History and Questions about the Clery Act
The Jeanne Clery Act, a consumer protection law, requires all colleges and universities who receive federal funding to share information about crime on campus and their efforts to improve campus safety as well as inform the public of crime in or around university facilities. This information is publicly accessible through the University's website and Annual Security and Fire Safety Report. The Clery Act was named in memory of a student, Jeanne Clery, who was murdered and raped in her dorm room at Lehigh University in 1986. Her attacker was also a student at the University whom Jeanne did not know prior to the attack. Her parents championed laws requiring the disclosure of campus crime information, and the federal law that now bears their daughter's name was enacted in 1990. The Clery Act requires colleges and universities to keep records and report on the nature, date, time, and place of crimes occurring on campus, including hate crimes. It also prescribes a number of security-related protocols for emergency response procedures, timely notifications for on-campus crimes and missing students, fire incident reporting, and the like. It is one of the most frequently modified sections of the Higher Education Act since signed into law in 1990. The Act provides current and future students, their families and university staff, as higher education consumers, with accurate, complete and timely information about safety on campus so they can make informed decisions. Choosing a college or university is a major decision for students and their families. The issue of campus safety is a vital concern, which drives this nationwide law. In essence, the law requires colleges and universities to collect, report and disseminate crime information to the campus community with the goal of maintaining a safe environment for students to learn, faculty to teach and staff and administrators to work by increasing the awareness of crimes committed on campus.

The Clery Act Appendix for FSA (October 2020): This Appendix to the Federal Student Aid Handbook was developed by the U.S. Department of Education to assist postsecondary institutions in meeting the campus safety and security requirements of the Higher Education Act of 1965, as amended. The Appendix replaces the 2016 Handbook for Campus Safety and Security Reporting, which has been rescinded. Other than the statutory and regulatory requirements included in this document, the contents of the new Appendix do not have the force and effect of law and are not meant to bind the public. The document is intended only to provide clarity to the public regarding existing requirements under the applicable statutory and regulatory provisions. The Rowan University Department of Public Safety’s Clery compliance team prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The process includes collecting statistics obtained from multiple reporting sources and then reporting them to the Rowan University community by October 1st. The report is compiled using information maintained by the Rowan University Department of Public Safety (Police Department), by the other University offices such as the Office of Student Equity and Compliance, Residential Learning and University Housing, Office of Community Standards (Student Conduct), Campus Security Authorities (CSAs) and also information provided by local law enforcement agencies surrounding the University’s campuses. These agencies are municipal law enforcement (to include the Glassboro, Camden County, Harrison Twp., Mantua Twp. and Stratford Police Departments), other county and state law enforcement agencies. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year in which the crime was reported. A written request for statistical information is made on an annual basis to non-police reporting officials at the University known as Campus Security Authorities (CSAs). The Department of Public Safety, in conjunction with the Offices of the Vice President for Student Life and Dean of Students, Residential Learning and University Housing, Office of Student Equity and Compliance and General Counsel share the responsibility for this report at Rowan University.
The University has a Clery Act Committee comprised of representatives from key departments and campuses at Rowan, including the University’s Office of the President. The report is reviewed by the Clery Act Committee and Clery Steering Committee. Each of these University offices provides updated policy information and data. Public Safety in consultation with these representatives will prepare the final Annual Security and Fire Safety Report. All of the statistics are gathered, compiled and reported to the University community via the Annual Security and Fire Safety Report, which is published by the Rowan Department of Public Safety (DPS). The Department of Public Safety submits the annual crime statistics published in this report to the U.S. Department of Education. This statistical information is also available to the public through the U.S. Department of Education website.

On an annual basis enrolled students and current employees of the University are notified via email by the Department of Public Safety of the Annual Security and Fire Safety Report. This “Notice of Availability” of the Annual Security and Fire Safety Report is distributed by October 1st to all members of the Rowan University community. The email message provides an overview of the Annual Security and Fire Safety Report, the address for the Rowan Department of Public Safety website where the report can be obtained on-line and also how a hard copy “printed version” can be obtained. This information is also made available through multiple campus sources, such as bulletin boards, postings, speaking presentations and other venues. The Annual Security and Fire Safety Report contains information regarding campus security and personal safety including topics such as: crime prevention, public safety authority, crime reporting policies, fire safety, disciplinary procedures and other matters of importance related to security on campus. The report also contains information about fire statistics in Rowan University Residential Facilities and crime statistics for the three previous calendar years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by the University; and on public property within, or immediately adjacent to and accessible from the campus.

Clarification Information about Rowan University Operations at County Colleges and Rowan School of Osteopathic Medicine - Sewell

There are two county colleges bearing the Rowan name: Rowan College at Burlington County (RCBC) and Rowan College South Jersey created in July, 2019 (formerly Rowan College at Gloucester County and Cumberland County College). Each Rowan College is its own autonomous institution of higher education, with its own administration, rules and governing board, each independent of Rowan University. The respective Public Safety/Security Departments at these campuses have the responsibility for the safety and security of students, visitors and faculty/staff at their campuses. The Rowan University Department of Public Safety does not share any of that responsibility. All criminal activity, suspicious activity, and other emergencies on the RCBC or RCSJ campuses should be reported directly to that specific college’s Public Safety/Security Department, in accordance with the procedures at those institutions. Not to the Rowan University Department of Public Safety (unless the reporting person is a designated Rowan University Campus Security Authority (CSA) at those colleges, Information on safety and security at these colleges can be found in their Annual Security Reports and web pages. Please contact their respective offices for further information, to include their emergency notification process and alerting system for their campuses and how to register. [https://www.rcbc.edu/publicsafety](https://www.rcbc.edu/publicsafety) [https://www.rcsj.edu/security/gloucester/services](https://www.rcsj.edu/security/gloucester/services)

The Rowan University’s Department of Public Safety will only collect Clery Crime statistical data on Rowan University “space under university control” at these county colleges and will not provide immediate public safety services as outlined above. Rowan University may offer university courses in buildings at those host colleges, for Rowan students, conducted by Rowan faculty, with a Rowan administrator present on that campus, leading to a Rowan University degree. In those cases, Rowan University would be responsible to report Clery Act reportable crime incidents in only the space under the “university’s control” to include classrooms and space shared with the host institution. Rowan University is responsible for reporting crimes that occur in that specific space during those times. For reporting purposes this space would be designated as a “separate campus” under the Clery Act. Rowan University students at Rowan courses at these campuses, in space “under control” of Rowan University, considered separate campuses would follow the University policies, etc. as explained in this report.

Rowan University at Rowan College at Burlington County: For reporting purposes under the Clery Act criteria is designated is a “separate campus”. For immediate Public Safety services, please contact Public Safety at Rowan College at Burlington County if attending a Rowan University course on this campus (856) 222-9311, extension 2100, Mt. Laurel Police Department is the responding police agency-(856) 234-8300 or Call 911 if it is an emergency.

Rowan University at Rowan College South Jersey-Gloucester: For reporting purposes under the Clery Act criteria is designated as a “separate campus” for beginning in the 2019 reporting year. For immediate Public Safety services, please contact Public Safety at Rowan College South Jersey-Gloucester if attending a Rowan University course on this campus (856) 681-6287, on campus extension 4444, the responding police agencies are the Deptford Twp. Police Department-(856) 845-2220 and Gloucester County Sheriff’s Department (856) 415-2200 or Call 911 if it is an emergency.

Rowan School of Osteopathic Medicine -Sewell: Opened in April 2021, (a new expansion campus at Sewell, on the campus of Rowan College of South Jersey-Gloucester). Note: For reporting of 2022 crime statistics, Rowan School of Osteopathic Medicine –Sewell does meet the definition of a separate campus under the Clery Act criteria. For immediate Public Safety services, please contact Public Safety at Rowan College South Jersey-Gloucester (856) 681-6287 (M-F 7am-10:30pm & Sa 7am-4pm) on campus extension 4444, the responding police agencies are the Deptford Twp. Police Department (856) 845-2220 and Gloucester County Sheriff’s Department- (856) 415-2200 or Call 911 if it is an emergency.

Alerts at Rowan University at Rowan Colleges: Rowan University students attending (RU-RCBC and RU-RCSJ) should contact the RCBC and RCSJ Public Safety Departments and request access also to those specific institutions’ emergency notification system for alerts (timely warnings/emergency notifications) for those independent college campuses.
Department of Public Safety

Overview
The Rowan University Department of Public Safety provides proactive, community focused, professional services to all of the Rowan University campuses. Public Safety is comprised of University Police and Security officers who cover the Glassboro (Main and West) and Stratford campuses. University Security officers are only assigned to the Camden campuses. The Department consists of approximately 120 employees and 20 student workers across four service sections: University Police and Emergency Service, Security Service Patrols, Communications, Parking Service and Administration Support, to include Clery Act Compliance.

The University Police Department has achieved accreditation through the Commission on the Accreditation of Law Enforcement Agencies (CALEA https://www.calea.org/), which administers a rigorous accreditation process whereby law enforcement agencies must adhere to over 459 standards, codes and state-of-art practices. The police department was the first university in State of New Jersey to receive this prestigious recognition and one of a small group in the nation. In March, 2021, the department was reaccredited.

In July, 2021 the department was reaccredited, with the designation of excellence, “Accreditation as a Campus Public Safety Department” by the International Association of Campus Law Enforcement Administrators (IACLEA https://www.iaclea.org/). The standards of the IACLEA accreditation program are intended to reflect the best professional practices for campus public safety agencies. Rowan Public Safety officers were also the first in a university department in New Jersey to wear body cameras.

University Police Arrest Authority
Rowan University police have the authority to enforce State laws, local ordinances and University policies. University police are armed commissioned police officers with full arrest powers in New Jersey, on and off campus. They are graduates of New Jersey Police Academies and undergo continuing training to upgrade their skills and abilities. They provide police services to the university community and work with area police departments to provide a safe living and learning environment. The Campus Police section provides patrol, investigative, and crime prevention services. Our officers patrol the campus on foot, mountain bikes and cars equipped with computers and radio communication systems.

University Police Jurisdiction
Rowan University police patrol jurisdiction covers the following assigned campuses (Glassboro and West Campus/South Jersey Tech. Center and RowanSOM-Stratford). Campus Police Officers do have arrest powers outside of their campuses. University police not only patrol their assigned campuses but, also patrol roads that intersect, border and run through these campuses. On occasion University Police may be called upon through mutual aid to assist local communities. They may also respond into the surrounding community to assist local police with University related issues and for crime preventive patrols. According to Public Safety General Orders, Public Safety Security Officers have no arrest powers and patrol the specific campuses for which they are assigned. They can only temporary detain and must turn custody over to a police officer to effect a formal arrest. Public Safety Security Officers have authority to enforce University policies.

Rowan University Police do not patrol the following campuses
Camden Campuses: At Rowan University Camden Academic Building (RUCAB) and Cooper Medical School of Rowan University (CMSRU) the Camden County Police Department have police patrol jurisdiction. Camden County Sheriff’s Department respond to police calls at the CMSRU Parking Garage. Rowan University security (non-police) patrol these campuses and is responsible for security. **Law Enforcement Relationships with Other Agencies**

Rowan has a written Memorandum of Understanding with the Glassboro and Stratford Police Departments which governs the relationship between Rowan and those police departments. Currently, Rowan University does not have a Memorandum of Understanding with the Harrison Twp. and Mantua Twp. Police Departments and the Camden County Police and Camden County Sheriff’s Department at the Camden campuses. As pointed out, the Camden County Police Department has police patrol jurisdiction of the Camden campuses. “Mutual aid” agreements are involved with all police agencies. These agencies work closely together with the Rowan University Department of Public Safety, coordinating patrols, participating together on various criminal investigations, and sharing information. The Department also works cooperatively with the New Jersey State Police, Gloucester and Camden County Prosecutor’s Offices and related federal, state, county and municipal law enforcement agencies. Rowan University Police Department communicates with local law enforcement at the scene of incidents that occur in and around the campus areas. Annually, the Department of Public Safety collects, reviews and compiles crime statistics from local law enforcement agencies with jurisdiction within Rowan’s Clery geographic areas, for Clery Act reporting purposes.

**Monitoring and Reporting of Criminal Activity (Other Agencies)**

Currently, there are no officially recognized student organizations with non-campus housing facilities, buildings or property locations. Many students live off campus (not university housing) in the communities surrounding Rowan University. At Rowan there are no non-campus housing facilities owned, leased or operated by affiliated student organizations. Houses may be leased by individuals and groups of individuals as co-signors, but their organizations are not the leaseholder. Criminal activity in which students engage in off campus may be monitored by local police. Rowan Department of Public Safety works with these agencies and departments to share information and collect applicable criminal statistics and information for reporting and follow up purposes. These departments routinely communicate and share information with the Department of Public Safety, as well as the Dean of Students Office, regarding criminal activity in these surrounding areas. When assigned, Rowan University police officers may make preventive patrols in Glassboro to assist local police in areas generally frequented by students and related to the University. Annually, the Rowan University Public Safety collects, reviews, and compiles Clery crime statistics from local law enforcement agencies with jurisdiction at non-campus defined locations. This data is made part of this report and reported to the Department of Education as required by the Clery Act.

**Security Section**

Security is a staff of non-sworn officers who have authority to enforce University policies. Security Officers do not have arrest authority and are responsible for various functions for the campuses to which they are assigned. They are responsible for buildings and grounds security, special events planning, and parking control and enforcement. Security patrols provide services for the Glassboro, South Jersey Technology Park (West Campus), Cooper Medical School of Rowan University, Camden Campus, RowanSOM-Stratford and RowanSOM-Sewell. They also monitor the campus-wide emergency phones on the Glassboro and RowanSOM campuses. Rowan University Public Safety security officers (non-police) have patrol jurisdiction only on each respective campus which they are assigned. In addition, to the Bole Annex Main Office, on the Glassboro Campus, the Department of Public Safety also maintains offices at CMSRU, RUCAB and RowanSOM-Stratford.
Campus Safety and Emergency Services Section
The Safety Section is responsible for the 24-hour dispatch center, safety programs and education, HAZMAT response, alarm systems, and emergency operations. The Department of Public Safety Communications Center, located in Bole Annex, Glassboro Campus handles dispatching for all Rowan campuses, (except RU at RCBC and RCSJ as noted). The Communications Center was enhanced in 2020 with new equipment and extensive upgrades to better serve the growing campuses.

Investigations Section
The Rowan University Detective Bureau is staffed by specially trained police officers who are responsible for the investigation of all criminal acts reported to the Rowan University Department of Public Safety and on the University’s campuses. A detective is on call twenty-four hours a day, seven days a week in the event a major crime occurs on campus. The detectives conduct follow up investigations in an effort to detect and apprehend criminal offenders. In addition to their investigative duties, detectives maintain property and evidence, monitor the crime tip hotline, and provide information of the many resources offered by Rowan University. Detectives are trained in many areas such as Major Crime Investigation, Crime Scene processing and management, Intelligence Sharing, Gang Awareness, Bias Crime, Sexual Assault and Narcotics Investigations and Identification.

To provide any information that may assist in an investigation, please contact the anonymous crime tip line at (856) 256-7428. Please provide as much information as possible, such as crime date, time of incident, suspect’s name, and/or location. All information will be kept confidential.

Security and Access to Campus Facilities
During normal business hours, academic and administrative facilities are open (generally depending on the site, 7am–10pm) and accessible to the public. To promote personal safety and the protection of property, campus facilities are secured after business hours according to established schedules set by Public Safety and the department controlling the location. Entry into secured areas requires written approval from the controlling department head and notification to the Public Safety Department. Officers conduct routine patrols of academic and administrative facilities to monitor security related matters. All members of the University community should carry their Rowan identification cards with them at all times, as they may be requested to present them by a University official/administrator, public safety officer or staff members. Failure to do so may result in University disciplinary action.

Glassboro and West (South Jersey Technology Park) Campuses security and access controls include: The Department of Public Safety provides service to all campus residence and apartment complexes on a 24-hour basis. During the fall and spring terms, the Student Patrol program provides additional services to resident facilities and grounds during evening and night hours on the campus in Glassboro. Services include patrols to the housing complexes and personal safety walking escorts. These officers have the responsibility ensuring that exterior doors are kept locked and are not propped open. They do not enter individual rooms or apartments, except in the event of an emergency, a fire alarm, or when asked.

Campus residence facilities: (Only located on the Glassboro campus) are restricted to residents and invited guests. Accordingly, the exterior doors of residence halls are kept locked and residents must use their assigned key or card access to enter. Residents of apartment complexes are strongly encouraged to keep their exterior doors locked at all times. Anyone who is found attempting to override the security measures is subject to sanctions through the Student Conduct System. Residence halls have lights on the outside entrances and windows have locking devices. Some
residence halls have security screens on the ground level windows. The University utilizes cameras at locations for the safety and security of the campus community. Campus-wide emergency phones are available on the Glassboro (and RSOM campuses). Security and Campus Police are proactive in patrolling the campus and the surrounding perimeters to enhance security and safety on both the Glassboro and West (South Jersey Technology Park) Campuses.

**Maintenance of Campus Facilities**
The Department of Public Safety works closely with the Facilities Department at all campuses to maintain a safe environment and reports unsafe conditions to the department. Patrols are regularly conducted by Public Safety on all Rowan campuses, checking for security and safety concerns as explained previously in this section. University Police, Security and Student Patrol do report security related problems and concerns. Members of the university are encouraged to report lock problems, lighting problems, or other security concerns or unsafe conditions as soon as possible to Public Safety or Facilities depending on the problem.

**For Maintenance Emergencies:** Emergencies are situations described as causing threat to life or property such as leaks, power outages, unusual odors, no heat, broken windows, unsecured doors, etc. call Public Safety at (856) 256-4922 immediately. On the RowanSOM-Stratford campus: Call (856) 566-6032

**Reporting Criminal Activity and Emergencies**
Rowan University encourages all campus community members and guests to accurately and promptly report all crimes, suspicious activity, emergencies and other public safety related incidents directly to the Rowan Department of Public Safety, (except at Rowan College at Burlington County, Rowan College South Jersey and RowanSOM-Sewell). This is especially important if the victim of a crime elects not to, or is unable. This is also important for the purposes of assessing the incident for distributing a timely warning or emergency notification and for disclosure in the annual crime statistics. There may also be times when an incident may be reported to a Campus Security Authority.

**How to Report**
For Police, Fire or Medical Emergencies Call 911. The caller will be connected to the appropriate emergency response center in each county - Gloucester County and Camden County Communication Centers. The Rowan Public Safety Department Communications Center has a direct link to each County’s 911 Center and will be advised of the emergency. Criminal activity, emergencies and public safety problems on each campuses can be reported directly to Public Safety by any student, employee or visitor, 24 hours a day, by calling 911 directly. For non-emergency-general business, call (856) 256-4922 or the number for that specific campus.

The following exceptions are for Public Safety/Police Services at:

Rowan College at Burlington County: The contact at that campus is the Rowan College at Burlington County Public Safety and the Mt. Laurel Police Dept.

Rowan University at Rowan College South Jersey-Gloucester and Rowan SOM-Sewell: The contact at those campuses is the Rowan College South Jersey Public Safety, Deptford Twp. Police Dept. and Gloucester County Sheriff’s Dept.

Remember when reporting an incident include as much of the following information as possible, including, but not limited to:

Other Reporting Resources
Emergency Phones: The Glassboro and RowanSOM campuses have emergency phones placed at strategic locations throughout the campuses. For assistance-push the button, which will connect you to the Department of Public Safety Communication Center. Emergency Phone locations on the Glassboro Campus can be found at: https://sites.rowan.edu/publicsafety/_docs/blue-light.pdf

Police and Security Officers: Are on duty at all times, patrolling on foot or in public safety vehicles. Any campus public safety officer-security or police officer, emergency services personnel or administrator within the Department may be contacted to receive a report of criminal activity or emergencies.

Campus Security Authorities-CSAs: Certain circumstances may dictate that a victim or witness (students, faculty or staff, or visitor) make their initial report of a criminal offense to a designated Campus Security Authority or CSA. A designated campus security authority include, but is not limited to Title IX staff, directors, deans, department heads, Residential Learning and University Housing professional staff, members of Community Standards, advisors to student organizations, athletic coaches and local law enforcement agencies. For example a resident student may also inform their Community Assistant or Community Director on duty.

Upon becoming informed of a crime, Campus Security Authorities- CSAs are encouraged to accurately and promptly report this information to the attention of the Rowan University Police Department so that proper investigative action can be taken, statistical disclosures can be made and an accurate assessment of any potential ongoing threat to the University can be evaluated for potential distribution of a Timely Warning notice. CSAs should immediately report information to Public Safety via 911. In a delayed report to the CSA- reports may be made via the on line CSA Report process.

