I. PROJECT OVERVIEW

A. The University intends to award multiple vendors for on-call contracting services for projects under a particular threshold at all campus locations. The locations include:
   1. Glassboro Campus: 201 Mullica Hill Road, Glassboro, NJ 08028

It is the goal of this RFP to identify a pool of contractors who are pre-approved and available for projects. The RFP seeks to identify diverse areas of construction as outlined below. No one contractor is expected to satisfy all areas of the outlined trades, but a single contractor may submit a single response which identifies multiple trades for which that firm wishes to be considered.

C. The Contracting Services will include the following trades:
   1. Mechanical/Plumbing

However, there may be projects that require work to be done outside the normal working hours. Additionally, contractors are expected to honor all University holidays.
G. Any travel time for which a contractor is obligated to pay his employees should be considered as part of overhead, and allowances for such, figured into the flat hourly rate quote to the University. The University will make every effort to group work order/projects so that employees can be assigned to work on campus for a full workday; or so that contractor employees can be assigned to work lasting at least one-half workday, beginning or ending their workday at the University.

H. The University will pay additional hours for travel for emergency call-in or when contractor’s employees are forced to travel during normal working hours due to the immediacy of the work order.

   D. The execution and performance of an Agreement by the vendor does not, and will not, violate or conflict with any law, rule, regulation, judgment or order of any court or other adjudicative entity binding the vendor.
   E. The vendor knows of no reason, or is in any way physically, legally, or otherwise precluded from performing the obligations under an Agreement arising from this RFP, in accordance with its terms; including without limitation those relating to health and safety.
