The contractor will complete all tasks necessary to complete the Renovation Project as outlined in the Project Manual.
 - 2.** The Project Manual contains a draft copy of the Modified AIA A201 General Condition of the Contract for Construction and a draft copy of the Modified AIA A101 Standard Form of Agreement Between Owner and Contractor (including Exhibit “A” thereto setting forth the requirements for insurance, payment bonds and performance bonds). **All exceptions, questions and/or suggested modifications to these draft Rowan contracts must be submitted in accordance with the Schedule of Events set forth above.**
 - 3.** The drawings and specifications of the contract are intended to require the Contractor to provide everything reasonably necessary to accomplish the proper and complete finishing of the work.
 - 4.** All work and materials included in the specifications and not shown on the drawings or shown on the drawings and not in the specifications, shall be performed and/or furnished by the Contractor as if described in both.
- B.** Please refer to the **Project Manual** found on our [website](#) for a detailed and complete scope of work.
- C.** Substantially completed by **07/02/26 12/24/2026**. Final Completion on or about **08/06/2026 1/23/2027**.
- D.** Liquidated Damages: **\$3,000 per day**
- E. Use of Premises**
 - 1.** Contractor shall restrict work, staff, and debris to the contract premises and as authorized by the University. The Contractor is responsible for coordination of trades to ensure timely completion of work and to minimize disruption of the activities of the University.
 - 2.** Limit use of premises to work in areas indicated. Do not disturb portions of Project site beyond the site perimeter unless prior approval of the University is received prior to conduction of such work or operations.
 - 3.** Driveways & Entrances: Keep driveways and entrances serving premises clear and available to Rowan University, Rowan employees, and emergency vehicles always.

4. Do not use areas outside the limit of construction sites for parking or storage of materials.
5. Upon completion of work, the awarded Vendor is responsible for leaving any construction areas in clean condition.

F. Intent of Contract

1. Project documents provided for this contract are intended to require the Contractor to provide for everything reasonably necessary to accomplish the proper and complete finishing of the work.
2. All work and materials included in the specifications and not shown on the drawings or shown on the drawings but not in the specifications, shall be performed and/or furnished by the Contractor as if described in both.
3. Any incidental materials and/or work not specified in the drawings or specifications which are, nevertheless, necessary for the true development thereof and reasonably inferable therefrom, the Contractor shall understand the same to be implied and required and shall perform all such work and furnish all materials as if particularly delineated or described therein.
4. Should there be an obvious error between the drawings and specifications, the most stringent constraints of the conflicting information shall be assumed by the Contractor, unless otherwise stated in writing by the University Project Manager or designee, and the Contractor shall complete the work as reasonably required, consistent with the intent of such drawings and specifications as interpreted by the University.
5. When a conflict exists between scope specific information in this RFP and the Project Specifications, and/or accompanying documents, the Project Manual and accompanying documents take precedence.
6. All project, addenda, and supplemental information will be posted on the Office of Contracting & Procurement [website](#).

- G. Project Labor Agreement.** This contract will be subject to the terms of a Project Labor Agreement. The Project Labor Agreement will be included in the contract and is attached hereto. Workers shall be paid not less than the prevailing wage rate. In the event it is found that any worker, employed by the selected Vendor or any subcontractor has been paid a rate of wages less than the prevailing wage required to be paid by the Project Labor Agreement, Rowan may terminate the Vendor's or subcontractor's right to proceed with the work, or such part of the work as to which there has been a failure to pay required wages and to prosecute the work to completion or otherwise. The Vendor shall promptly comply with the request for potential change and shall bring all subsequent services in conformance with the notice.

Any change, alteration or modification of any contract will be valid and binding only if agreed to in writing by both Parties. Proposers hereby agrees to negotiate on good faith.