In person reporting to Public Safety: Reports can also be made in person at the Department of Public Safety offices located in Bole Annex at the Glassboro/Main Campus, University Educational Center building of the RowanSOM-Stratford, Security Offices at Cooper Medical School of Rowan University-CMSRU, (front desk lobby area) and at the Camden Academic Building-RUCAB, (front desk lobby area) and RowanSOM-Sewell (front desk lobby area).

Reporting Under the Good Samaritan Policy: Rowan University recognizes there are times when students or members of a University organization find themselves in a position where medical assistance is needed to ensure the proper care of a person who is significantly intoxicated, under the influence of drugs, or has been the victim of an assault. All students are expected to act first out of concern for themselves and others by contacting appropriate University personnel, i.e. a Resident Assistant (RA), Resident Director (RD), Residential Learning Coordinator, or Public Safety Officers to obtain emergency assistance. Under the Good Samaritan Policy, students and/or organizations that seek assistance from Public Safety or medical authorities to address a situation involving an individual who is significantly intoxicated, under the influence of drugs, or has been the victim of an assault will not be charged with a violation of the University's Alcohol and Other Drugs policy. The policy applies to both the individual who sought the assistance and the student who needed assistance if they are under the legal drinking age. (It does not apply to charges involving the sale or distribution of illegal substances). Resources such as the Office of Public Safety and Emergency Management, Residential Learning and University Housing, Student Health Services, Vice President of Student Life/Dean of Students and the Office of Student Affairs at Rowan SOM are available for students to seek assistance for themselves, and equally important, their fellow students. Good Samaritan Policy, SL: 2016:03, revised 8-20-21: https://confluence.rowan.edu/display/POLICY/Good+Samaritan+Policy
**Reporting Suspicious Activity:** The University, like any other community in our nation, is at risk of terrorism or other threats to life and property. Vigilance is a key protective measure that can help reduce risk. All members of the University community, when on and off campus, are urged to be attentive to their surroundings, notice suspicious behavior or circumstances and to report their observations to authorities.  

When noticing something that may be suspicious:  
- Place the observation into context. Is there a plausible explanation that would account for the activity observed?  
- Do not attempt to rationalize the suspicions.  
- Suspicious activities on campus should be reported to the Rowan University Police Department at (856) 256-4911. If the suspicious activity is in progress and poses an immediate threat, call 911.  
- Suspicious activities observed off campus should be reported to the appropriate municipal police department.  
  
Note: Contact may be made to the New Jersey State Office of Homeland Security & Preparedness (OHSP) for homeland security concerns in one of the following methods: [https://www.njhomelandsecurity.gov/](https://www.njhomelandsecurity.gov/)
- 24-hour, toll-free tip line: 866-4-SAFE-NJ (866-472-3365) or Call 211  
- E-mail: tips@njohsp.gov  

Remember when reporting suspicious behavior or circumstances, be prepared to include as much of the following information as possible:  
- Who? Describe who is involved in suspicious activity.  
- What? Describe the suspicious activity. Indicate if there is an immediate threat to persons nearby or to responding officers (such as an unattended package, an individual acting strangely, the presence of weapons, hazardous materials, etc.).  
- When? Indicate if the activity is in progress. Give the time(s) that the activities occurred.  
- Where? Give the location of the suspicious activity, and the location of the suspect(s).  
- Why? Indicate why the activity is suspicious. If known, tell what might be the target of the activity.  

Stay on the telephone until released by the dispatcher. Follow emergency instructions and if in a position of safety, maintain observation and report developments until the arrival of emergency response personnel.  

**Response to Reported Incidents:** Upon receiving a report, Public Safety will take the required action, either dispatching an officer or asking the victim to report to Public Safety to file an incident report. Arrests, if warranted, can be made by the Rowan University Police. Security officers can detain a suspected criminal under certain circumstances until police arrive. Reports of incidents are written and information may be shared with the Glassboro Police, Stratford Police and Camden County Police or other agencies. A Department supervisor who coordinates follow-up investigations reviews all reports. Reports of stolen property, with serial numbers are entered into the National Crime Information database in an effort to facilitate recovery. All reported incidents are written and information may be shared with the Glassboro Police, Stratford Police and Camden County Police or other agencies. A Department supervisor who coordinates follow-up investigations reviews all reports. Reports of stolen property, with serial numbers are entered into the National Crime Information database in an effort to facilitate recovery. All reported crimes will be investigated by the University and may become a matter of public record. Public Safety incident reports may be forwarded to the offices within the Division of Student Life, Office of Community Standards for review and for their potential action as appropriate. Public Safety investigators will investigate a report when it is deemed appropriate. If assistance is required from the local police or fire agency, Public Safety will contact the appropriate service. If a sexual assault or rape should occur, staff on the scene, including Public Safety, will offer the victim a wide variety of services.  

**Voluntary/Confidential Reporting:** Some individuals may wish to confidentially report a crime, ask a question, or explore what types of victim services that are available to them. Contact the communications center at (856) 256-4922 and advise the dispatcher of the desire to speak with a police officer confidentially. Crime Tip Hotline: 856-256-7428 (can be anonymous).  

A victim of a crime who does not want to pursue action within the criminal justice system or through Rowan University may still consider making a confidential report. The purpose of a confidential report is to comply with a victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of those involved and others. With such
information, the University can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

**Campus Security Authorities (CSA)**
CSAs are individuals or organizations associated with the University who are mandated reporters to the Department of Public Safety or designated University office for those reported allegations of Clery Act crimes which they receive in their capacity as a CSA. This is for inclusion into the annual disclosure of crime statistics. The Clery Act requires all institutions to collect crime reports from a variety of individuals and organizations that are considered to be “Campus Security Authorities” under the law.

**Campus Security Authorities how to report**
CSAs should report all crimes immediately and directly to the Rowan University Department of Public Safety. Call Public Safety or 911 immediately. If the crime is still happening or recently happened, or if the CSA becomes aware of a serious crime against persons or property. Especially if it may warrant a review for Timely Warnings or Emergency Notifications. If the crime brought to the CSA’s attention was a delayed report, Campus Security Authorities are provided a web link to a form to report crimes electronically to Rowan University Public Safety.
https://www.rowan.edu/webapps/csaform/index.html

In most cases it is possible for a CSA to fulfill their responsibilities while still maintaining victim confidentiality. Campus Security Authority reports are used by the University to compile statistics for Clery Act reporting and to help determine if there is a serious or continuing threat to the safety of the campus community that would require an alert (such as Timely Warning or Emergency Notification). However, those responsibilities can usually be met without disclosing personally identifying information. A CSA report does not need to automatically result in the initiation of a police or disciplinary investigation if the victim does not want to pursue this action.
Note: Residential Learning staff (CSAs) submit incident reports via the Office of Community Standards/Maxient Reporting System and Public Safety via DPS system are forwarded to the Clery Compliance Office for review.

**Who are Campus Security Authorities?** Campus Security Authority (CSA) is a Clery Act-specific term that encompasses four groups of individuals and organizations associated with an institution.
- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute the campus police department or campus security department.
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of the University who has significant responsibility for student and campus activities, including, but not limited to, student housing, campus judicial proceedings.
  - An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

**Some Examples of Campus Security Authorities (CSAs) at Rowan** include but are not limited to:
- Rowan University Police and Security Officers, Event Security Staff
- Deans
- Advisors
- Department Heads/Chairs/Directors
- Residential Learning and University Housing professional staff
- Student conduct (Office of Community Standards)
- Student Center or student extracurricular activities staff
- Director of Athletics, all athletic coaches (including part-time employees and graduate assistants)
- Faculty/Staff advisor to a student group
- Community Directors and Community Assistants
- Title IX Coordinator/Investigator
- Director of a campus health or counseling center (Wellness Center)
- Victim advocates or others who are responsible for providing victims with advocacy services, such as assisting with housing relocation, disciplinary action or court cases, etc.
- Members of a sexual assault response team or other sexual assault advocates
- Personnel whose job functions involve supervising student employees

Examples of individuals who would not meet the criteria for being Campus Security Authorities include:
- Faculty member who does not have any responsibility for student and campus activity beyond the classroom
- Clerical or cafeteria staff (not supervising student workers)

Campus “Pastoral Counselors” and Campus “Professional Counselors”
When acting as such, pastoral and professional counselors are not considered to be Campus Security Authorities (CSAs) and are not required to report crimes for inclusion into the annual disclosure of crime statistics. The pastoral or professional counselor exemption is intended to ensure that these individuals can provide appropriate counseling services without an obligation to report crimes they may learn about. This exemption is intended to protect the counselor-client relationship. However, even the legally recognized privileges acknowledge some exemptions, and there may be situations in which counselors are in fact under a legal obligation to report a crime. They are encouraged if and when they deem it appropriate to inform person being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual statistics. Counselors review all options for reporting the crime to appropriate authorities (for example: Public Safety, Clery Compliance, Student Equity & Compliance-Title IX) as well as confidentially reporting the crime for statistical purposes.

- Pastoral Counselor is defined as a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.
- Professional Counselor is defined as a person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of the counselor’s license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

CSAs are identified by the function of their position, through a semi-annual review process, involving audits being conducted by database reviews, University departments of their staff and notification of their position through notice from the Clery Compliance Office. The list of CSAs is maintained by the Clery Compliance Office. Training is provided to Campus Security Authorities (CSAs) through on line and in person presentations. The Department of Public Safety’s Clery Compliance Officer (856) 256-4562 or (856) 256-4922, can assist you with any questions.

Note: CSAs under the Clery Act are not the same as “Responsible Employees” under Title IX:
Title IX is the law requiring equal opportunity regardless of gender in the educational environment.
- Title IX requires that Rowan promptly redress allegations of sexual discrimination and harassment and the law requires that “Responsible Employees” promptly report acts of harassment and discrimination that come to their attention to the Office of Student Equity and Compliance for review by the Title IX Coordinator, (856) 256-5440.

A Responsible Employee is any employee (full-time, part-time or volunteer) who:
- has the authority to take action to redress sexual harassment;
- has the duty to report to appropriate school officials sexual harassment or any other student misconduct (i.e., plagiarism, alcohol/drug violations, or other student code of conduct violations); or students would reasonably believe has the aforementioned authority or responsibility.

There are circumstances where a person may be a Campus Security Authority and a Responsible Employee.
For further information and any questions regarding “Title IX-Responsible Employees”, please contact the Title IX Coordinator: [https://sites.rowan.edu/diversity-equity-inclusion/departments/osec/meet-the-staff.html](https://sites.rowan.edu/diversity-equity-inclusion/departments/osec/meet-the-staff.html)

### Reporting Requirements for University Student Trips and Non-Campus Academic Space Use

The Clery Act requires Rowan University to report publicly on any crimes that occur on University premises - a requirement that includes University rental properties and University sponsored trips to non-campus locations under certain circumstances. University personnel who are responsible for students on University sponsored trips (both domestic and international) are considered “Campus Security Authorities (“CSAs”) under the law and are legally obligated to report those crimes. These statistics are tracked through the information provided to the Clery Compliance Office and included in the Annual Security Report and provided to U.S. Department of Education for reporting purposes. The reporting forms and instructions can be found at: [https://sites.rowan.edu/publicsafety/clery/resources/clerytravelform.php](https://sites.rowan.edu/publicsafety/clery/resources/clerytravelform.php)

### “Whistleblower” Policy:

The University maintains an anonymous reporting service through an independent provider. Called the Integrity Hotline (or “Whistleblower Hotline”), reports can be given over the web or to a confidential telephone number; and the independent provider then provides electronic reports to University personnel for response. A confidential report of possible misconduct may be submitted via:

- Website: [http://rowan.edu/integrityline](http://rowan.edu/integrityline), [https://rowan.alertline.com/gcs/welcome](https://rowan.alertline.com/gcs/welcome)
- Telephone: (855) 431-9967

Rowan University is committed to ethical conduct in all of its operations. At the very minimum, all employees, contractors, representatives or agents are responsible to ensure that their activities on behalf of the University, and those of their colleagues, comply with all applicable federal and state laws and Rowan University policies. To that end, all employees have a responsibility and an affirmative duty to report actual or suspected wrongful conduct, and the University has a responsibility to make sure that they can do so without fear of retaliation or reprisal. All such reports that are filed in good faith shall be accepted, kept confidential to the extent possible in conformance with applicable laws, regulations and University policies and procedures, evaluated fairly and addressed promptly and appropriately. *Whistleblower Policy (“Reporting Compliance and Ethics Concerns”), ELO: 2014:01, revised. 1-8-21:*

Office of Emergency Management

The Office of Emergency Management coordinates all campus emergency planning, activities, mitigation, response, and recovery efforts. This includes the development, maintenance, and approval of an Emergency Operations Plan and all training, preparation, and development of an Executive Management Team (EMT) and the Emergency Operations Team (EOT). This department is also responsible for being the primary liaison between the University and other outside municipal, state and federal agencies related to, or directly responsible for, emergency management. The Office of Emergency Management develops and maintains the Emergency Operations Plan for the University, ensures regular tests of emergency management systems are conducted and makes sure the necessary emergency services, police and security services and other support personnel are available when requested.

Emergency Management Chain of Incident Command:

- The University President has the authority for the University's overall response to emergencies and incidents which may affect the University and its operations.
- The University President or his/her designees, in times of emergency or threat to the university community, may declare a campus emergency which may modify the University's or an individual campus' operational status as well as make available University resources and direct university operations to the incident. The size and scope of the emergency will be conveyed at the time of the declaration in accordance with the Emergency Operations Plan. Campus resources may be directed and made available to be utilized to prepare for the threat, to mitigate the incident and/or restore the University to an operational status.
- The Assistant Vice President of the Department of Public Safety and the Office of Emergency Management serves as the University's Emergency Management Coordinator, and as such, functions as the President's direct representative during public safety emergency operations. The Assistant Vice President of the Department of Public Safety and the Office of Emergency Management also has delegated authority to engage in mutual aid agreements and partnerships with responders and services to provide additional resources beyond the campus' capabilities to assist during an incident.
- The Office of Emergency Management Associate Director shall maintain, review, and ensure compliance of the Emergency Operations Plan. The Emergency Operations Center Annex Manager reports to the Associate Director of the Office of Emergency Management and provides assistance and support during any major, declared disaster or event, specifically if outside resources are required and requested.
- During an incident or heightened periods of increased risk, the Assistant Vice President of the Department of Public Safety and the Office of Emergency Management, in consultation with the Incident Commanders, Executive Management Team members, Emergency Operations Team members, and the President, if warranted, has the authority to take the necessary steps to maintain or restore normal university operations.
- Normal day-to-day public safety duties provided on the Rowan campuses shall be the responsibility of the respective departments, after consultation with the University President, and the Assistant Vice President of the Department of Public Safety and the Office of Emergency Management.

General Emergency/Evacuation Procedures
In the event of an emergency such as fire, explosion, hazardous materials/waste spill or leak, or personal injury accident, Call 911 and do the following:
- Provide name and telephone number.
- Describe the location of the emergency.
- Describe the situation (i.e. smell of smoke, fire, chemicals).
- If possible, describe what is burning (i.e. wastebasket, fume hood) or what has spilled (i.e. acid, solvents).
- Hang up the phone only after the emergency operator has disconnected.

If the emergency cannot be immediately contained:
- Initiate a fire alarm by activating the nearest Fire Alarm Box to start a building evacuation.
- Close the door of the room(s) involved while exiting.
- If possible, shut off all utilities into the room, but don’t waste time attempting to do so.

Individuals with Special Needs or Disabilities- Planning for Emergencies
Preparation is the key to success in dealing with an emergency. Follow these steps before an emergency occurs.
- Become familiar with important locations in each building, such as a primary and secondary exit routes, stairways, phones, elevators, etc.
- Identify someone who can help, should an emergency occur and discuss any specific needs with them so they can assist when, or if the time comes.
- If unable to speak or speak loudly, carry a whistle or other audible signals as a means of attracting attention in the case of emergency.
When Evacuating Individuals with Special Needs or Disabled:
- Do not use elevators—Individuals using wheelchairs should be moved or accompanied to a safe location.
- Notify emergency response personnel of their location and request rescue assistance as soon as possible.
- Guide those with special needs out of the building via the nearest emergency exit.
- When reaching safety, advise the individual of their location and stay with them if necessary.

Note: Except in life threatening situations, a person should only be carried by trained emergency response personnel.

Transportation Issues: If a disability requires special assistance, the Department of Public Safety (856) 256-4922 can help getting from any parking area on campus to a specific building; this includes disabilities that require wheelchairs.

Special Accommodation Request: If a disability that requires special, or unique accommodations call the Academic Success Center (856) 256-4234 to arrange those requests.

Hearing Impaired Access: The Rowan Department of Public Safety is outfitted to assist individuals who are hearing impaired with a Text Telephone system, or TTY.

General Building Emergency Evacuation
During an emergency, proper action saves lives. These basic steps pertain to students, faculty and staff on all University campuses.
- If there is a declared emergency, and occupants are ordered to evacuate a building, leave as directed.
- If the evacuation is a result of a fire alarm, or any declared emergency, the occupants must immediately exit the building. All doors should be closed. Use the nearest exit and do not use elevators. No re-entry is permitted until approved from the appropriate emergency personnel.
- Each building has posted an evacuation route to assist and direct occupants during an emergency.
- Stay at least 200 feet from the main entrance of the building where approaching emergency first responders and/or equipment will not be hindered. Upon arrival at the assembly point, a survey of staff members/students/visitors who are present should be conducted to determine if anyone failed to evacuate. If anyone is discovered to be missing, immediately report that information to the emergency personnel. For evacuation reference, please follow the Assembly Areas that have been designated for each building. https://sites.rowan.edu/publicsafety/_docs/2018-2019buildingassemblyareas.pdf
- Assembly areas area guide may at the discretion of emergency personnel be changed depending on the location of the emergency.
- If caught in smoke or heat, stay low where the air quality is better and attempt to reach a safe exit or area of refuge.
- Know the location of all exits in your building. All exits at the University are properly marked with illuminated EXIT signs.
- If unable to leave a room or office due to heat or heavy smoke in the hallway, or due to physical disability, call the Department of Public Safety and give an exact location so the emergency personnel can be directed to assist. If special assistance is required during an evacuation, advise Rowan Communications so they can respond accordingly.

Evacuating Campuses
In the event that the University in part, or whole must be evacuated, Rowan’s Emergency Management Coordinator would consult with the President of Rowan University and Executive Management Team regarding the circumstances that are causing the evacuation. The President would make the decision through consultation with senior leadership. In the absence of the President of the University, the Emergency Management Coordinator is authorized to order the evacuation. An evacuation, in part, or whole would vary depending on the nature of the incident or disaster.

The purpose of the campus-wide evacuation procedure is to disperse the University community away from the area in question and vacate the campus when ordered, or required to do so. Once the emergency or dangerous situation is confirmed, the University will immediately notify the University community of the immediate threat to the health or safety of students or employees, and begin the evacuation process. This procedure provides public safety officials a
methodical procedure to assist and direct vehicles and pedestrians in the fastest and safest manner during an emergency. Under a mandatory evacuation order it is the responsibility of the individual to self-evacuate using their own means of transportation; however, it does identify rally points at each campus for those who cannot immediately depart and may require further assistance. A campus-wide evacuation could vary depending on the nature of the incident or disaster. Once a decision has been made, a campus-wide evacuation would be a coordinated, methodical process that will be executed in stages, beginning with the area closest to the threat. A graduated evacuation minimizes panic, and avoids gridlock to campus roadway systems that are being used by responding emergency vehicles. If someone cannot immediately vacate the campus, buildings have been designated to temporarily hold pedestrians until arrangements can be made. The Department of Public Safety would notify, via the mass notification system, what facility would be opened during the emergency. For further details on Campus Evacuation refer to: https://sites.rowan.edu/publicsafety/emergencyservices/officeofemergency/emergency-action-guide/campusevacuation.html

In circumstances where an immediate campus evacuation may not be warranted, persons you will be notified of what action to take, via the established communication, such as the Rowan Alert, a uniformed responder, 911 dispatcher, supervisors, telephone, webpage, or an emergency radio broadcast.

**Lockdown**

Used for imminent threat of violence or personal harm and when it is more dangerous to evacuate the building or area. If aware of a potential or imminent threat of violence, immediately notify the Department of Public Safety. For further details on Lockdown Procedures refer to: https://sites.rowan.edu/publicsafety/emergencyservices/officeofemergency/emergency-action-guide/lockdown.html

**Post Incident**

Once an incident is over, police, fire or other appropriate Emergency Official(s) will return the building back over to the Facility Management. Management will then prepare for re-entry by announcing that it is safe and clear, or clear with conditions for re-occupancy. In coordination, Public Safety and building Management should communicate re-entry instructions. This can be facilitated by:

- Public Safety Personnel
- Building Facility Staff
- Door Monitors
- Rowan Mass Notification System (Rowan Advisory)

*Community members with special needs should be assisted by staff members as much as is reasonable and safe. If additional assistance is needed, consult with on-scene emergency responders.

