## Notes, Legends, & Quantities

- **BASE BID** includes all items listed above, including quantities and costs. These costs are the result of the bidding process for the construction project.
- **PROJECT COST** includes all costs associated with the project, including the base bid.
- **PROJECT BASE** is the total cost of the project, including all additional costs not included in the base bid.

### Additional Notes
- All items listed in the `DESCRIPTION` column are to be considered for the construction of the project.
- The cost of the project can be adjusted based on changes in material costs or project scope.
- The quantities listed are based on the most recent estimations and may require further verification before construction begins.

### Project Details
- The project location is described in the `BASE BID - TO BE CONSTRUCTED` table.
- The project includes various types of reinforcing materials, each with specific requirements and costs.
- All materials and workmanship are to be completed as per the specifications outlined in the `DESCRIPTION` column.
