Statements are only produced if the account has a balance or debit/credit transactions posted during that cycle. The only other time you may receive a statement is when regulatory changes take place and Bank of America Merrill Lynch is required to send notification.

You need to register prior to month-end close in order to receive an electronic statement for that month.

Payments

When making a payment, the payment date, amount and bank information is required. To complete the payment request, click the ‘Confirm Payment’ button at the bottom of the page. After setting up your first payment it is suggested you make note of its due date and check to ensure that the debit amount and scheduling has been set up properly.

As Payment Center draws funds as an ACH Debit, you need to determine if you/your organization uses blocks/filters on your bank account. If so, you will need to complete any paperwork unique to your bank to add 3001190310 to allow Bank of America Merrill Lynch to ACH debit from that account.

Please ensure you’ve entered your banking information correctly as incorrect information can result in no payment received/late fees (which are non-refundable).

*Important:* Make sure the account number you enter is valid. When you save the new paying account, only the transit routing number is verified. The account number is not verified until you make the payment.

After confirming your payment you will have the opportunity to print your payment receipt with confirmation number.