**Sheltering In Place**

An emergency situation such as a hazardous materials release outside of building, major storm, terrorism incident, etc. may require students and employees to take shelter in their facility:

- Identify safe areas within the facility (preferably interior, windowless rooms) in which to take shelter when the threat is occurring outside of the building and the safest place is inside of the building. Ideally this occurs well before the need, i.e. do this today.
- In the event of hazardous materials incidents requiring sheltering in place, close exterior windows and turn off heating, ventilation, and air conditioning (HVAC) systems.
- Account for students and staff. Call the Department of Public Safety to report the names and location of those who are present.

Communications To Campus During an Emergency
Always call 911 if involved in or are witnessing an emergency. If the situation deems it necessary, Rowan University will update the university community via methods such as:
- Text-Message Alert System, Email, Voicemail, Rowan's homepage www.rowan.edu, Media (radio, television and newspapers), Group Meetings, Social Media

Active Shooter
If encountering someone who is behaving in a way that seems suspicious, such as trying to hide, enter unauthorized offices, or attempting to conceal a weapon, Call 911. Be prepared to provide their description and location. Take note of age, personal appearance, clothing, and weapon (if known). When law enforcement arrives, lay on the floor and keeping hands exposed. Do not approach, grab, point with fingers, shout at, or in any other way distract the law enforcement responders. Their priority at that time is to find and neutralize the shooter(s). If injured, remain still and quiet. Assistance will not usually be given until after the shooter is either captured or neutralized and the situation is resolved. Active Shooter Event Quick Reference Guide:
https://sites.rowan.edu/publicsafety/emergencyservices/officeofemergency/shooter.html

Intruder/Suspicious Person
If encountering someone who is behaving in a way that seems suspicious, such as trying to hide, enter unauthorized offices, or attempting to conceal a weapon, Call 911. Be prepared to provide their description and location. If an armed or threatening intruder enters a facility report it immediately and take protective actions. Rowan University maintains an open campus which creates unique challenges when encountered by unfamiliar or suspicious persons.

If an armed intruder is seen, leave the building immediately
- If unable to leave immediately lock all doors or move to a secure area and Call 911
- The alternate RU DPS phone number is (856) 256-4911.
- Remain calm; give an accurate description of the person or person(s). Note clothing, height, weight, gender, and any other descriptive information that is particular to the individual(s). Report the type of weapon (if known) and direction of travel or building entered.
- Turn off lights and all audio equipment.
- Stay out of the open areas and be as quiet as possible.
- Keep classroom or office secure until police arrive and provide further instructions.

If caught in an open or exposed area and it is not possible to get to a secure area or office, a course of action must be determined:
Run - Stay low and do not run in a straight line. Attempt to stay behind objects (trees, vehicles, trash cans, etc.) When away from immediate area of danger, summon help and warn others.

Hide - Look for a safe and secure hiding area. Once in place remain calm and alert. Stay hidden; await emergency personnel and follow their instructions.

Fight - If directly confronted by someone who is causing death or physical injury, the last option is to fight back. Work together with other trapped persons. This is extremely dangerous; however, depending on situation this could be the only option to survive.

Suspicious Package
A backpack, briefcase, lunchbox or other type of package left alone and unattended may be cause for suspicion, especially if left in a congested public area or near vital facilities or equipment, or in a filled parking lot. Call 911 from a safe area. Do not move, touch or approach the package, treat it as suspect, isolate it. Advise passersby to do the same.
### Bomb Threat

- Keep the caller on the line and attempt to obtain as much information as possible.
- Ask for the message to be repeated to confirm it. Write down all information received.
- If possible, record the message.
- Possible questions to ask the caller include:
  - When is the bomb going to explode?
  - Where is the bomb located?
  - What kind of bomb is it?
  - What does it look like?
  - Why was the bomb placed there?
- Listen closely to the voice and try to note characteristics (calm or excited), accents, age of caller and speech impediments. Try to obtain the caller's identity.
- Pay particular attention to background noises, which may give a clue as to the location of the caller.
- Report the threat immediately by calling 911.
  - Rowan Department of Public Safety (856) 256-4911
- Wait for instructions from emergency responders (e.g., Police Dispatchers, Police, Bomb Squad, etc.).
- Do not activate the fire alarm, unless instructed to do so by emergency responders.
- If found do not touch the suspicious package or use cellular near it.

### Workplace Violence

Rowan University Policy prohibits workplace violence. Specifically, the University will respond promptly to violence, threats of violence, harassment, intimidation, bullying or disruptive behavior of a threatening nature towards people or property. Individuals who violate this policy may be removed from Rowan property and are subject to disciplinary and/or personnel action up to, and including, termination and/or criminal prosecution. Workplace violence is defined as any actual or threatening behavior of a violent nature, as understood by a reasonable person, exhibited by faculty, staff, student employees, or others. Examples of workplace violence include, but are not limited to:

- Intentional physical contact for the purpose of causing harm (such as slapping, punching, striking, shoving, or otherwise physically attacking a person).
- Menacing or threatening behavior (such as throwing objects, waving fists, damaging property, stalking, or otherwise acting in an aggressive manner; or, using oral or written statements specifically intended to frighten, coerce, or cause distress) where such behavior would be interpreted by a reasonable person as being evidence of intent to cause physical harm to individuals or property.
- Possessing any firearm, imitation firearm, or any components which can readily be assembled into a firearm or other weapon, as defined by the Laws of New Jersey (NJSA 2C:39-6).

**Reporting Workplace Violence:** Complaints of prohibited behavior/harassment (i.e. intimidation, threats, bullying, threatening behavior) should be immediately reported to the Office of Employee Equity. Complaints of physical violence should be reported immediately to Rowan Public Safety.

**False Reports:** Employees who intentionally file false reports pertaining to workplace violence will be subject to penalties, up to, and including: disciplinary action, termination and criminal prosecution. Emergency Mass Notifications System
Quick and reliable communication is critical during a campus emergency. The Rowan Mass Notification System relies on a number of ways to communicate to students and employees, including email, voicemail, Internet, the media and social media. The best and fastest way to reach everyone is through their cell device. The University's mass notification system can send emergency text messages, warnings, and advisories. The Department of Public Safety and the Office of Emergency Management encourage the entire University community to register and periodically update personal contact information. Subscribers to the Rowan Mass Notification System will receive information about:
- Rowan Alert: used for University Emergency (Immediate) Notifications
- Timely Warnings: used for incidents that represent a serious or continuing threat/Clery Act offenses
- Rowan Advisory: used for non-emergencies, i.e., including campus/building closures, power outages, etc.
Note: These notifications and their process will be explained in detail in the next section of this report.

Any questions or concerns about the system, feel free to call: Technology Support Desk at (856) 256-4400
County and State Resources
The Gloucester and Camden County alert systems provide county-wide weather alerts and emergency information.

Overview Emergency Notification and Timely Warning
There are two types of notifications required under the Clery Act. They are Emergency Notifications and Timely Warnings. (Rowan also uses the Rowan Advisory which covers non-emergent notifications.) For incidents where only a segment of the University is to receive either an Emergency Notification or Rowan Advisory, it will be determined by the Rowan Department of Public Safety Supervisor or the Officer in Charge (OIC) who will receive the message. The process is explained further in the upcoming sections of this report.
Note: Timely Warnings are issued to the whole University. Emergency Notification normally emanates from the Department of Public Safety on the Glassboro Campus. For example:

Emergency Notifications
- Broader Focus—any significant emergency or dangerous situation
- For anywhere on campus
- Issued to entire campus or segment(s) depending on incident
- Alert immediately issued upon confirmation

Timely Warnings
- Narrower Focus—Clery Act crimes
- For Clery Act geographic area
- Issued to reach entire campus community
- Warning issued as soon as pertinent information is available

Emergency (Immediate) Notification
Rowan University will initiate and provide, without delay immediate notification to the appropriate segment(s) of the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, employees and visitors. An “immediate” threat as used here includes an imminent or impending threat. “Immediate” threat as used here includes an imminent or impending threat, such as an approaching brush fire, or a fire currently raging in one of our buildings. These are issued through the Department of Public Safety.

Emergency Notification Examples
Some examples of significant emergencies or dangerous situations are:
- outbreak of meningitis, norovirus or other serious illness;
- approaching hurricane or other extreme weather conditions;
- earthquake;
- gas leak;
- terrorist incident;
- armed intruder; active shooter
- bomb threat;
- civil unrest or rioting;
• explosion; and
• nearby chemical or hazardous waste spill

Examples of situations that would not necessitate an Emergency Notification under the Clery Act:
- Power outages, Snow closures, String of thefts (Issued as a “Rowan Advisory”)

Note: If an Emergency Notification is issued, there is no requirement to also issue a Timely Warning for the same circumstance.

All members of the Rowan University community are notified on an annual basis that they are required to notify the Department of Public Safety of any situation or incident on campus that involves a significant emergency or dangerous situation that involves an immediate (including imminent or impending) threat to the health and safety of students and/or employees on campus. Rowan University also has designated Campus Security Authorities (CSA’s) throughout the campuses who have the additional responsibility to report suspicious activity to Public Safety, specifically if it puts a student or the campus in danger.

The Emergency Notification Process
- Rowan Alert shall be used only by the Department of Public Safety, the Office of Emergency Management and University Relations upon confirmation for an immediate threat (as defined previously) to the health or safety of students or employees, (including imminent or impending) requiring an Emergency (Immediate) Notification.
- All Emergency Notifications using Rowan’s mass notification system, are prefaced with "Rowan Alert" to clearly identify the emergency message.

There are additional methods that could support the mass notification systems if needed, depending on the circumstances of the incident:
- Rowan Mass Notification System (Rowan Alert text messaging, voice, email, social media)
- Rowan University Webpage
- Verbal Announcement by Public Safety Officials
- Fire Alarm System to evacuate a building

In an Emergency Notification situation some or all of the systems may be used to immediately notify the campus community upon confirmation, that a dangerous situation or an emergency exist involving an immediate (imminent or impending), serious or ongoing threat to the health or safety of students or staff and when immediate action is required. If any of these systems fail, Rowan may use verbal communication or use of the public address system in Public Safety vehicles. The University will without delay, upon confirmation, taking into account the safety of the community, initiate the notification system, unless in the judgment of the authorities and first responders will compromise the efforts when providing aid victims, mitigate the emergency or hinder response efforts. Follow up messaging with significant updates will be sent using some or all of the systems previously listed as determined by Public Safety administration (except in fire alarms). Rowan University Public Safety personnel have an Emergency Operation Communications Plan and Emergency Notification Procedures that provide for the immediate notification of the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat (including imminent or impending) to the health or safety of students and/or staff.

An emergency or dangerous situation that requires the activation of the Emergency Notification System will be identified and confirmed by appropriate Public Safety administrative personnel prior to activating the system. As explained, an incident that occurs on the campus, or near the campus even if on public property, may require an Emergency (Immediate) Notification to the University community, according to the Clery Act.
- The on-duty Public Safety Supervisor or Officer in Charge (OIC) is responsible for notification to the Rowan community of any situation that may pose an immediate threat (including imminent or impending) to the campus community. A Public Safety Supervisor must issue the mass notification alert without delay (upon the confirmation
of the incident. This is coordinated under the supervisor’s or their designee’s direction, with the Rowan Public Safety Communications personnel, who have full access to the mass text alerting system.

- Emergency notification protocol is located at the Communications Center in the Tactical Dispatch Plan. There is guidance for messages for easy and quick access for personnel.
- Situations where there is an immediate threat (including imminent or impending) to the Rowan community administrative authorization/approval to issue the text alert is not required.
- Once the Immediate (emergency) notification text alert has been issued, notification is made to the following administrators:
  - Lieutenant of Police
  - Senior Director of the Department of Public Safety
  - The Assistant Vice President of Public Safety and Office of Emergency Management.

Confirming the Threat: For any crime or incident representing an immediate threat (includes imminent or impending) to the health or safety of students or employees of the University, the Department of Public Safety will confirm this threat, through the process of either visual observation, officer investigation, the assistance of key campus administrators, local or campus first responders, or official government reporting through agencies such as the National Weather Service. Public Safety has the responsibility to respond to those reports to determine if the situation does in fact pose an immediate threat (including imminent or impending) to the campus community and respond accordingly.

Once the Department of Public Safety confirms that there is an emergency or dangerous situation that poses an “immediate or imminent threat” to the health or safety of some or all of the Rowan community, the Department of Public Safety will determine the type of message, content of the message and initiate the mass notification systems described to warn the Rowan community, or the appropriate segment of the campus community if the threat is limited to a particular campus, building or segment of the population. The University will without delay, taking into account the safety of the community, initiate the notification system, unless in the judgment of the authorities and first responders will compromise the efforts when providing aid victims or hinder response efforts, or otherwise mitigate the emergency. Follow up messaging with significant updates will be sent using some or all of the systems listed above by Public Safety. In addition immediate threats affecting members of the University community that occur outside Rowan’s perimeter, the Department of Public Safety will alert the University community if the threat poses an immediate threat to one of the campuses, for example: Glassboro, Camden or Stratford.

DPS Communications Officer Responsibility: In most instances, the Rowan Text Alert will be the preferred method used to notify the Rowan Community. Emergency text notification protocol is located at the Communications Center in the Tactical Dispatch Plan. Pre scripted messages covering certain incidents are stored in the Rowan mass text alert system, for easy and quick access. Rowan OEM created the pre-scripted messages. Non-scripted messages are reviewed by a police supervisor, or Officer in Charge before message distribution. Messages will have to be modified based off the circumstances of the incident, i.e. location, description of perpetrators, etc. Protocol:

- Confirmation of incident/seek authorization from the shift OIC prior to issuing an alert
- Access the mass texting alert notification system
- Issue Emergency Notification alert

Receiving Information from Other Sources: Rowan University Department of Public Safety, Office of Emergency Management and University Relations may receive information to include but not limited to: other offices/departments on campus, Campus Security Authorities (CSA’s), local police, Gloucester or Camden County Prosecutors Office or any other law enforcement or government agency. Information could also be received from New Jersey Office of Emergency Management, FEMA, Environmental Health and Safety (EHS) or Facilities and Operations of an impending emergency affecting the university. If the Vice President of University Relations or their staff receive information from other sources about an incident on campus that may cause an immediate threat (includes imminent or impending) to the health or safety of the Rowan community, they are responsible for contacting the Department of Public Safety and advising them of the incident. If Public Safety has not been already advised, the incident must be confirmed and a description
obtained. This will assist with the emergency message content that may, or may not be issued depending on the urgency of the incident.

**Segmenting Message/Content/Delivery/Dissemination:** As outlined, in coordination with the DPS Communications Officer, the Police Supervisor, or OIC will determine the content of the message and will use some or all of the systems described to communicate the threat to the whole Rowan community or segmented to the appropriate campus. Considerations that may be used in segmenting the message for example to a specific campus/location area will include but not limited to: situational awareness of the incident, response, mitigation efforts and its impacts on location, people, operations and safety. A review of the information if needed on the incident will take place with the Senior Director of Public Safety or other authorized command staff member and a determination will be made whether the message should segmented or sent to the whole campus community. Including a continued assessment of the situation to determine if other segments of the University’s community may be notified if the situation warrants this action. This includes following the Clery Act criteria for a Timely Warning or Emergency Notification. Following this process, the message can also be segmented to a select part of that specific campus. If there is a segregated message for a campus, the Public Safety Dispatcher, when issuing the mass notification, can specify, or target a building in the body of the text message. For example: “Evacuate the Recreation Center on the Glassboro Campus due to a fire.”

As required by law, the Police Supervisor, or OIC, without delay, upon confirmation and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: A designated supervisor, Officer-in-Charge, and/or consultation with Fire and Emergency Medical Services) compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. As explained earlier, the various systems that the institution has in place for communicating information quickly to the Rowan community, depending on the circumstances and review of Public Safety supervision, include:

- Rowan Mass Notification System (Rowan Alert text messaging, voice, email, social media)
- Rowan University Webpage
- Verbal Announcement by Public Safety Officials
- Fire Alarm System to evacuate a building

In addition, Rowan Public Safety vehicles are equipped with Public Address Systems and these vehicles can be strategically placed throughout the campus to facilitate communication through the PA-public address system for direct communication if needed. Some or all of these methods of communication may be activated in the event of an immediate (including impending or imminent) threat to the Rowan campus community again depending on the circumstances of the incident and direction of Public Safety supervision.

**Dissemination of Information:** Anytime there is an incident on campus and immediate or emergency notification has been issued, it is the responsibility of the Rowan Department of Public Safety Shift Supervisor or Officer in Charge-OIC to notify the following:

- Local police jurisdictions, for example: Glassboro, Harrison Twp., Mantua Twp., Camden County or Stratford Police Departments, etc. County Communications Center, for example: Gloucester County Communications or Camden County Communications, etc.

**Administrative Coordination and Testing**

- The mass notification system is administratively coordinated through the Department of Public Safety. University Relations may supply message content. However, Public Safety issues Emergency Notifications and Timely Warnings and manages the mass notification system.
- Test(s) of the mass notification system, which broadcast warnings to the Rowan community, is at minimum, conducted annually. Generally, tested at the beginning of the Fall semester and are sometimes coordinated directly with our exercises.
**Notice to Members of the Larger Community:** The larger community members, such as neighbors and parents, who are interested in receiving notification information regarding emergencies on campus, can get that information by visiting the University webpage and/or national media. They now have the ability to opt into our alert system by texting RowanAlert to 226787.

To assist in getting information to the University’s surrounding communities, Rowan’s Department of Public Safety will notify local law enforcement, county and state law enforcement via police communications systems, telephone notification and in person, depending on the specific incident circumstances. The department through networking and information sharing works collaboratively with local authorities. Rowan Radio, WGLS-FM, the University’s on campus radio station is also available to provide information to the communities surrounding the Glassboro campus.

**Timely Warnings**

A Timely Warning will be released to the campus community for “Clery Act” reportable crimes on Rowan University’s “Clery Act” geography reported to Public Safety that are considered by the University, in the judgement of the Senior Director of Public Safety or other authorized command staff member (the decision may be made in consultation with the General Counsel), that “represents a serious or continuing threat or danger to the students and employees” of the University. Timely Warnings are issued through the Department of Public Safety. University Relations may supply message content. Timely Warning Notices may be written by the University Relations Office using a summary of the incident and other pertinent information provided by the Public Safety Officer in Charge through the Public Safety Administration and when needed, assisted by the University’s General Counsel’s Office. If the University Relations Office is unavailable, the Officer in Charge is authorized to write a Timely Warning Notice, in consultation with Administrators in Public Safety. The University Relations Office has primary responsibility for distribution of the TWN via the Rowan Mass Notification Alert system. If University Relations staff is unavailable, the Public Safety Officer in Charge will provide the Rowan Communication Center personnel with a final version of the TWN for distribution via the Rowan Mass Notification Alert system.

Note: Although the Clery Act does not define “timely,” the intent of a warning regarding a criminal incident(s) is to enable our university community to protect themselves. This means that a warning is issued as soon as pertinent information is available.

**Timely Warning Examples**

A Timely Warning is issued on a case by case basis and as soon as the pertinent information is available. Timely Warnings are typically issues for the following Uniformed Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) crime classifications For example, they are:

- Murder/Non-negligent manslaughter;
- Sex offenses (rape, fondling, incest, and statutory rape);
- Robbery;
- Aggravated assault;
- Burglary;
- Motor vehicle theft; and
- Major incidents of Arson,
- Or incidents if the crime represents a serious or continuing threat to the University

However, all Clery Act crime categories are assessed for potential distribution of a Timely Warning Notice, if they pose a serious or continuing threat to the campus community.

Additionally, any hate crimes involving bodily injury or any of the previously listed crimes, that represent a continuing threat to the university community require a Timely Warning. Any other crimes that represent a serious or continuing threat to the community may also have a Timely Warning issued for them and they will be assessed on a case-by-case
basis, depending on the facts of the case and the information known by the University and Department of Public Safety, including consideration for Non-Stranger Sexual Assaults.

For example: If an assault occurs between two students who have a disagreement, there may be no on-going threat to other Rowan University community members. As a result, a Timely Warning may not be distributed. In cases involving sexual assault, which are reported long after the incident occurred, there is no ability to distribute a “timely” warning notice to the community. Sex Offenses will be considered as explained, on a case by case basis depending on when and where the incident occurred, when it was reported, and the amount of information known by RUDPS. A warning is issued as soon as the pertinent information is available.

Rowan University is not required to provide a Timely Warning for non-Clery Act crimes, for crimes that are reported to have occurred off campus (outside of the Rowan Clery geography), or for crimes reported to a pastoral or professional counselor.

The Timely Warning Notification Process

A Timely Warning can be issued in many ways, including, but not limited to the following:

- Through the Rowan Mass Notification Alert system, (text messaging and email).

The intention of a Timely Warning is to aid in the prevention of similar crimes by enabling our university community to protect themselves. A Timely Warning notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

- Date and time or timeframe of the incident.
- Location of incident and a brief description of the incident.
- Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips).
- Suspect description(s) when deemed appropriate and if there is sufficient detail (see note below).
- Reminder to report crimes or concerns about potential crime to Rowan University Department of Public Safety.
- Rowan Public Safety contact information.
- Other information as deemed appropriate by the Senior Director, Assistant Vice President or Vice President of University Relations.

Note: The description of subjects in a case will only be included in the alert if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, that will not be included in the alert. Timely Warnings are issued in a manner to students and employees, that is timely and withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences.

Administrative Coordination and Testing

- The mass notification system is administratively coordinated through the Department of Public Safety. University Relations may supply message content. However, Public Safety issues Timely Warnings and Emergency Notifications; and manages the mass notification system.
- Test(s) of the mass notification system, which broadcast warnings to the Rowan community, is at minimum, conducted annually. Generally, tested at the beginning of Fall semester and sometime coordinated directly with our exercises.

Certain campus officials (Campus Security Authorities or CSAs) have a duty to report sexual misconduct for federal statistical reporting purposes. As explained prior, all personally identifiable information is kept confidential, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location (on or off-campus, in the surrounding area, etc.- with addresses withheld), for publication in the annual Campus Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime to ensure greater community safety. Victims of sexual misconduct should also be aware that University administrators must issue Timely Warnings for incidents reported to them that pose a serious or continuing threat of
bodily harm or danger to members of the University community to aid in the prevention of similar occurrences. The University will withhold the names and other personally identifiable information of victims as confidential, while still providing enough information for community members to make decisions related to their safety in light of the danger. The individuals required to report for Timely Warning purposes are exactly the same as detailed. In cases where the Senior Director of Public Safety is unsure if a Timely Warning is warranted, they shall consult with the Office of General Counsel to determine if Rowan University is complying with all applicable laws.

**Additional Advisory (Not Timely Warning/Emergency Notification)**

**Rowan Advisory**
This advisory covers all other events, etc. which do not fall under “Timely Warnings” and “Emergency Notifications” and involve only non-emergency situations that do not rise to the level of requiring a Timely Warning Notice or Emergency Notification. These messages are sent through the University's mass notification system, using the email feature, the Daily Announcer, or text messaging. Rowan Advisory messages are typically prefaced with "Rowan Advisory" to distinguish them.

Rowan Advisory (not Timely Warning/Emergency Notification) examples include but are not limited to:
- Power Outage,
- Traffic Advisory,
- Building Closures, etc.
Emergency Response/Preparedness Plans

Rowan Studies Its Emergency Preparedness Plans: Aspects of the plan are always being reviewed and updated as events and experiences test University policies and procedures. The latest plan was adopted by the Board of Trustees on September 13th, 2017. In 2021, all university plans and annexes were reviewed and updated accordingly. The University’s Emergency Plan is included. Upon completion, that plan will then be submitted to University Board of Trustees for processing.

Emergency Response Plan Review: The Rowan University Emergency Response Plan includes information regarding shelter-in-place and evacuation guidelines. The Rowan Department of Public Safety officers have received training in Incident Command and Rapid Response. General information about the emergency response evacuation procedures are posted at the beginning of the Fall Semester and coordinated with a test of our mass notification test, available on the Rowan University Emergency Management websites:

- Fire Safety: [https://sites.rowan.edu/publicsafety/emergencyservices/firesafety.html](https://sites.rowan.edu/publicsafety/emergencyservices/firesafety.html)
- Emergency Preparedness: [https://sites.rowan.edu/publicsafety/emergencyservices/officeofemergency/index.html](https://sites.rowan.edu/publicsafety/emergencyservices/officeofemergency/index.html)

The Emergency Operations Team reviews and updates the Emergency Response Plan periodically. The committee will seek feedback as it introduces new policies and procedures when necessary. To offer any thoughts on Rowan's plans, feel free to call Rowan University Office of Emergency Management at (856) 256-4922.

Emergency Response Plan: Emergency response planners and Annex Managers regularly meet to update a comprehensive Emergency Management Operations Plan. This plan provides response protocols on how to and who should respond in a variety of emergency situations, including, but not limited to:

- Active Shooter
- Sexual Assault
- Aggravated Assault
- Terrorist threats (gunman, hostage)
- Bomb threat
- Campus/building closing (weather, utility failure, hazardous material spill, etc.)

The Emergency Plan may be viewed by scheduling an appointment with the Office of Emergency Management. The emergency plan is not posted on the webpage however; general emergency procedures can be found at [www.rowan.edu/emergency](http://www.rowan.edu/emergency)

Emergency Response Team: A core group of University employees regularly review and participate in emergency planning exercises. Depending on the level of emergency, personnel from the following areas are trained to respond:

- Public Safety
- President’s Office/Cabinet
- Student Affairs/Residential Learning and University Housing
- Counseling and Psychological Services
- Student Health Center
- Facilities and Operations (Administration and Finance)

Responding to an Emergency: If there is an emergency or disaster reported to the Rowan University Communications Center, Rowan Public Safety will be immediately dispatched to investigate. Rowan Police will also be dispatched to investigate on the campuses they patrol. Public Safety is normally the first to arrive, evaluate, and assess the scene. Once the emergency is confirmed the officer determines if additional resources may be needed to mitigate the emergency. If resources are needed the officer in charge (OIC) will notify the Senior Director of the Department of Public Safety and make the request for support. If the emergency is of a magnitude, that disrupts any, or all functions of the University, the Director, in turn, will notify the President's Office and advise them of the circumstances surrounding the
emergency. If necessary, the Director will have the Communications Center initiate emergency communications to the University community.

As explained earlier, in an emergency notification, if there is an immediate (imminent or impending) threat, the officer in charge has the authority to immediately notify the community without consulting the Director or the President’s office. The emergency notification after confirmation, must be delivered without delay. Health and Safety are the most important determinant factors when evaluating a threat and initiating an emergency message. The Department of Public Safety generally issues a text alert with emergency messaging and safety instructions. Although this is the fastest way for Public Safety to reach the community, University Relations has the ability to initiate other methods to support the notification process. Rowan responders will work to provide assistance and guidance on how to work in a higher education environment for outside responders. Rowan will hold a series of information sessions and post updates throughout and after an emergency. This will be followed up with a thorough after action review of the incident.

Emergency Response Team and Communication Protocol: As outlined, in the event of an emergency incident, Rowan police or security officers respond to the scene. Once the officers assess the situation, they will notify Rowan's dispatcher who will then notify the Supervisor or Officer in Charge. If needed notification is made to the Senior Director of Public Safety and other needed personnel. The Senior Director/Asst. Vice President DPS/OEM, in turn, will notify the President's Office, which will begin relaying information to a team of responders and to the University community. There are situations that the Senior Director of Public Safety will have the discretion to contact the University community without consulting the President or the Emergency Response Team. The public's safety is the single most important determining factor in influencing which communication protocol is chosen. The Counseling and Psychological Services oversees the training and mobilization of the Stress Management and Response Team, a group of nationally certified counselors—Rowan staff and faculty—who can provide services night or day.

Emergency Exercises/Drills/Testing: In conjunction with other emergency agencies, the University conducts numerous emergency response tests each year, to include table top and field exercises. (Test is defined as regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities). The University’s Office of Emergency Management (OEM) in cooperation with the Department of Public Safety (DPS), will determine the type of exercises, which are timely and relevant to incidents which could impact the campus and designed not only to educate and train but also to assess and evaluate capabilities of emergency plans, protocols and policies. Record keeping and documentation is conducted by the Office of Emergency Management. Each test is documented and includes a description of the exercise, the date and time of the exercise, and whether it was announced or unannounced. Annual testing of the Emergency Notification System is also conducted. These tests are designed to assess and evaluate the emergency response plans and capabilities of the institution. The tests are reviewed in an after action report which highlights the noteworthy and/or deficient performances of the participants. These tests may be announced or unannounced. The campus annually publicizes the emergency response and evacuation procedures via email, at the beginning of the Fall semester, in conjunction with a test of the Rowan Mass Notification System, which meets all the requirements of the Higher Education Opportunity Act.

The following exercises were conducted during academic year 2021-2022, by the Rowan Department of Public Safety and Office of Emergency Management. They provide examples of the frequency and content of the exercises/drills conducted annually.
- Wellness Center Facilitated Discussion Exercise – Staff response to scenarios (July 2021)
- Sheltering Training Exercise – Tabletop along with NJ Department of Human Services and ARC (July 2021)
- Military Appreciation Helicopter Exercise (November 2021)
- University Community Active Shooter Training (April 2022)
- Rowan Medicine Sewell Campus Building Safety and Training Exercise (June 2022)
- Active Shooter Training and Scenario Response Exercise for University Wellness Center (August 2022)
Important Policies and Procedures

Policy Regarding Use of Alcohol/Drugs/Substance Abuse/Weapons

Alcohol and Other Drugs Policy, SL: 2016:02, revised. 8-1-21:
https://confluence.rowan.edu/display/POLICY/Alcohol+and+Other+Drugs+Policy

Overview

- Rowan University is committed to the pursuit of a quality education by providing an environment which promotes respect, safety, and optimal health and well-being to all members of the campus community. This includes students, faculty, staff, administration, alumni, and Rowan University guests. Alcohol and illicit drug use can pose many safety and health risks. Such use may result in impaired judgment and coordination, physical and psychological dependence, damage to vital organs, inability to learn and retain information, psychosis and severe anxiety, unwanted or unprotected sex, injury, and death. In light of this, the Rowan University Alcohol and Other Drugs Policy prohibits all use of illegal drugs and only permits the consumption of alcoholic beverages in a manner that is responsible and adheres to restrictions imposed by law and University standards of conduct. Rowan University does not accept misuse of illicit drugs or alcoholic beverages as an excuse for violations of any University policies. Emphasis is placed on responsible and legal use of alcohol. Responsible drinking is the use of alcohol in ways that do not have negative effects on either the individual or the community and do not violate the law. The preparation, sale, service, and consumption of alcoholic beverages must comply with the limitations established by University policies, local ordinances, state laws, and federal laws. As an institution of higher education and an employer, Rowan University is obligated to abide by and enforce provisions in the Drug-Free Workplace Act of 1988 and Drug-Free Schools and Communities Act.

- Behavior at off-campus events, which are not sponsored or funded by Rowan University or a University recognized organization, will be subject to the University discipline system if the conduct violates local, state, or federal law or when the University determines that the conduct has a direct impact on the educational mission and interests of the University and/or the safety and welfare of the University community.

- Violations will result in disciplinary sanctions as specified in sections entitled "Consequences for Non-Compliance" and "Parental Notification for Student Violations of the Alcohol and Other Drugs Policy."

Rowan University Regulations

- In compliance with the Drug Free Schools and Communities Act and the Drug-free Workplace Act, Rowan University prohibits the unlawful possession, sale, use, or distribution of alcohol and illicit drugs on campus or as part of any of its sponsored events.

- In addition to the legal requirements from the New Jersey Statute, Title 2C, the following University regulations must be observed whenever alcoholic beverages are served, sold, or consumed in approved facilities on campus, in University-owned or operated residential facilities, or at university sponsored events. The office of the Vice President of Student Life/Dean of Students has been charged with overall responsibility to administer, support, and enforce the Alcohol and Other Drugs Policy. This office also reserves the right to suspend alcohol privileges temporarily when it is in the best interest of the University community. Additional personnel involved in the administration, support, and/or enforcement of the policy include, but are not limited to, Greek Affairs, Community Standards, Athletics, Student Affairs, Residential Learning and University Housing, Public Safety, Dining Services, Faculty, Staff, Human Resources, and Counseling and Psychological Services. The Vice President of Student Life/Dean of Students may convene an ad hoc board to review policy details of process and educational approach.

Illegal Drugs

- The University has a long-standing policy against illegal drug use on campus and within the University community, and that policy does not change with New Jersey’s adoption of the New Jersey Cannabis Regulatory, Enforcement Assistance, and Marketplace Modernization Act. Rowan is subject to the Controlled Substances Act, which classifies marijuana as a Schedule I drug. Accordingly, the use, possession, cultivation, or sale of marijuana violates federal policy. Importantly, Federal grants are subject to Rowan’s compliance with the Drug Free Schools and Communities Act, and the Drug Free Workplace Act, which also prohibit the university from allowing any form of marijuana use on campus.

- The intent of, actual distribution of, sale of or manufacturing of drugs, narcotics, barbiturates, hallucinogens, marijuana, steroids, amphetamines, or any other controlled substance is prohibited.
The possession or use of controlled dangerous substances, marijuana, steroids, or narcotics, including, but not limited to: opium (morphine, codeine, heroin), prescription drugs in possession of someone other than the prescribed individual, misuse of prescribed drugs, and every other substance not chemically distinguishable from them (i.e. imitation products, such as bath salts and/or K2) as well as any drug paraphernalia, on campus or in any University-related premises is prohibited.

**Medical Marijuana**
- Medical marijuana, while legally permitted in New Jersey under the “New Jersey Compassionate Use Medical Marijuana Act,” is prohibited on Rowan campuses.
- Rowan is subject to the Controlled Substances Act, which classifies marijuana as a Schedule I drug. Accordingly, the use, possession, cultivation, or sale of marijuana violates federal policy. Importantly, Federal grants are subject to Rowan’s compliance with the Drug Free Schools and Communities Act, and the Drug Free Workplace Act, which also prohibit the university from allowing any form of marijuana use on campus.
- Thus, although students, staff, and faculty who legally obtain a medical marijuana “ID card” from the New Jersey Department of Health and Senior Services are allowed to possess and consume certain quantities of marijuana, doing so is not permitted on Rowan’s property or at university sponsored events (either on or off campus). Sharing medical marijuana with individuals who do not have a medical marijuana prescription is prohibited.
- Given that the use and/or possession of medical marijuana is prohibited on Rowan property, any student, staff or faculty member who legally obtains a medical marijuana ID card should contact the Academic Success Center – Disability Resources (students) or the Office of Employee Equity and Labor Relations (staff/faculty) to discuss any possible on-campus accommodations (excluding the ability to use or possess medical marijuana on Rowan property).

**Alcohol at Campus Events**
- Rowan University students, faculty, staff, guests, and facilities users, who are 21 years and older, may only possess, purchase, and consume alcoholic beverages at locations which are licensed to sell alcohol or where consuming it is legal and authorized.
- The University and/or management of the facility in use have the right to request identification and proof of age from all persons seeking admission to an event on campus at which alcohol will be served.
- Intoxication is prohibited, regardless of age. Behavioral symptoms frequently associated with intoxication will be considered in determining intoxication. These symptoms may include, but are not limited to, the following: impaired motor skill coordination, difficulty communicating, vomiting, glazed/red eyes, the smell of alcohol on one’s breath, verbal and/or physical aggressiveness, destructive and/or disruptive behavior, and engaging in any behavior which may endanger oneself or others.
- Carrying open containers of alcohol is strictly forbidden in public areas of the University, i.e. academic buildings, the Chamberlain Student Center, parking lots, and common grounds, regardless of age.
- Any marketing, advertising, and promotion of alcoholic beverages on campus is prohibited. All advertisements for social events at which alcohol is served will not make reference to the amount of alcohol available. There will be no publicity distributed or posted indicating the availability of alcoholic beverages, except to indicate legal age requirements for admission.
- Non-alcoholic beverages must also be served whenever alcohol is served/sold, and must be displayed as openly as the alcohol. Food must be served in adequate amounts when alcoholic beverages are served or sold.
- Except in authorized designated areas, alcohol is strictly prohibited in athletic facilities, at athletic events and at any "tailgating."
- No event will include any kind of a "drinking contest" or "drinking game," or feature any inducements to consume excessive amounts of alcohol.
- For a listing of consequences for non-compliance, please refer to Sections VI. – "Consequences for Non-Compliance" and VII. – "Parental Notification for Student Violations of the Alcohol and Other Drugs Policy.

**Alcohol in University Housing (Living Units)**

**Designated "Dry" Living Units**
- Alcohol is not permitted within undergraduate living units serving predominately underage students (Chestnut, Evergreen, Holly Pointe Commons, Magnolia, Mimosa, Mullica, or Willow halls- excluding graduate and
professional staff living units). These areas are designated "dry" living units. No one, regardless of age, is permitted to possess, consume or be in the presence of alcohol in these areas.

- All other living areas (Edgewood Park, International House, Nexus Apartments, Rowan Blvd., Triad, Townhouses, Whitney Center or any temporary University housing such as a hotel) in which any assigned resident is under the age of twenty-one is a designated "dry" living unit. No one, regardless of age, is permitted to possess, consume or be in the presence of alcohol in these areas. It is the responsibility of each resident to know if alcohol is permitted within their living unit.

"Wet" Living Units

- Alcohol is permitted only in living units in which all assigned residents are of legal drinking age. These are considered "wet" living units. It is the responsibility of each resident to know if alcohol is permitted within their living unit.
- Presence in any living unit (room, apartment or townhouse) where an alcohol policy violation is taking place, even if not actually in possession of or consuming alcoholic beverages may result in disciplinary action.
- Residents holding a gathering in their living unit where an alcohol violation is taking place will be considered the hosts. Hosts may be held responsible for injury or damage occurring to any person or property in which the consumption of alcohol was a contributing factor. Hosts will be subject to disciplinary action and may receive harsher sanctions.
- At the time of an alcohol violation, all alcohol and containers will be confiscated and properly disposed of regardless of the age of the occupant(s) or the designation of the living unit as "wet" or "dry."
- Kegs and beer balls are prohibited in all living units at all times.
- Possession of grain alcohol is prohibited at all times.
- Students of legal drinking age may transport an alcoholic beverage as long as it is in its original closed container.
- Consumption of any form of alcohol in an open container, including but not limited to cups, cans, plastic containers, or bottles, is prohibited outside a student's living unit and/or any outside campus area.
- Games or activities that encourage excessive drinking of alcohol (e.g. beer pong, flip cup, beer funnels, etc.) or the serving of alcohol that leads to the endangerment of an individual's wellbeing or property damage will not be tolerated.
- Consumption of alcohol to the point of intoxication, regardless of age, is prohibited. Behavioral symptoms frequently associated with intoxication will be considered in determining intoxication. These symptoms may include, but are not limited to, the following: impaired motor skill coordination, difficulty communicating, vomiting, glazed/red eyes, the smell of alcohol on one's breath, verbal and/or physical aggressiveness, destructive and/or disruptive behavior, and engaging in any behavior that may endanger oneself or others. A person in this condition may be asked to leave the campus. If the person is a student, the student's family or emergency contact may be called to assist. Other guests may have a taxi/ride called (at the intoxicated person's expense) to take them to their permanent residence.
- Alcoholic beverage containers and paraphernalia, including but not limited to empty cans and bottles, are not permitted as room decorations in any living unit.

Alcohol in University Housing Regulations state

Persons under the age of twenty-one MAY NOT:

- Be in possession of or in the presence of alcohol in any living unit.
- Permit persons to bring in or consume alcohol in their living unit.
- Carry opened or unopened alcoholic beverage containers any place on campus.
- Provide alcohol to any persons on campus.
- Possess alcohol displays made up of empty alcoholic beverage containers.

Persons twenty-one and older MAY NOT:

- Consume alcohol outside of a living unit (lobby, hallways, stairwells, grounds, etc.).
- Possess/Consume alcohol in a "dry" living unit.
- Permit underage persons to possess or be in the presence of alcohol in their living unit.
- Provide alcohol to others under the age of twenty-one.
• Charge in any way for alcohol consumption by others.
• Possess kegs, beer balls, or paraphernalia that promotes excessive consumption of alcohol.
• Possess alcohol displays made up of empty alcoholic beverage containers.

Persons twenty-one and older MAY:
• Possess/Consume alcohol in their living unit if it is designated "wet" and all those present are of legal drinking age.
• Possess/Consume alcohol in another living unit if it is designated "wet" and all those present are of legal drinking age.
• Transport unopened alcoholic beverage containers within University housing areas that are packaged and out of plain view.
• Provide alcohol in their living unit to others of legal drinking age.

• Persons who are present, within University housing, where alcohol is being consumed by those over or under the legal drinking age will be presumed to have been drinking or in possession of alcohol if Public Safety, RAs, RDs, or other University officials are called to the scene. This is because it is not possible to distinguish who is actually consuming or possessing alcohol on an individual basis where a number of persons are present.

Off-Campus Events
• University-affiliated events are covered by this policy, even though they may take place off campus. A University affiliated event is defined as an off-campus gathering of members of the Rowan University community (and/or their guests) which is sponsored or funded in whole or in part by Rowan University. This includes Study Abroad, field trips and professional meetings attended by employees. Private off-campus events which are not sponsored or funded by Rowan University will also be subject to the University discipline system if the conduct violates University regulations or local, state, or federal law, or when the University determines that the conduct has a direct impact on the educational mission and interests of the University and/or the safety and welfare of the University community. Please be aware that the University reserves the right to hold a student responsible for actions at their residence even if they were not present at the time of the incident. In such a case, the student would be required to produce confirming evidence that s/he was not involved.
• Sponsors, coaches, and/or organization advisers are expected to ensure that their respective student organizations/groups take reasonable precautions in their activities in order that policies and laws governing alcohol/illegal drugs are not violated and that the welfare of their members is not endangered. The Vice President of Student Life/Dean of Students in conjunction with the sponsors, advisers, or coaches may designate an event as non-alcoholic and/or determine the conditions under which the consumption of alcohol may be permitted by students of legal drinking age. Therefore, a sponsor, adviser, or coach may prohibit the service, possession, or consumption of alcohol by any person, regardless of age, at University-affiliated or University-funded activities (e.g., retreats, conferences, intercollegiate athletic events, etc.). Sponsors, advisers, or coaches will inform the student organizations of their decision(s) regarding the nature of the event prior to the scheduled date of the activity.
• The University expects that the existing state, local, or premises regulations which prohibit illegal drugs or regulate the service, sale, possession, or consumption of alcohol will be supported and enforced at University-sponsored events.
• Under New Jersey Statute, it is unlawful for any operator or passenger in a motor vehicle to possess an open container of an alcoholic beverage, regardless of age. In addition, the University prohibits the service, sale, or consumption of alcoholic beverages while in transit in any motor vehicle, to or from any University-affiliated event. This applies to all students, faculty, staff, alumni, and their guests, regardless of legal drinking age.
• Alcoholic beverages will not be permitted at intercollegiate athletic events.

Parental notification for student violations of the Alcohol and Other Drugs Policy
• Rowan University’s Alcohol and Other Drugs Policy outlines the University's position regarding the unauthorized possession, use, or distribution of alcohol and controlled substances on campus. A 1998 amendment to The Family Education Rights and Privacy Act of 1974 authorizes higher education institutions to inform a parent or guardian of any student under age 21, who has been found in violation of any federal, state, or local law or any rule or policy of the institution governing the use or possession of alcohol or controlled substances. The Office of Community
Standards may notify parents/guardians of students under 21 years of age when a student is found responsible for a violation of the Alcohol and Other Drugs Policy. Please note: Citations given by the law enforcement unit of a university are not covered by FERPA. Therefore, Rowan Public Safety may notify parents/legal guardians when citations have been issued by law enforcement officials, without waiting for a hearing or any other due process.

Note: Consequences for Non-Compliance in detail, with the policy along with the following attachments to the policy: Alcohol and Other Drugs Policy, SL: 2016:02, revised 8-1-21, can be found at: https://confluence.rowan.edu/display/POLICY/Alcohol+and+Other+Drugs+Policy

Attachment 4 – Commonly Abused Drugs
Attachment 5 - Education and Prevention - Important Telephone Numbers
Attachment 6 - Biennial Review of Policy and the Alcohol and Drugs Education Program

It is the policy of Rowan University to prohibit the unlawful possession, use and sale of alcoholic beverage and illegal drugs. Rowan University Police officers enforce Federal, New Jersey State laws and local ordinances regulating underage drinking and the use, sale or possession of alcohol, controlled substances, and weapons. Violations of any of these laws may be processed both through the campus discipline system and the Municipal Court System in Glassboro, Camden, Mantua Township, Harrison Township or Stratford. The Glassboro, Camden County, Stratford, Harrison Twp. and Mantua Twp. Police Departments along with the Rowan Public Safety Department may sign municipal complaints against any person, regardless of age, carrying an open container of an alcoholic beverage in public areas on any Rowan University campus. See Attachment: Summary of Applicable State and Local Laws Regarding Alcohol Offenses and Penalties, outlined above.

Laws Regarding Alcohol Offenses and Penalties: New Jersey state law prohibited the sale, possession, or consumption of alcohol by individuals under 21 years of age. Rowan University is a public institution governed by Federal, State, and local laws, and by University policies and procedures. The University complies with municipal and other law enforcement authorities in enforcing these laws. Students over 21 who live in campus apartments should refer to the University’s alcohol policy. As previously explained, with unauthorized alcohol possession or consumption, municipal complaints may be lodged against suspected violators of the drug laws. Violators will also be subject to the University’s discipline system. Drug and alcohol abuse counseling is available through the Wellness Center.

Drug Free Schools and Communities Act (DFSCA) / Drug and Alcohol Abuse Prevention Program (DAAPP)

As explained in the previous section of this report, this information can be accessed within the Alcohol and Other Drugs Policy https://confluence.rowan.edu/display/POLICY/Alcohol+and+Other+Drugs+Policy and applies to all Rowan University students regardless of location, campus or academic program. The policy on alcohol and other drugs is included, along with related information on the sanctions for violation of these policies; on criminal penalties for the illegal possession or distribution of drugs and alcohol; on health risks of drugs and alcohol; and on places to get help concerning the illicit use and abuse of alcohol and drugs. An example of the drug and alcohol abuse programs required under the DFSCA the University uses to comply with the Act include counseling, education (outlined earlier), consultation and prevention programs. This is further outlined in the DFSCA Biennial Review Report. Contact Health and Wellness for information on obtaining copies of this report at (856) 256-4333.
Biennial Review of Policy and the Alcohol and Drugs Education Program

Alcohol and Other Drugs Policy, SL: 2016:02, revised. 8-1-21. A notification regarding the availability of this policy will be distributed, via the Rowan email system, annually to each employee and student who is taking one or more classes for any type of academic credit except for continuing education units, regardless of the length of the student’s program of study. Rowan University will conduct a biennial review of this policy and Alcohol and Other Drug Education programs to determine their effectiveness and implement changes to the policy if they are needed and to ensure that the disciplinary sanctions are consistently enforced. A committee of faculty, staff, and students will review the policy and programs in consultation with Student Affairs and the Office of Human Resources.

Missing Student/Persons Procedure

Overview

If a member of the University community, including campus officials, has reason to believe that a student (living in On-Campus Student Housing or living Off-Campus) is missing, he or she should immediately notify the Rowan Department of Public Safety at 911, (856) 256-4911 or 4922. University community member, Residential Learning and University Housing report all missing persons to the University’s Department of Public Safety.

Missing Student Contact Person

• All students, whether living in On-Campus Student Housing or not, are provided with the opportunity and means to identify a “missing student contact person” to be used in the event the student is reported missing. Missing student contact information will be registered confidentially and will be accessible only to authorized University officials, and may not be disclosed except to law enforcement personnel in furtherance of a missing person investigation.
• In accordance with the procedures established within this policy, within 24 hours after a student living in On-Campus Student Housing or living off-campus has been reported missing and the student is not known to have returned to the University or otherwise been located, the VP or his/her designee will notify the individual the student has designated as his/her missing student contact person. If the missing student is under 18 years of age and not an emancipated individual, the VP or his/her designee will also notify the student’s custodial parent(s) or guardian.
• Students will be notified annually that they have the option to confidentially designate an individual to be contacted by the University administration no later than 24 hours after the time that it is determined the student is missing. The University provides each student with the means and opportunity to register their confidential missing student contact person’s information. This confidential missing student contact can be any adult person. This option is provided to students even if a student has already registered an individual(s) as a general emergency contact. The student also has the option to identify the same individual for both their general emergency contact and missing student contact.

Missing Persons Process

The Rowan Department of Public Safety will generate a missing person report and initiate an investigation. If the missing student is under the age of 18 and is not an emancipated individual, the Rowan Department of Public Safety will notify the student’s parent or legal guardian and their confidential contact within 24 hours after the University police department has determined that the student has been missing for more than 24 hours. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, Rowan Public Safety will
inform the local law enforcement agency that has jurisdiction in the area (if not Rowan Police jurisdiction) that the student is missing within 24 hours. Overview of the DPS reporting process:

- Initial Complaint received
- Preliminary investigation interviews conducted
- Completion of missing person form and make entry into National Crime Information Center
- An entry and broadcast will be placed into the New Jersey TRAK System
- Information disseminated to additional law enforcement agencies

Within 24 hours, contact the individual identified as their missing person contact person in the event the student is determined to be missing for a period of more than 24 hours

- If the student is under 18 years of age and not emancipated, their custodial parent or legal guardian and designated missing person contact will be contacted within 24 hours and a request will be sent to the N.J. State Police to enter them into the Amber Alert system
- A Rowan Text Alert message and email will be sent out to the Rowan Community
- A news release will be generated
- Prepare case report documentation and pertinent paperwork for case file
- Conduct follow up investigation

For all missing students: Rowan University will notify the local law enforcement agency within 24 hours of the determination that the student is missing (as explained earlier). Unless the local department (not Rowan Police) was the entity that made the determination that the student is missing. The University’s Department of Public Safety shall investigate all reports of missing students and will notify and cooperate with other law enforcement agencies, as necessary, to further the investigation. Reports of students missing from off-campus residences will be referred to the police department having jurisdiction over the student’s local residence, if known, or the student’s permanent residence, if a local residence cannot be determined. In addition, the University will cooperate within its legal limitations with any subsequent investigation.

There is no requirement that the reporting person wait for any period of time to report the missing person. The amount of time a student is thought to be missing does not matter for you to report. Hate/Offensive Graffiti Reporting
Rowan University strives to support and foster a safe and healthy learning environment for all our campus community. Rowan University’s mission is to have an environment in which highly qualified, motivated and diverse faculty, staff, and students build a community that values diversity. Hate or bias incidents or crimes should be immediately reported to Public Safety where they will be investigated. Anyone who discovers any hate or offensive graffiti should immediately
contact Public Safety (856) 256-4922. Facilities (856) 256-4650 will report any hate or offensive graffiti directly to your campus Public Safety immediately upon discovering same.

Upon discovery of such graffiti, Housekeeping, Maintenance, Custodial or Plant Operations personnel will advise the Supervisor Facilities Operations or the Director Facilities Operations who will inform Public Safety. Housekeeping, Maintenance, Custodial and Plant Operations personnel will be trained to identify such graffiti. However, neither, Housekeeping, Maintenance, Custodial, nor Plant Operations personnel will remove the graffiti until Public Safety has had an opportunity to conduct whatever investigation is appropriate and directs its removal. If the graffiti is scratched into a surface, a work order will be produced to paint over the graffiti to remove it from sight. Public Safety will investigate each report in a timely manner.

**Student Discrimination, Harassment and Retaliation**

**Sexual Assault, Domestic Violence, Dating Violence and Stalking**

**Overview**
Rowan is in the ongoing process of developing targeted training and programming to decrease the likelihood of sexual assaults and other sexual misconduct as defined below. Such programming includes, but is not limited to Green Dot Bystander Intervention Programs, Take Back the Night, Title IX Summit and other Community Building Programs for Underclassmen residential housing complexes. In addition, Rowan continues to work to raise awareness of sexual assault on campus through notices to students and other means as explained in this section. In addition to programming designed to reduce the likelihood of sexual assault on campus, Rowan is also involved in educating its student body about basic safety, including safeguarding the person and property. Rowan publicizes its campus escort program to ensure that students arrive to destinations safely and Rowan is working to ensure that students better understand the need to secure their spaces, including locking doors and windows and securing personal property. Rowan is hopeful that through a process of advance education and awareness raising in conjunction with active investigations and appropriate remedial actions where perpetrators are identified, incidents will be reduced.

If you experience any form of sexual misconduct, which includes:

- Dating/Domestic
- Violence/Sexual Assault
- Stalking

There are many services available for you to obtain information and support to ensure your safety and emotional and physical health, as well as means you can report the incident. This will be explained throughout this report. Sexual misconduct is an umbrella term used in sections of this report. It includes: Sexual Assault, Dating/Domestic Violence, Stalking, Sexual Harassment and Sexual Exploitation.

**Special Information on the Prevention of Sexual Offenses (Sexual Assault, Domestic Violence, Dating Violence and Stalking)**

It is the policy of Rowan University that no student or employee may threaten the health and safety of any member of the university community, of any person on the university campus, or at any university sponsored event, through the commission of a “sexual offense”. As explained in this report, University members and departments, such as the Title IX Coordinator, the Office of Student Equity and Compliance, the Dean of Students Office, the Counseling Center, Health Services and Residential Learning and University Housing, offer a variety of programs throughout the year designed to
educate the campus about “sexual offenses” and direct victims to appropriate service, assistance and reporting options. For any questions concerning the University’s Title IX reporting procedures and training resources, please contact the University’s Title IX Coordinator, at (856) 256-5440. The Department of Public Safety also offers educational programs and should be notified for criminal reporting of criminal incidents. This is especially important for the collection and preservation of evidence for criminal court cases.

**Violence Against Women Act (VAWA)**

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, as Amended by the Violence Against Women Reauthorization Act of 2013

Rowan University does not discriminate on the basis of sex in its educational programs and activities; sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking. As a result, Rowan University issues this statement of policy to inform the community of our comprehensive plan addressing all forms of sexual misconduct through educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking. Rowan University prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment that emphasizes the dignity and worth of all members of the university community. Students/Employees of the Rowan University community have the right to access and benefit from the University’s Education Programs or Activities, free from any form of Sexual Harassment/Sexual Assault. The University does not tolerate Sexual Harassment/Sexual Assault of any kind. University policy has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been violated.

**Definitions:**

Rowan University prohibits the crimes of domestic violence, dating violence, sexual assault and stalking, as defined by the Clery Act, New Jersey state (Title 2C) statute and included in Rowan University’s policies and procedures. *Defined in Title IX Sexual Harassment/Sexual Assault Policy, SL: 2020:01, revised. 9-1-21* and *Student Sexual Misconduct and Harassment Policy, SL 2016:15, revised. 9-1-21.*

**Consent** – Consent is informed, knowing, voluntarily and freely given permission to engage in mutually agreed upon sexual activity. The University will apply a reasonable person standard in determining whether or not consent was given, unless otherwise required by law.

- The person giving consent must be capable of doing so freely, with the ability to understand what they are doing and the specific details (who, what, when, where, and how) of the sexual contact to which they are consenting.
- Consent may be given by words or actions, as long as those words or actions create mutually understandable permission regarding the conditions of sexual activity.
- It is the obligation of the person initiating sexual contact to obtain clear consent for the specific type of sexual contact sought. A person’s use of alcohol and/or drugs shall not diminish such person’s responsibility to obtain consent.
- Lack of protest does not constitute consent. Silence or passivity without words or actions that communicate mutually understandable permission cannot be assumed to convey consent.
- Use of violence, threats, coercion or intimidation invalidates any consent given.
- A verbal “no,” even if it may sound indecisive or insincere, constitutes lack of consent.
- Consent for one form of sexual contact does not imply consent to other forms. For example, consent to oral sex does not imply consent to vaginal/anal sex.
- It is expected that once consent has been established, a person who changes their mind during the sexual act or sexual contact will communicate through words or overt actions their decision to no longer proceed.
- Past consent does not constitute consent for future sexual contact/activity.
- Persons who are unable to give valid consent under New Jersey law, (i.e. minors, individuals with mental health disabilities) are considered unable to give consent under NJ State Policy N.J.S.A.2C:4-2.
• Consent cannot be given by a person who is unconscious or sleeping. If consent has been given while a person is conscious or awake, and then that person becomes unconscious or falls asleep, consent terminates at that point.

• Persons who are incapacitated due to the use of drugs or alcohol cannot give consent.

**Incapacitation** – The physical and/or mental inability to make informed, rational judgements and decisions. States of incapacitation include sleep, unconsciousness, and blackouts.

• Where alcohol or drugs are involved, incapacitation is determined by how the substance impacts a person’s decision-making capacity, awareness of consequences, and ability to make informed judgements. In evaluating whether a person was incapacitated for purposes of evaluating effective Consent, the University considers two questions:
  o Did the person initiating sexual activity know that their partner was incapacitated?
  o Should a sober, reasonable person in the same situation have known that their partner was incapacitated? If the answer to either of these questions is “yes,” effective Consent was absent.

• For purposes of this policy, incapacitation is a state beyond drunkenness or intoxication. A person is not incapacitated merely because they have been drinking or using drugs. The standard for incapacitation does not turn on technical or medical definitions, but instead focuses on whether a person has the physical and/or mental ability to make informed, rational judgments and decisions.

• A person who initiates sexual activity must look for the common and obvious warning signs that show that a person may be incapacitated or approaching incapacitation. Although every individual may manifest signs of incapacitation differently, typical signs include slurred or incomprehensible speech, unsteady gait, combativeness, emotional volatility, vomiting, or incontinence.

• Because the impact of alcohol and other drugs varies from person to person, one should be cautious before engaging in sexual contact or intercourse when either party has been drinking alcohol or using drugs. The introduction of alcohol or other drugs may create ambiguity for either party as to whether effective Consent has been sought or given. If one has doubt about either party’s level of intoxication, the safe thing to do is to forgo all sexual activity.

---

The State of New Jersey defines consent as follows:

2C:2-10. Consent
a. In general. The consent of the victim to conduct charged to constitute an offense or to the result thereof is a defense if such consent negates an element of the offense or precludes the infliction of the harm or evil sought to be prevented by the law defining the offense.
b. Consent to bodily harm. When conduct is charged to constitute an offense because it causes or threatens bodily harm, consent to such conduct or to the infliction of such harm is a defense if:
(1) The bodily harm consented to or threatened by the conduct consented to is not serious; or
(2) The conduct and the harm are reasonably foreseeable hazards of joint participation in a concerted activity of a kind not forbidden by law; or
(3) The consent establishes a justification for the conduct under chapter 3 of the code.
c. Ineffective consent. Unless otherwise provided by the code or by the law defining the offense, assent does not constitute consent if:
(1) It is given by a person who is legally incompetent to authorize the conduct charged to constitute the offense;
(2) or It is given by a person who by reason of youth, mental disease or defect or intoxication is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature of harmfulness of the conduct charged to constitute an offense; or
(3) It is induced by force, duress or deception of a kind sought to be prevented by the law defining the offense.
**Sexual Assault**

The Federal Clery Act defines the crime of sexual assault (used in Clery Act classification) as follows: Sexual Assault is an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is “any sexual act directed against another person, without the consent of the victim, including instances where the victim if incapable of giving consent.”

- Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- Incest is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- Statutory Rape is defined as sexual intercourse with a person who is under the statutory age of consent.

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and

- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for all students and employees that:

This training review addresses prohibited employee conduct with respect to sexual harassment in the university setting and with respect to all individuals associated with the University.

The Wellness Center also offered many programs, throughout 2021-2022 and plans to do so for 2023, which include:

- Parent Orientations- These presentations will enhance parents and family members’ ability to talk to young adults about sex and sexual assault with the goal of increasing students’ safety and wellness while reducing the risk of violence.

Green Dot Bystander Intervention: Green Dot is a comprehensive approach to violence prevention that capitalizes on the power of bystander awareness and intervention. The model targets all community members as potential bystanders, and seeks to engage them through awareness, education, and skills-practice in proactive behaviors that establish intolerance of violence as the norm and encourages intervention in high-risk situations – resulting in the ultimate reduction of violence. https://sites.rowan.edu/sexualviolenceresponse/green-dot.html
“The power of Green Dot is simple: Red dots bad. Green dots good. You decide.”
Sexual Assault Awareness Month: Founded in 2001 by the National Sexual Violence Resource Center, every April is Sexual Assault Awareness Month, observed at Rowan. The focus is to bring awareness around sexual violence and educate communities in hopes that we may soon see an end to sexual violence worldwide. The University community is reminded of the reporting options, support services and resources available on and off campus. The Office of Student Equity and Compliance (OSEC) provides information regarding our policies and procedures related to sexual harassment, sexual assault and sexual misconduct on the website: OSEC https://sites.rowan.edu/diversity-equity-inclusion/departments/osec/index.html

Sexual Violence Prevention Program: Ongoing- The Sexual Violence Prevention Program is a multi-faceted approach to keeping our campus safe and empower the Rowan community to help stop power-based personal violence. https://sites.rowan.edu/sexualviolenceresponse/index.html

Student Advisory Council (OSEC): Diverse body of students tasked with advising the Office of Student Equity and Compliance-Title IX (OSEC) on sexual violence awareness and prevention education, discrimination awareness and prevention education. Take Back the Night: Was held April 5, 2022 and is planned annually. Take Back the Night is a worldwide movement to stand up against sexual violence and allows for the Rowan Community to speak, stand, and empower against sexual violence. There were topics discussed that range from sexual assault statistics, information on current legislature, bystander intervention, and other resources.

These campaigns include, but are not limited to:

Communication strategies: such as social media posts, email blasts, notices on bulletin boards, posters, and/or radio and campus newspaper advertisements;

Programs: such as Take Back the Night events or a Safe Walk service, and the materials used to promote these activities;

Booths/Tables: at student fairs or other University campus events;

Panel events: not only with the University but also surrounding community;

Faculty discussing issues and available services: in the classroom, or advertising programs or events;

On line programs: through University web pages (such as Department of Public Safety, Title IX, Student Life, Wellness) and Learning Management Systems (LMS).

How to be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” (Taken from Burn, S.M. (2009). A situational model of sexual assault prevention through bystander intervention. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. (Bystander intervention strategies adapted from Stanford University’s Office of Sexual Assault & Relationship Abuse). Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, Call 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.

Confront people who seclude, hit on, and try to make out with, or have sex with people who are incapacitated.

Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.

Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Speak up when someone discusses plans to take sexual advantage of another person.

Risk Reduction

Sexual assault is most often a predatory crime. Prosocial bystanders can impact the predator’s ability to complete acts of violence. Rowan University does not tolerate any acts of sexual violence (Domestic Violence, Dating Violence, Sexual Assault and Stalking).

As a community of bystanders we can be alert to the following predatory behavior:

• Predators will work to isolate their victims.
• Predators take advantage of or create vulnerability by using impairment from drugs/alcohol; freshman status on campus; desire for acceptance and belonging and isolation from friends and/or public situations.
• Predators often use attention to engender trust, attraction and submission.
• Predators often engage in behavior that is inappropriate as a way to gauge how “charmed” the potential victim is and to see if someone will confront the inappropriate behavior.
• Predators will use guilt and blame to shut down any hesitation or assertiveness by the potential victim.

Bystanders who have knowledge of these “red flags” and intervene in situations that elicit concern can reduce the likelihood of a sexual crime happening. As a community we can reduce the overall likelihood that sexual assault occurs if we reduce vulnerability and access to potential victims.

• When awareness is lost, vulnerability increases. Increase awareness by knowing your surroundings and people you can access for help as well as who you can potentially assist if needed.
• Trust your instincts. If you feel that “something isn’t right”, don’t be afraid to act on that feeling and leave, ask for help or check in with someone to see if they need assistance.
• Alcohol is the most frequent drug used to create vulnerability. Predators may look for unattended drinks or offer someone a drink that has been spiked in some way. Punch bowls or large, open containers can be filled with a mixture of alcohol that can but used to incapacitate people. Drink spiking is against the law. If you suspect that either you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). It is important to get medical attention. Be explicit with doctors so they can give the correct tests.
• Look out for each other. If a predator is aware that a potential victim has a friend group who is aware and willing to intervene, they are less likely to act. Similarly, if a predator knows that an establishment or party has vigilant employees or hosts, they are less able to follow through with a crime.
• Use call boxes and cell phones to access help. If you or someone else needs help, contact law enforcement by using call boxes on campus and/or calling 911 directly by using your cell phone.

If someone makes you feel uncomfortable or scared or you see something scary happening, your body may react in a way that is out of your control. Each person may react differently given the hormonal reaction in their body. Some people may be able to yell, fight back or run away. Many people will “freeze” and not be able to act at all. It is not your fault. Under stress, the body goes into survival mode and you may not be able to think clearly or act purposefully. If you are able to think clearly and act on those thoughts, here are some options:

• Breathe and settle. We all startle under stress but we may be able to shorten our startle response by breathing and reducing our panic so we can start to think more clearly.
• Look for an escape route. Where are the doors, windows or exits? Are there people around who might be able to help you? Is there a phone or call box nearby?
• Set a clear boundary. Tell the person what you want or don’t want a strong, clear voice.
• Lie. If you are worried about hurting someone’s feelings or scared of being hurt, lie about the situation as a strategy to get away or reduce vulnerability. Say that you need to take care of a friend; that you are not feeling well or your friend is coming to meet you.
• Have a code word with your friends or family. Call or text that word if you don’t feel comfortable with the person you are with knowing. Someone can then come to get you or make up an excuse for you to leave.

If you freeze and are unable to do any of these things, remember that it is not your fault and you did the best you could under an extremely terrible situation. Talk to someone you trust and tell them what happened. If someone comes to you about an assault:

• Be compassionate
• Help them get to a safe place immediately
• Tell them you believe them
• Encourage them to seek medical attention if needed
• Offer to accompany them to a counselor to talk about what happened and review their options

Facts about power-based personal violence and Sexual Violence
https://sites.rowan.edu/sexualviolenceresponse/facts.html The facts noted on this site are from data gathered from research on sexual violence and national crime statistics. Sexual assault is one of the most under reported crimes. It is estimated that less than half of the crimes involving sexual violence are reported. If the assailant is someone the survivor knows, it is even less likely to be reported.

Resource Information Provided Directly to Victims of Sexual Assault, Domestic Violence, Dating Violence and Stalking
The University has procedures in place that strive to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking. The University informs individuals about their right to file criminal charges, as well as the availability of on and off campus resources including: counseling, medical health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services both on and/or off campus. As well as reporting the incident to law enforcement, protective services, reporting options criminal and/or University complaint, confidential reporting, interim measures to prevent contact between a complainant and an accused party, such as housing, academic, transportation and work accommodations. The University will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the Rowan University Police or local law enforcement. You can get support if something happened days, weeks, months or even years ago. There are no limits to using any resource.

Written Notification
The University will provide victims (employees and students) with a written list of all these resources, both on-campus and off-campus, to address the medical and other support needs of the victim. This written notification to students and employees includes, definitions of “Sexual Misconduct at Rowan”, options after the incident - such as confidential counseling, medical assistance/attention, reporting the incident, including law enforcement or institutionally, the University’s response and legal resources for the victim and accused, and preserving evidence. The accommodations available to them, including academic, living, working, transportation and protective orders. The written notification will include information regarding the accommodation options, available assistance in requesting accommodations and how to request accommodations and protective measures. Students will be informed of their right to an Advisor of their choice during the Grievance Process to provide advice on procedural matters, as well as conduct cross-examination during any Hearing. Also written notification is provided to all students and employees annually through the Rowan University “Daily Mail”. It is practice that once the Title IX office receives a report of an incident of sexual assault, domestic violence, dating violence or stalking, the victim will receive an offer of assistance letter. A hard copy of this resource list is also provided to victims upon meeting with Public Safety. This same list is also available online and is emailed to any inquiring individuals.

Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking Occurs
After an incident of sexual assault and domestic/dating violence, the victim should consider seeking medical attention as soon as possible at Jefferson Hospital-Washington Township, Inspira Hospital-Mullica Hill for the Glassboro campus and RowanSOM campus in Sewell, Cooper University Hospital, Camden, for CMSRU and Jefferson Hospital-Stratford for the
Preserving Evidence (Domestic Violence, Dating Violence, Sexual Assault and Stalking)

In order to preserve evidence, it is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours. This will preserve evidence that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible criminal prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Public Safety or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University hearing boards/investigators or police.

Reporting Options- Domestic Violence, Dating Violence, Sexual Assault and Stalking

Although the university strongly encourages all members of its community to report violations of this policy to law enforcement (including on campus law enforcement and campus authorities and/or local police) it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police.

Reports generally are made to Public Safety and OSEC-Title IX, note that Human Resources (employee related), Student Life and Wellness can also receive reports of Sexual Assault, Domestic Violence, Dating Violence and Stalking. The University will assist any victim with notifying law enforcement if the victim so desires. University Complaint (Non-Criminal): Reporting to the University

A student/employee may choose to report an incident of Sexual Harassment/Sexual Assault to the University before they have made a decision about whether or not to report to law enforcement. A student/employee has the right to file a criminal complaint and a Title IX Formal Complaint simultaneously. Once a Report of Sexual Harassment/Sexual Assault has been received, whether or not a Formal Complaint has been filed, the University will provide written notification to the Complainant about existing counseling, health, mental health, student advocacy, employee advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services that are available at Rowan and in the surrounding communities. No one should be fearful of obtaining resources or remedies from a violent crime because they were intoxicated. In addition, the University will not pursue disciplinary action for drug or alcohol violations, or most other violations of the Student Code of Conduct, against a party or witness who comes forward in good faith to Report Sexual Harassment/Sexual Assault. See Rowan University Good Samaritan Policy.

**Criminal Complaint:** You are not required to file a criminal complaint. If you choose to, Rowan will provide you with support throughout the process. You may file a criminal complaint by contacting the police, as explained in the next section of this report under “Reporting Incident to Police”.

**Assistance:** In addition, prior to filing a Report or Formal Complaint, a person may reach out to the following individuals to discuss their reporting options. The below individuals are Responsible Employees under this policy and, therefore, should report the incident to the Title IX Coordinator. However, their knowledge of any incident does not constitute Actual Knowledge by the University. Thus, if a student/employee wishes to ensure a Report/Formal Complaint has been made, the individual should also reach out to the Title IX Coordinator. Upon completion of the investigation, the Vice President of Human Resources or designee may determine that the employee found in violation of the policy may be subject to disciplinary action including removal from Rowan facilities, reduction in rank/salary, reassignment, written reprimand, suspension or termination of employment for cause. In appropriate cases, employees may be required to attend appropriate training or other remediation as a condition of employment. The University may also take any other appropriate corrective action to prevent recurring conduct and to correct its effect on the complainant and others. Further information with respect to the specific disciplinary processes (including appeal procedures) for each union can be found in the disciplinary provisions in the collective negotiations agreements themselves.
• For unions for employees located on the Glassboro and Camden campuses, the agreements can be found: https://www.perc.state.nj.us/publicsectorcontracts.nsf/Contracts%20By%20Employer%20Search/$searchForm?SearchView
For unions for employees located on the Stratford SOM campuses, the agreement can be found: https://som.rowan.edu/oursom/resources/hr/management.html

Corrective and disciplinary actions will be determined on a case-by-case basis. Disciplinary action is not predetermined based upon allegation type. Prior violations of applicable policies, prior disciplinary action and the facts of the allegation may be considered in determining appropriate corrective action. Disciplinary actions may be subject to Civil Service appeal or union grievance/arbitration. Referral to another appropriate authority for review for possible violation of State and Federal statutes may also be appropriate. Disciplinary action is also subject to the terms and conditions of collective bargaining agreements and the New Jersey Civil Service Act.

Student Sanctions for Sexual Misconduct (Dating/Domestic Violence, Sexual Assault and Stalking) and Harassment Violations

Not all forms of sexual misconduct will be deemed to be equally serious offenses, and the University reserves the right to impose differing sanctions, ranging from official warning to expulsion, depending on the severity of the offense. The University will consider the concerns and rights of the complainant and the Respondent of sexual misconduct. The Administrative Hearing Officer or the Sexual Misconduct Hearing Board will determine the most appropriate sanction in each specific case, taking into consideration the severity of the conduct represented in the complaint as well as any mitigating circumstances. There will be no deviation from the range of standard sanctions unless compelling justification exists to do so. RowanSOM and CMSRU students should be aware that they may be subject to additional disciplinary action and/or sanctions due to the professional or ethical standards of RowanSOM and CMSRU.

Standard Sanctions for Sexual Harassment/Sexual Assault and Sexual Misconduct Violations:
- Disciplinary probation/Deferred suspension
- Educational sanctions
- Suspension of Campus Housing
- University expulsion or suspension
- Notification of parent/guardian

Overview of University Policies

On May 6, 2020 the U.S. Department of Education issued new regulations under Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex in education programs or activities receiving federal financial assistance. The criteria and process for employees and students are explained in further detail in the following sections.

Incidents that fall under Title IX jurisdiction:
Student and Employee respondent/accused: Title IX Sexual Harassment/Sexual Assault Policy

Incidents that do not fall under Title IX jurisdiction:
Student only respondent/accused: Student Sexual Misconduct Policy
Employee only respondent/accused: Policy Prohibiting Discrimination in the Workplace and Educational Environment

Please refer to the following new/updated policies now in affect:
- Title IX Sexual Harassment/Sexual Assault – this policy applies to both students and employees. It addresses allegations of sexual misconduct that fall within the U.S. Department of Education’s Title IX regulations. The policy’s jurisdiction is limited in scope to Title IX Sexual Harassment/Sexual Assault that meets the following requirements: (1) occurs within the United States, (ii) occurs within the University’s education program or activity; and (iii) at the time of the filing of a formal complaint, the Complainant was participating in, or attempting to participate in, the education program or activity.
- Student Sexual Misconduct and Harassment Policy – this policy applies only to students. It addresses allegations of sexual misconduct that do not fall within the definitional or jurisdictional requirements of the Title IX
Complaints of sexual misconduct against employees that are not covered by the Title IX Sexual Harassment/Sexual Assault Policy, will be addressed under the Policy Prohibiting Discrimination in the Workplace and Educational Environment. The Office of Student Equity and Compliance (OSEC) provides additional information regarding policies and procedures related to sexual misconduct on the OSEC website. Please consult with the University AVP/Title IX Coordinator to report any concerns. In addition, confidential resources are available to assist in accessing counseling and support services. The OSEC website contains vital information on reporting options, resources, medical and legal assistance, information about the policies and a Guide to understanding the role of the Responsible Employee.

Note: Required training was issued in 2021 to all Rowan employees, second year students, first year graduate and medical students on all campuses including RSOM, CMSRU and Camden (RUCAB).

For questions about the policies addressing sexual misconduct, please contact OSEC at titleixcoordinator@rowan.edu. See also FAQs on the new policy governing sexual harassment and sexual assault.

Title IX Sexual Harassment/Sexual Assault Policy, SL: 2020:01, revised 9-1-21.

Accountability: Under the direction of the President, the Associate Vice President and Title IX Coordinator of the Division of Diversity, Equity and Inclusion, Office of Student Equity and Compliance, shall implement and ensure compliance with this policy.

Applicability: This policy applies to all students of Rowan University from the time of their acceptance and admission into the University until the date of their graduation or formal withdrawal. This policy also applies to all employees of the University. This policy shall not apply to allegations of sexual misconduct which do not constitute Sexual Harassment/Sexual Assault as defined herein. Notwithstanding, such behavior may be addressed by the University under other policies such as the Student Sexual Misconduct and Harassment Policy, Student Code of Conduct, or Procedure for Resolving Student v. Student Discrimination Complaints (for student Respondents); or the Policy Prohibiting Discrimination in the Workplace and Educational Environment, Disruptive Behavior and Workplace Violence Policy, or other applicable policy (for employee Respondents).

Standard Evidence: A finding under this policy will be based on the preponderance of the evidence standard. In other words, a finding will be made if the evidence as a whole shows that it is more likely than not that a violation of the Title IX Sexual Harassment/Sexual Assault Policy occurred. Under this policy, there is a presumption that the Respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the Grievance Process, or the Respondent admits responsibility.

Definitions/Terminology: In this report the “Victim or Accuser” may be referred to by the term “Complainant”. “Accused” may be referred to by the term “Respondent”. Both may also be referred to by the term “parties”.

- Actual Knowledge: Notice of Sexual Harassment/Sexual Assault or allegations of Sexual Harassment/Sexual Assault made to the University’s Title IX Coordinator or any official of the University who has authority to institute corrective measures on behalf of the University (such as the DEI Investigator, or Dean of Students). This standard is not met when the only official of the University with Actual Knowledge is also the Respondent. In addition, the mere fact that a third party who works for the University (such as a Responsible Employee) may become aware of allegations of Sexual Harassment/Sexual Assault, or that such individuals have the ability or obligation to report Sexual Harassment/Sexual Assault, or to inform another about how to report Sexual
Harassment/Sexual Assault, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the University.

- Complainant: An individual who is alleged to be the victim of conduct that could constitute Sexual Harassment/Sexual Assault, or on whose behalf the Title IX Coordinator has filed a Formal Complaint.

Disciplinary Sanctions: Disciplinary Sanction(s) shall be imposed upon a Respondent where a determination of responsibility for Sexual Harassment/Sexual Assault has been made against the Respondent. Disciplinary Sanctions for student Respondents may range from a warning to expulsion. Disciplinary Sanctions for employee Respondents may range from an oral reprimand, to initiation of detenuring proceedings and termination of employment, subject to applicable laws and collective bargaining agreements. Student/employee Respondents will also be referred to appropriate authorities for criminal prosecution when appropriate, regardless of any Disciplinary Sanctions under this policy.

Education Program or Activity: Includes any location, event, or circumstance over which the University exercises substantial control over both the Respondent and the context in which the alleged Sexual Harassment/Sexual Assault occurs. This includes all of the University’s education programs or activities, whether occurring on or off-campus, and any building owned or controlled by a student organization that is officially recognized by the University (i.e., a house owned or controlled by a University-recognized fraternity or sorority).

False Report: Intentionally making a statement during the Grievance Process or Appeals Process to a University official knowingly, at the time the statement was made, that it was false. A determination regarding responsibility, alone, will not be sufficient to conclude that any party or witness made a materially false statement in bad faith.

False Statement: Intentionally making a statement during the Grievance Process or Appeals Process to a University official knowing, at the time the statement was made, that it was false. A determination regarding responsibility, alone, will not be sufficient to conclude that any party or witness made a materially false statement in bad faith.

Formal Complaint: A document filed and signed by a Complainant, or signed by the Title IX Coordinator, alleging Sexual Harassment/Sexual Assault against a Respondent, and requesting that the University investigate the allegations of Sexual Harassment/Sexual Assault. The Formal Complaint should include in detail the nature of the complaint, dates and locations of particular events, names/contact information of witnesses (if any), the name of the individual(s) against whom the complaint is being made, and any other relevant information. At the time of filing a Formal Complaint, a Complainant must be either participating in or attempting to participate in the Education Program or Activity of the University. A Report of Sexual Harassment/Sexual Assault may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or by filling out the report form. Upon receipt of a Report of possible Sexual Harassment/Sexual Assault, the Title IX Coordinator, or Designee, will reach out the Complainant to discuss the Complainant’s options, including the ability to file a Formal Complaint.

Remedies: Remedies may be provided to a Complainant where a determination of responsibility for Sexual Harassment/Sexual Assault has been made against the Respondent. Remedies are designed to restore or preserve the Complainant’s equal access to the University’s Education Program or Activity. Remedies may include the same individualized services described in the Supportive/Interim Measures section below; however, unlike Supportive/Interim Measures, Remedies need not be non-disciplinary or non-punitive, and need not avoid burdening the Respondent. Remedies provided may include, but not be limited to, a one-way no contact directive; changes to housing/work arrangements; or a leave of absence.

Report: Anyone may file a Report alleging an incident of Sexual Harassment/Sexual Assault of which they become aware. The Report should include as much information possible, such as details (if known) of the nature of the incident, dates of particular events, names/contact information of any Complainant, Respondent, witnesses (if any), and any other relevant information. A Report may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or by filling out a report.

Note: As stated earlier in this report if you have been the victim of Domestic Violence, Dating Violence, Sexual Assault, or Stalking, you can report to the Rowan University Police Department (if the victim so desires). You can also report the incident to a Campus Security Authority—CSA and be assisted by them in reporting to include reporting the incident to law enforcement if the victim wishes.

Respondent: An individual who has been reported to be the perpetrator of conduct that could constitute Sexual Harassment/Sexual Assault.
Responsible Employees: Certain employees, who under this policy, are required, after receiving information regarding Sexual Harassment/Sexual Assault, to report it to the Title IX Coordinator. These employees include, but are not limited to, Public Safety Police and Security Officers, managers and supervisors, coaches, club and organization advisors, faculty, Deans, and Residential Learning staff (Resident Assistants, Community Safety Assistants, Resident Directors, and Residential Learning Coordinators). Notwithstanding, knowledge of an incident of Sexual Harassment/Sexual Assault by a Responsible Employee (other than those who also have authority to institute corrective measures on behalf of the University) does not constitute Actual Knowledge by the University.

Note: A Responsible Employee is not a Campus Security Authority-CSA under the Clery Act.

Sanctions: See Disciplinary Sanctions.

Supportive/Interim Measures: See p. 82

Prohibited Conduct: This policy addresses allegations of sexual misconduct that meet the definition of Title IX Sexual Harassment/Sexual Assault, which encompasses all of the prohibited conduct defined below that occurs on the basis of sex and meets the following requirements: (i) occurs within the United States; (ii) occurs within the University’s Education Program or Activity; and (iii) at the time of the filing of the Formal Complaint, the Complainant was participating in, or attempting to participate in, the Education Program or Activity. Allegations of sexual misconduct that do not fall under this policy because they do not constitute prohibited conduct as defined in this section, may be addressed under the Student Sexual Misconduct and Harassment Policy, Student Code of Conduct, or Procedure for Resolving Student v. Student Discrimination Complaints (for student Respondents); or the Policy Prohibiting Discrimination in the Workplace and Educational Environment, Disruptive Behavior and Workplace Violence Policy, or other applicable policy (for employee Respondents). Prohibited conduct (referred to collectively as “Sexual Harassment/Sexual Assault” throughout the policy) is:

   Sexual Harassment: Conduct on the basis of sex, through any medium, that satisfies one or more of the following:
   o An employee of the University conditions the provision of aid, benefit or service of the University on an individual’s participation in unwelcome sexual conduct; or
   o Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person of equal access to the University’s Education Program or Activity.

   Sexual Assault: Any sexual act directed against another person, without their consent or where they are incapable of giving consent. An offense that meets the definition of rape, fondling, incest or statutory rape:
   o Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
   o Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
   o Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
   o Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

   Stalking: Engaging in a course of conduct, through any medium, directed at a specific person that would cause a reasonable person to: (a) fear for the person's own safety or the safety of others; or (b) suffer substantial emotional distress. For the purposes of this definition:
   o Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property;
   o Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant;
   o Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

   Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with another person. The existence of such a relationship shall be determined based on a consideration of the following factors: (a) the length of the relationship; (b) the type of relationship; and (c) the frequency of interaction between the persons involved in the relationship.
**Domestic Violence**: A felony or misdemeanor crime of violence committed by: (a) a current or former spouse or intimate partner; (b) a person with whom an individual shares a child in common; (c) a person who is cohabiting with, or has cohabited with, the other person as a spouse or intimate partner; (d) a person similarly situated to a spouse of the other person under the domestic or family violence laws in which the crime of violence occurred; or (e) any other person against an adult or youth who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

**Advisor of Choice**: A Complainant and Respondent each have the right to an Advisor of their choice during the Grievance Process (discussed below). An Advisor may be a family member, a friend, an attorney, or any third party (i.e., a trusted employee for a student; or a union representative for an employee). Advisors are present to support the parties and to provide advice on procedural matters, as well as conduct cross-examination during any Hearing.

- Other than as provided in this policy, Advisors may not speak on behalf of the party.
- Advisors must adhere to all conditions and obligations under this policy and as required by the University’s process.
- The Advisor has the right to accompany the Complainant or Respondent to any meetings with the Title IX Coordinator, DEI Investigator (or their Designee), or University administrators, and the party has the right to communicate with their Advisor during any meeting. The Advisor may also assist the Complainant or Respondent during the investigation, preparing/submitting a response to the investigation report, attend the live hearing, or assist with the filing of an appeal.
- The Advisor does not have speaking privileges during the investigation/investigatory interviews. The Title IX Coordinator or designee will exercise control over the investigation. Anyone who disrupts an investigatory interview or who fails to adhere to University policies may be asked to leave an investigatory interview.
- With respect to the Hearing, if a Complainant or Respondent does not have an Advisor, one will be provided by the University. The Advisor is to conduct cross-examination on behalf of the party at the Hearing, as the parties may not conducts cross-examination on their own behalf.
- Regardless of whether a party has an Advisor, the Title IX Coordinator, DEI Investigator or Designee will correspond and communicate directly with the parties. If a party wishes for their Advisor to be copied on any correspondence or communications, the party should advise the Title IX Coordinator or DEI Investigator.

**Grievance Process/Procedures**: Upon receipt of a Report of Sexual Harassment/Sexual Assault, the Title IX Coordinator or Designee, will contact the Complainant to: (i) discuss available Supportive/Interim Measures, while taking into consideration the Complainant’s wishes; (ii) inform the Complainant that the Supportive/Interim Measures are available with or without a Formal Complaint; and (iii) explain the process for filing of a Formal Complaint.

- Upon receipt of a Formal Complaint, the University will initiate the Grievance Process.
- The University will treat Complainants and Respondents equitably by providing Remedies to a Complainant where a determination of responsibility for Sexual Harassment/Sexual Assault has been made against the Respondent, and by following the Grievance Process before the imposition of any Disciplinary Sanctions or other actions, that are not Supportive/Interim Measures, are taken against a Respondent.
- Throughout the Grievance Process, there will be an objective evaluation of all relevant evidence, including both inculpatory (evidence implying or imputing responsibility) and exculpatory (evidence exonerating responsibility) evidence. In addition, credibility determinations will not be based on an individual’s status as a Complainant, Respondent, or witness.
- Individuals involved in the Grievance Process (Title IX Coordinator, investigator, decision-maker, or any person designated by the University to facilitate an informal resolution process) shall not have a conflict of interest or bias for or against Complainants or Respondents generally, or an individual Complainant or Respondent. Such individuals shall also have the appropriate training as set forth in the Training Section of this policy.
- It is presumed that a Respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the Grievance Process, or if a Respondent admits to responsibility.
- It is a violation of this policy for anyone to make a False Report of Sexual Harassment/ Sexual Assault, or for anyone to make a False Statement during the Grievance Process. Disciplinary Sanctions may be imposed for intentionally making a False Report or False Statement.
Dismissal of a Formal Complaint: The Title IX Coordinator must dismiss the Formal Complaint, or allegations therein, at any time, if it is determined that the conduct alleged: (i) would not constitute Sexual Harassment/Sexual Assault, even if proved; (ii) did not occur while the Complainant was participating in, or attempting to participate in, the University’s Education Program or Activity; or (iii) did not occur against a person in the United States. Such a dismissal does not preclude the University from taking action under another provision of the University’s policies.

- The Title IX Coordinator, in his/her discretion, may also dismiss the Formal Complaint, or allegations therein, if at any time during the Grievance Process, the following occurs: (1) the Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint, or any allegations therein; (ii) the Respondent is no longer enrolled or employed by the University; or (iii) specific circumstances prevent the University from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

- Written notice of any required or permitted dismissal, including any reason(s) therefore, shall be promptly sent to the parties simultaneously. This notice will also advise the parties of their appeal rights in accordance with this policy.

Consolidation of Formal Complaints: Formal Complaints as to allegations of Sexual Harassment/Sexual Assault against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, may be consolidated where the allegations of Sexual Harassment/Sexual Assault arise out of the same facts or circumstances.

Notice of Allegations: Upon receipt of a Formal Complaint, the Title IX Coordinator, or Designee, will provide written notice to the known parties, which includes:

- A link to the University's Title IX Sexual Harassment/Sexual Assault Policy, so the parties can review the University’s Grievance Process, including the Informal Resolution Process;
- Sufficient detail, of what is known at the time, related to the allegations of Sexual Harassment/Sexual Assault, including details such as the identities of the parties involved, the conduct allegedly constituting Sexual Harassment/Sexual Assault, and the date(s) and location(s) of the alleged incident(s);
- A statement that the Respondent is presumed not responsible for the alleged conduct, and that a determination regarding responsibility will be made at the conclusion of the Grievance Process;
- Information that the parties may have an Advisor of their choice, who may be, but is not required to be, an attorney;
- A statement that the parties and their Advisors will have the right to inspect and review evidence during the investigation of a Formal Complaint; and
- Reference to the provisions within the Title IX Sexual Harassment/Sexual Assault Policy that prohibits knowingly making False Reports or False Statements.

Such notice will be provided to the parties within a reasonable period of time prior to conducting any investigatory interview, so that the parties have time to prepare and meaningfully respond. If, in the course of an investigation, the University decides to investigate allegations about the Complainant or Respondent that were not included in the initial notice, the University will provide notice of the additional allegations to be investigated, to the known parties.

Formal Resolution Process:

- Written Notice of Meetings, Interviews, Hearings – Written notice of the date, time, location, participants, and purpose of all investigative interviews, hearings, or any other meetings, will be provided to any party whose participation is invited or expected, with sufficient time for the party to prepare to participate.
- Investigation of a Formal Complaint – After notification of the allegations in the Formal Complaint has been sent, the DEI Investigator, or Designee, will promptly initiate an investigation within seven (7) calendar days. The investigation shall be completed in a reasonably prompt manner, and should be completed within ninety (90) calendar days from the time the Formal Complaint is filed.
  - The investigation will include interviews of the Complainant(s), Respondent(s) and any witnesses/individuals believed to have information relevant to the allegations, as well as the collection of any relevant evidence.
• Each party is permitted to have their Advisor present during any investigatory interview, or other meeting. However, while the party has the right to communicate with their Advisor during any meeting, the Advisor does not have speaking privileges during the investigation/investigatory interviews.

• The investigator will not access, consider, disclose, or otherwise use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional/paraprofessional acting in the professional/paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the investigator obtains that party’s voluntary, written consent to do so for a Grievance Process.

• The parties and their Advisors are not restricted from discussing the allegations under investigation for the purpose of gathering and presenting evidence to the investigator:
  o During the investigation, the parties will be provided the opportunity to present witnesses, including fact and expert witnesses, and other inculpatory (evidence implying or imputing responsibility) and exculpatory (evidence exonerating responsibility) evidence.

Investigation Report: The DEI Investigator or Designee will prepare an Investigation Report that fairly summarizes relevant evidence and preliminary findings of fact.
  o Prior to an Investigation Report being prepared, all of the evidence gathered by the investigator (any evidence obtained as part of the investigation, that is related to the allegations in the Formal Complaint, including information that will not be relied upon in reaching a determination and without regard to the source of the information), will be shared with the parties and their Advisors (if any) simultaneously. Names and other identifying information of individuals may be redacted if required by the Family Educational Rights and Privacy Act ("FERPA"). The parties and their Advisors must keep the evidence confidential and not share it with anyone, except for the purpose of gathering and presenting relevant evidence to provide to the investigator within the 10-day period. Failure to abide by this confidentiality obligation may subject a party or Advisor to disciplinary action by the University.
  o Each party may respond to the investigator in writing, within ten (10) calendar days of receipt of the evidence.
  o After reviewing any timely submitted responses by the parties, the investigator will prepare an Investigation Report. The Investigation Report will fairly summarize the relevant evidence and findings of fact.
  o The parties and their Advisors (if any) will be simultaneously provided with an electronic or hard copy of the final Investigation Report. The parties may choose to provide a written response to the Investigation Report, which must be submitted to the investigator within ten (10) calendar days of receipt. The parties and their Advisors (if any) will be provided with an electronic or hard copy of the other party's written response, if any, to the Investigation Report.
  o A copy of the Investigation Report and any written response(s) will then be forwarded to the Office of Community Standards, for the scheduling of a Hearing.

Hearing: A Hearing should be scheduled by the Office of Community Standards no later than thirty (30) calendar days after receipt of the final Investigation Report.
  o Each party may have one Advisor attend the Hearing, who will be responsible for conducting cross-examination and questioning on behalf of the party. Prior to the scheduled Hearing, each party will be asked to identify their Advisor who will be present for the Hearing. If a party does not have an Advisor, the University will provide one to them.
  o Prior to the scheduled Hearing, the parties will be provided an opportunity to make a request for witnesses to participate in the Hearing on their behalf. The parties must notify the AVP of Civic Involvement, or Designee, of any witnesses at least seven (7) calendar days prior to the Hearing. The parties will also be advised of potential Hearing panelists, and provided the opportunity to object to a panelist based on a conflict of interest.
  o If the matter to be heard had originally attempted, but was unsuccessful at, the Informal Resolution Process, any information related to the Informal Resolution Process will not be admissible during the Hearing. In addition, the individual who facilitated the Informal Resolution Process may not be called as a witness at the Hearing.
A matter will be heard by a Hearing Panel consisting of three (3) voting members, one of whom will be the Hearing Chair. The Hearing Chair will exercise control over the manner in which the Hearing is conducted, including being responsible for managing the cross-examination and questioning process in accordance with applicable law/policy. The decisions regarding responsibility and any Disciplinary Sanctions, if applicable, will be determined by a majority vote.

Hearings may be conducted with all parties physically present in the same geographic location or, at the University’s discretion, any or all parties, witnesses, and other participants may appear at the Hearing virtually, with technology enabling participants simultaneously to see and hear each other. For Hearings occurring in-person, at the request of a party, the University will provide for the Hearing to occur with the parties located in separate rooms with technology enabling the Hearing Panel, parties and their Advisors to simultaneously see and hear the party or the witness answering questions.

Both/all parties shall be permitted to be present during testimony of all witnesses and presentation of the evidence throughout the Hearing.

Hearing Panel members will be provided access to the final Investigation Report and evidence at least twenty-four (24) hours prior to the Hearing. However, while the Hearing Panel members may consider the final Investigation Report as evidence, the Hearing Panel will function as an independent adjudicating body and will not be bound by any findings made by the investigator.

At the beginning of the Hearing, the Hearing Chair, along with the other members of the Hearing Panel, will enter their names into the recording. The parties and their Advisors will also enter their names into the recording.

The Hearing Chair will ask if the Respondent has received the original notice of allegation(s) letter, and understands the nature of the charges.

The Hearing Chair will then confirm that the Hearing Panel members and the parties have received copies of the Formal Complaint, notice of allegation(s) letter, list of witnesses, along with the final Investigation Report.

The remainder of the Hearing will customarily proceed in the following order:

- Opening statement from the Complainant;
- Opening statement from the Respondent;
- Questioning of the investigator – the Hearing Panel and parties’ Advisors will have the opportunity to question the investigator;
- Questioning of Complainant by Hearing Panel;
- Cross-examination of Complainant by Respondent’s Advisor;
- Questioning of Respondent by Hearing Panel;
- Cross-examination of Respondent by Complainant’s Advisor;
- Questioning of witnesses – each witness will be called one at a time, questioned separately, and dismissed at the conclusion of their testimony. Each witness may be questioned by the Hearing Panel, as well as the parties’ Advisors;
- Final questions of the Complainant(s)/Respondent(s) from the Hearing Panel;
- Respondent’s final statement; and
- Complainant’s final statement.

Each party’s Advisor will be permitted to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Cross-examination conducted by the Advisors must be done directly, orally and in real time.

Only relevant cross-examination and other questions may be asked of a party or witness. Before a Complainant, Respondent, or witness answers a cross-examination or other question, the Hearing Chair will first determine whether the question is relevant, and explain any decision to exclude a question as not relevant.

Questions and evidence about the Complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence: (1) are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or (2) concern specific incidents of the Complainant’s prior sexual behavior with respect to the Respondent, and are offered to prove Consent.
The presentation of evidence by a party (including opening statements), questions directed to participants, and final statements may be constrained to specified time periods when cumulative or as otherwise deemed appropriate by the Hearing Chair.

If a party or witness does not submit to cross-examination at the Hearing, the Hearing Panel may not rely on any statement of that party or witness in reaching a determination regarding responsibility. In addition, the Hearing Panel may not draw an inference about the determination regarding responsibility based solely on a party or witness's absence from the Hearing, or refusal to answer cross-examination or other questions.

Formal rules of evidence that are applicable to civil and criminal trials are not applicable to the Hearing.

All Hearings will be closed to the public, and the only individuals who are permitted to attend are the Complainant(s), Respondent(s), their Advisors, the Hearing Panel, and any witnesses called to provide testimony. In addition, University administrators (i.e., legal counsel) may also attend the Hearing with prior approval from the Hearing Chair.

All Hearings will be audio and/or video recorded. Upon request, a digital file will be made available to the parties for inspection and review.

Written Determination Regarding Responsibility/Disciplinary Sanctions: Within fourteen (14) calendar days following the Hearing, the decision-maker(s) will issue a written determination regarding responsibility, and Disciplinary Sanctions and/or Remedies (if applicable).

If a Respondent has a record of prior disciplinary violations by the University, unless otherwise permissible, this information will not be considered by the Hearing Panel until after a determination of responsibility has been made, to assist the Hearing Panel in determining appropriate Disciplinary Sanctions.

The written determination will include:

- A summary of the allegations of Sexual Harassment/Sexual Assault;
- A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notices to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, evidence considered, and hearings held;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the University’s Title IX Sexual Harassment/Sexual Assault Policy to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any Disciplinary Sanction(s) the University will impose on the Respondent, and whether Remedies designed to restore or preserve equal access to the University’s Education Program or Activity will be provided by the University to the Complainant; and
- Information regarding the University’s process and permissible bases for the Complainant and Respondent to appeal.

The University will provide the written determination to the parties simultaneously.

The determination regarding responsibility becomes final either on the date that the University provides the parties with the written determination of the result of an appeal, if any appeal is filed; or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Informal Resolution Process: At any point after a Formal Complaint has been filed, but before a determination of responsibility has been made, the University offers the opportunity for the parties to take part in an Informal Resolution Process, as an alternative to the Formal Resolution Process. Allegations of Sexual Harassment/Sexual Assault made by a student against an employee may not be resolved through Informal Resolution.

Informal Resolution is an opportunity for the parties to settle their matter, without going through the entire Formal Resolution Process, and without a finding by the University related to responsibility. The University will not pursue disciplinary action against a Respondent during the Informal Resolution Process. And, if the parties seek an Informal Resolution after an investigation has already begun, the investigation will be suspended, pending the outcome of the Informal Resolution.

Any party interested in pursuing an Informal Resolution should advise the Title IX Coordinator. Engagement in the Informal Resolution Process is completely voluntary, and each party must provide their written consent prior to beginning the process. If both/all parties do not agree to the Informal Resolution Process, the Formal
Complaint will be addressed through the Formal Resolution Process. Most matters will be eligible for the Informal Resolution Process; however, the Title IX Coordinator, in his/her discretion, may determine, based on the allegations in the Formal Complaint, that a matter is not appropriate for Informal Resolution.

- The Informal Resolution Process will be facilitated by the Title IX Coordinator or Designee. The Informal Resolution Process will be initiated within ten (10) calendar days of the receipt of the written consent of both/all parties. The Title IX Coordinator, or Designee, will work with the parties to complete the Informal Resolution Process within thirty (30) days.

- Prior to engaging in the Informal Resolution Process, the parties will receive written notice providing the following information: (i) disclosure of the allegations, (ii) the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations; (iii) notice that prior to agreeing to a resolution, any party has the right to withdraw from the Informal Resolution Process and resume the Formal Resolution Process; and (iv) the consequences resulting from participating in the Informal Resolution Process, including the records that will be maintained or could be shared.

- If the parties reach an Informal Resolution of a Formal Complaint, an agreement that outlines the terms agreed upon by the parties will be prepared and signed by all parties. Each/all parties will be provided with a copy of the signed agreement, and the University will retain a copy in accordance with applicable law and its recordkeeping requirements. Agreements reached via the Informal Resolution Process shall be final and cannot be appealed.

- If the Informal Resolution Process is unsuccessful, or a party requests to end the process before a resolution is reached, or if at any time the Title IX Coordinator, or Designee, determines an Informal Resolution is no longer appropriate, the matter will be addressed through the Formal Resolution Process.

- If a matter is unsuccessful in reaching an informal resolution, and is to be addressed through the Formal Resolution Process, any information related to the Informal Resolution Process will not be admissible during a Hearing. In addition, the individual who facilitated the Informal Resolution Process may not be called as a witness at a Hearing.

**Appeals Process:** Complainants or Respondents may appeal the University’s dismissal of a Formal Complaint (or any allegations therein); or a determination regarding responsibility, including any Disciplinary Sanction(s) imposed.

- **Time to File an Appeal** – An appeal must be in writing, and filed within seven (7) calendar days of the date of the letter informing the parties of the dismissal decision; or the determination regarding responsibility, including any imposition of Disciplinary Sanctions, if applicable. If an appeal is not filed within seven (7) calendar days, the dismissal decision or determination regarding responsibility (including Disciplinary Sanctions, if applicable) will be deemed final.

- **Bases for Appeal** – Review of an appeal will be limited to the following bases:
  - Procedural irregularity or substantive error that affected the outcome of the matter. Deviations from the University’s policy/procedures will not be a basis for sustaining an appeal unless significant prejudice resulted;
  - New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
  - The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual Complainant or Respondent that affected the outcome of the matter; or
  - The Disciplinary Sanction(s) imposed were substantially disproportionate or not appropriate in light of the violation(s).

- **Procedure for Appeal of Dismissal of Formal Complaint or Allegations** – A party who wishes to appeal the Title IX Coordinator’s decision to dismiss the Formal Complaint or an allegation therein, must submit the appeal in writing to the Vice President for Student Affairs and Dean of Students (“VP for Student Affairs”), explaining in
Procedure for Appeal of Determination Regarding Responsibility/Sanctions – A party who wishes to appeal a determination of responsibility, including any Disciplinary Sanction(s) imposed, if applicable, must submit the appeal in writing to the Vice President for Student Affairs and Dean of Students (“VP for Student Affairs”), explaining in detail the basis of the request, and including any supporting documentation. The VP for Student Affairs, or Designee, will review the written appeal, any submission from the other party, and all documentation contained in the case file. The VP for Student Affairs, or Designee, will issue a written decision resolving the appeal, that includes the rationale for the decision, within twenty-one (21) calendar days of receipt of the appeal. The written appeal decision will be issued simultaneously to both/all parties. An assigned Designee shall not be the Title IX Coordinator, DEI Investigator (or Designee), or anyone who would be involved in the determination regarding responsibility.

Notification of Appeal – If a party files an appeal, the other party (ies) will be notified and may make their own written submission in support of or challenging the decision of dismissal/determination of responsibility, to the VP for Student Affairs/Designee, no later than seven (7) calendar days after receipt of such notice.

Effect of Appeal – If there is an appeal of a determination regarding responsibility, including any Disciplinary Sanction(s) imposed, the imposition of the Disciplinary Sanction(s), if applicable, will be deferred pending the decision of the appeal. However, any Interim Suspension, no contact directive or other appropriate Supportive/Interim Measure will remain in effect during the appeal process.

Final Decision – An appeal may be resolved in the following manner:

- A dismissal or determination regarding responsibility, including any Disciplinary Sanctions (if applicable), is affirmed;
- A determination regarding responsibility is affirmed, but the Disciplinary Sanction(s)/Remedies is/are modified;
- A dismissal is reversed, and the matter is returned to the Title IX Coordinator to address in accordance with the policy; or
- A determination of responsibility is reversed, and a new outcome is determined, which may include imposition of Disciplinary Sanctions/Remedies or dismissal of the charges.

The decision made on appeal shall be the final action of the University.

Timelines: All time frames set forth in this policy may be extended by the Title IX Coordinator, DEI Investigator, Hearing Panel Chair, or their Designee for good cause, with written notice to the Complainant(s) and Respondent(s) of the delay and the reason for the delay. Good cause may include, but is not limited to, considerations such as the absence of a party/Advisor, or a witness; the need for language assistance or an interpreter; or a person with disabilities requests a reasonable accommodation.

Retaliation: Any harassment, intimidation, coercion, discrimination or adverse action taken against an individual for the purpose of interfering with their rights under this policy, or because of that individual’s participation in a complaint or investigation of Sexual Harassment/Sexual Assault, will be treated as a separate violation of this policy and will result in immediate action by the University to stop the retaliatory behavior, prevent further violations by the perpetrator, and remedy any adverse impact of the violation.

The University seeking appropriate disciplinary action against any individual who makes a False Report or False Statement does not constitute retaliation.

Record Keeping: The University will retain for a period of at least seven (7) years, the records related to complaints, supportive/interim measures provided, investigations, transcripts or recordings of hearings, determinations of responsibility, informal resolutions, disciplinary sanctions, remedies provided, appeals and training.

Training: The University’s Title IX Coordinator, investigator(s), decision-makers, and any person who will facilitate an informal resolution process, shall receive training, as applicable, on the definition of Sexual Harassment/Sexual Assault,
the scope of the University’s Title IX Sexual Harassment/Sexual Assault Policy, the University’s Education Program or Activity, how to conduct an investigation, how to conduct a hearing, the appeal process, and informal resolution process. They will also receive training on how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. Individuals who will investigate Title IX matters under this policy shall also receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. In addition, any decision-makers shall receive training on the technology to be used at a live hearing, as well as on issues of relevance of questions and evidence, including when questions and evidence about the Complainant’s sexual predisposition or prior sexual behavior are not relevant. The University will use materials to train the Title IX Coordinator, investigator(s), decision-makers, and any person who will facilitate an informal resolution process, which do not rely on sex stereotypes and promote impartial investigations and adjudications of Formal Complaints of Sexual Harassment. These training materials will be made available on the University’s website.

The following are examples of the content of that training received each year: In 2021-2022—Video training series covering topics which include addressing trauma, understanding sexual violence, stalking, sexual harassment, intimate partner violence, role of investigator, due process, documentation, questioning, assessing credibility, deliberations, applying evidence standard and appeals. With respect to investigating Title IX matters, the Employee Relations Managers as well as the AVP of Employee Equity and Labor Relations (all of whom are associated with the Office of Employee Equity) participate in online training (ICS Certified Virtual Training, Levels I and II) in order to learn how to best conduct investigations and draft reports under the Title IX regulations. Upon successful completion of the training, each aforementioned person will be deemed a certified investigator under Title IX.

For example training for 2021 and planned for 2022-2023 included the following:

- ICS Breakdown of New Title IX Regulations
- ICS Virtual Certified Investigator Training Level 1
- ICS Virtual Certified Investigator Training on Report Writing Level 2
- ATIXA Title IX Coordinator Certificate Level 1/ATIXA Investigator Level 1
- ICS Informal Resolution Facilitator Training Level 1
- ICS Adjudicator/Decision Maker Levels 1 and 2
- ICS Advisor Training Levels 1 and 2
- ICS Virtual Certified Decision Maker—Appeals
- Refresher training in the above areas is available to all participants through the ICS Community Access Portal.

For 2022-2023 the Office of Student Equity and Compliance has purchased an institutional membership to the State University of New York (SUNY) enabling access to a host of online courses and resources through the Student Conduct Institute (SCI). Training relevant to Title IX is offered throughout the year to stakeholders directly involved with the process. This includes topics such as, Title IX Investigations, Title IX Investigations for HR Training, and The Neurobiology of Sexual Assault.

Reasonable Accommodations: Any student or employee with a disability who needs a reasonable accommodation to assist with reporting Sexual Harassment/Sexual Assault, responding to claims made against them, participating in the investigation and/or adjudication process, and/or determining Supportive/Interim Measures, should advise the Title IX Coordinator as soon as possible.

How to File a Complaint

As stated earlier in this report if you have been the victim of Domestic Violence, Dating Violence, Sexual Assault, or Stalking, you can report to the Rowan University Police Department (if the victim so desires). You can also report the incident to a Campus Security Authority- CSA and be assisted by them in reporting to include reporting the incident to law enforcement if the victim wishes. Reporting is not limited to victims; the accused, witness or supervisor can report. Complaints are also reported from anonymous sources or those who have less than direct knowledge because they feel obligated to report.

For reports involving allegations against University employees, the Title IX Investigator or appropriate representative of the Office of Employee Equity may conduct the investigation and resolve the issue according to the employee policy. Both parties will receive timely notice of meetings at which the Complainant or Respondent, or both, may be present. In addition, both parties may be accompanied by an advisor of their choice for any meetings with the Title IX Manager.
How the University Determines Whether this Policy will be used
This policy applies when a complaint of sexual misconduct (stalking, sexual assault, domestic violence and dating violence) is made against an employee. Generally, the Office of Employee Equity, in consultation with the Vice President of Human Resources, will determine whether the policy is applicable to a particular complaint.

Decision-Making Process/Formal Procedures
During the initial intake, the investigating officer or authorized designee will obtain information regarding the complaint and determine if interim corrective measures are necessary to prevent continued violations or to provide for individual safety. A prompt and thorough investigation will be conducted. The time for completion of the investigation and an issuance of a determination is 120 days. Investigations that cannot be completed during this time will require notification to the New Jersey State Division of EEO/AA and to the parties involved.

- Findings will be based on a “Preponderance of the Evidence” standard which means whether “It is more likely than not” that the incident happened as alleged and that a violation of the policy was substantiated.
- The investigation process will be confidential to the extent possible.
- Both the accused and complainant may each be accompanied by an advisor of their choice in all meetings throughout the investigatory process. Employees may also have their union representative present if they choose.
- Both parties will receive timely notice of meetings at which the Complainant or Respondent, or both, may be present.

The investigatory report will be submitted to the Vice President of Human Resources (or his/her designee)”, as the President’s Designee for the final letter of determination. If a violation has occurred, the President’s Designee, the Vice President of Human Resources will determine appropriate corrective measures in consultation with Dean’s, General Counsel, Labor Counsel and supervisors. Employees who disagree with the finding may appeal the finding or the discipline depending on their employment status which include but are not limited to the New Jersey Civil Service Commission, the New Jersey Division of the EEO/AA, the President’s Chief of Staff, or the appropriate collective bargaining unit. Appeals must be received within 20 days of notification of finding or disciplinary determination. A written record is maintained of the discrimination/harassment complaints received. Written records are maintained as confidential records to the extent practicable and appropriate. Final determination letters and quarterly reports are submitted to the New Jersey Division of EEO/AA. Employees are notified in writing simultaneously (through separately drafted written letters) if any charges brought against the respondent under the Policy Prohibiting Discrimination in the Workplace and Educational Environment have been determined to be substantiated. If any such charges are determined to be substantiated, the letter sent to the respondent will indicate if corrective measures are being recommended. If any corrective measures are recommended, the letter sent to the respondent will direct the appropriate office (usually, the Office of Labor Relations) to consider and effectuate the appropriate corrective action process for the particular respondent. As a note, in the case of any substantiated charges, the letter sent to the complainant will not indicate any specific corrective measures that will be sought with respect to the respondent, but rather a generalized statement that any and all appropriate measures will be sought to address the matter.

Upon completion of the investigation, the Vice President of Human Resources or designee may determine that the employee found in violation of the policy may be subject to disciplinary action including removal from Rowan facilities, reduction in rank/salary, reassignment, written reprimand, suspension or termination of employment for cause. In appropriate cases, employees may be required to attend appropriate training or other remediation as a condition of employment. The University may also take any other appropriate corrective action to prevent recurring conduct and to correct its effect on the complainant and others.

- Findings will be based on a “Preponderance of the Evidence” standard which means whether “It is more likely than not” that the incident happened as alleged and that a violation of the policy was substantiated.
- The investigation process will be confidential to the extent possible.

Advisor of Choice: Both the accused and complainant may each be accompanied by an appropriate observational support figure (who is not substantively connected with the underlying matter being investigated) in any meetings
Throughout the investigatory process. For an employee in a job title represented by a union, the Employee may have a union representative present as an observer in the meeting as well.

- Both parties will receive timely notice of meetings at which the Complainant or Respondent, or both, may be present.

**Assistance for Victims/Rights and Options:** From our initial point of contact with the victim, through the final disposition of their case, we will make every effort to ensure that the victims and witnesses are treated with dignity and compassion by the criminal justice system. As explained earlier, regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the university will assist victims of sexual assault, domestic violence, dating violence, and stalking. It will provide each victim with a written explanation of their rights and options. Including the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault and stalking. Such written information will include:

- the procedures victims should follow if a crime of dating violence, domestic violence, sexual assault or stalking has occurred;
- information about how the University will protect the confidentiality of victims and other necessary parties;
- a statement that the University will provide written notification to students and employees about victim services within the institution and in the community;
- a statement regarding the University’s provisions about options for, available assistance in, and how to request accommodations and protective measures.

**Range of Protective Measures Available to Victims Alleging Employee/Student Sexual Misconduct (Dating/Domestic Violence, Sexual Assault and Stalking):** (Prompt, fair and impartial process will be used)

In review, when an alleged incident of sexual misconduct is brought to the attention of the University, the University will promptly take effective steps to end the misconduct, prevent further violations, and remedy the effects of the violation on the complainant and others, if appropriate. In the event that a complainant elects not to report or is unable to report the violation, the University will undertake reasonable efforts to investigate what occurred. The University reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct in order to protect students’ and employees’ rights and the personal safety of members of the community. While the University’s investigation is pending, the University will offer interim measures to protect the parties and others. The University will maintain as confidential any protective measures provided to the complainant, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the protective measures. These measures can be offered regardless of whether or not the complainant chooses to report the crime to Rowan Public Safety or local law enforcement.

Interim measures may include but are not limited to the following:

Safety plan development (including safety escorts, special parking arrangements), no contact directives, interim suspension from campus or residence privileges, changing working situations and transportation (such as having the student or employee park in a different location), provide assistance with the University disciplinary process, referrals to on-campus resources or reporting to police. Further examples may include:

New Jersey Sexual Assault Complainant’s Bill of Rights
Overview: A college or university in a free society must be devoted to the pursuit of truth and knowledge through reason and open communication among its members. Academic communities acknowledge the necessity of being intellectually stimulating where the diversity of ideas is valued. Its rules must be conceived for the purpose of furthering and protecting the rights of all members of the university community in achieving these ends. The boundaries of personal freedom are limited by applicable state and federal laws and institutional rules and regulations governing interpersonal behavior. In creating a community free from violence, sexual assault and non-consensual sexual contact, respect for the individual and human dignity are of paramount importance. The state of New Jersey recognizes that the impact of violence on its victims and the surrounding community can be severe and long lasting. Thus, it has established this Bill of Rights to articulate requirements for policies, procedures and services designed to insure that the needs of victims are met and that the colleges and universities in New Jersey create and maintain communities that support human dignity.

Human Dignity Rights: to be free from any suggestion that victims must report the crimes to be assured of any other right guaranteed under this policy; to have any allegations of sexual assault treated seriously; the right to be treated with dignity; to be free from any suggestion that victims are responsible for the commission of crimes against them; to be free from any pressure from campus personnel to: report crimes if the victim does not wish to do so, report crimes as lesser offenses than the victim perceives the crime to be, refrain from reporting crimes, refrain from reporting crimes to avoid unwanted personal publicity.

Rights to Resources On and Off Campus: to be notified of existing campus and community based medical, counseling, mental health and student services for victims of sexual assault whether or not the crime is formally reported to campus or civil authorities; to have access to campus counseling under the same terms and conditions as apply to other students in their institution seeking such counseling; to be informed of and assisted in exercising: any rights to confidential or anonymous testing for sexually transmitted diseases, human immunodeficiency virus, and/or pregnancy, any rights that may be provided by law to compel and disclose the results of testing of sexual assault suspects for communicable diseases.

Campus Judicial Rights: to be afforded the same access to legal assistance as the accused; to be afforded the same opportunity to have others present during any campus disciplinary proceeding that is allowed the accused; to be notified of the outcome of the sexual assault disciplinary proceeding against the accused.
Legal Rights: to have any allegation of sexual assault investigated and adjudicated by the appropriate criminal and civil authorities of the jurisdiction in which the sexual assault is reported; to receive full and prompt cooperation and assistance of campus personnel in notifying the proper authorities; to receive full, prompt and victim-sensitive cooperation of campus personnel with regard to obtaining, securing and maintaining evidence, including a medical examination when it is necessary to preserve evidence of the assault.

Campus Intervention Rights: to require campus personnel to take reasonable and necessary actions to prevent further unwanted contact of victims by their alleged assailants; to be notified of the options for and provide assistance in changing academic and living situations if such changes are reasonably available.

Statutory Mandates: Each campus must guarantee that this Bill of Rights is implemented. It is the obligation of the individual campus governing board to examine resources dedicated to services required and to make appropriate requests to increase or reallocate resources where necessary to ensure implementation. Each campus shall make every reasonable effort to ensure that every student at the institution receives a copy of this document. Nothing in this act or in any “Campus Assault Victim’s Bill of Rights” developed in accordance with the provisions of this act shall be construed to preclude or in any way restrict any public or independent institution of higher education in the state from reporting any suspected crime or offense to the appropriate law enforcement authorities.

In New Jersey, a victim of domestic violence, dating violence, sexual assault or stalking also has the following rights:
- To be informed about the criminal justice process.
- To be free from intimidation.
- To have inconveniences associated with participation in the criminal justice process minimized to the fullest extent possible.
- To make at least one telephone call from the police station provided the call is reasonable in both length and location called.
- To medical assistance if, in the judgment of the law enforcement agency, medical assistance appears necessary.
- To be notified if presence in court is not needed.
- To be informed about available remedies, financial assistance and social services.
- To be compensated for their loss whenever possible.
- To be provided a secure, but not necessarily separate, waiting area during court proceedings.
- To be advised of case progress and final disposition.
- To the prompt return of property when no longer needed as evidence.
- To submit a written statement about the impact of the crime to a representative of the county prosecutor’s office which shall be considered prior to the prosecutor’s final decision concerning whether formal criminal charges will be filed; and
- To make, prior to sentencing, an in-person statement directly to the sentencing court concerning the impact of the crime. This statement is to be made in addition to the statement permitted for inclusion in the persistence report.

Rights at Rowan University: All parties (Complainants and Respondents) involved in a Title IX matter at Rowan University (including domestic violence, dating violence, sexual assault or stalking) are equally entitled to rights as outlined at: https://sites.rowan.edu/diversity-equity-inclusion/departments/osec/titleix/ix-student-rights.html

Orders of Protection: The Rowan University Police Department takes Domestic Violence, which includes Dating Violence very seriously. Our officers will respond immediately to any call regarding Domestic Violence; it is the primary duty of our responding officers to enforce the law and to protect the victim in any Domestic/Dating Violence situation. For your safety, we encourage people who are experiencing Domestic/Dating Violence to call the police as soon as safely possible. If you were unable to contact the police or were too afraid to contact the police at the time the violence
occurred, you can still make a report later. As a victim of Domestic/Dating Violence, it is your right to file a police report in any of the following locations:

- In the jurisdiction where the act of DV occurred
- In the jurisdiction where the defendant resides
- In the jurisdiction where the victim resides or is sheltered – this means if you are a Rowan student, living on campus, you can make a report with the Rowan Police (even if the act of DV was committed somewhere else)

**Restraining Orders:**

- There are two different types of restraining orders – Temporary Restraining Orders (TRO) and Final Restraining Orders (FRO). Both types of restraining orders are legally enforceable documents that prohibit your abuser from having contact with you. When a restraining order of any type is in effect, your abuser cannot see you, or contact you in any way. If your abuser violates the restraining order, he or she will be arrested.
- A TRO is just what it sounds like – temporary. A victim of Domestic Violence can apply for this type of restraining order at any time. If granted, the TRO will remain in effect until a scheduled hearing with a Family Court judge. At this hearing you will explain to the judge why you filed for a TRO, and the judge will decide whether or not you need a Final Restraining Order. Your abuser will also be at the FRO hearing and will have a chance to give his/her side of the story to the judge. If the judge grants a FRO, that order will remain in effect permanently (unless you choose to have the order dismissed).

**How can I get a Temporary Restraining Order (TRO)?**

If the incident is not in progress, there are two ways to apply for a TRO. On Monday through Friday between the hours of 8:30am – 3:30pm, you can go directly to the Family Court for your county. Or, you can go to your local police department.

- Gloucester County - 2 South Broad Street, Woodbury, NJ 08096 (856) 686-7410
- Camden County - 101 South 5th Street, Camden, NJ 08103 (856) 379-2200

Once you arrive at the courthouse, tell a court employee that you are there to apply for a TRO. They will give you papers to fill out and provide assistance to you. If you are not comfortable going to the courthouse by yourself, or if you are confused about the process, contact the Rowan Police Department at (856) 256-4922. A Rowan police officer will assist you in filing for a TRO. If you wish to apply for a TRO at any time other than regular business hours, contact the Rowan University Police Department. An officer will assist you in applying for a TRO over the phone. The officer will take a statement from you regarding the incident of domestic violence that prompted you to apply for the TRO. The officer will then contact a Municipal Court Judge via phone. The judge will speak to you briefly on the phone, and will then make a determination of whether or not to grant your TRO.

- When your TRO is granted, you will be given a court date to appear before a judge in Family Court. At the Family Court hearing, the judge will determine whether or not to grant a Final Restraining Order.

Rowan University complies with New Jersey law in recognizing orders of protection TRO, Temporary Restraining Orders and FRO, Final Restraining Orders. Family court will provide a copy of the order to Campus Police and the Office of the Title IX Coordinator. A complainant (student or employee) may then meet with Campus Police to develop a Safety Action Plan, which is a plan for campus police and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom location or allowing a student to complete assignments from home, etc. The University cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services in conjunction with campus law enforcement, local law enforcement and the appropriate county services which in each county.
University Issued Campus-No Contact Orders:
The Title IX Coordinator, Dean of Students, and the Office of Residential Learning and University Housing can assist with a variety of measures including a no contact order, academic support, transportation, (working situations - Office of Employee Equity), no trespassing directive (Public Safety) to the accused and housing accommodations whether or not there is a formal complaint filed. [http://www.rowan.edu/equity/titleix/](http://www.rowan.edu/equity/titleix/) or call (856) 256-5440 for more information.

Protective Order: CPO, sometimes also referred to as a temporary restraining order (TRO), is a legal document that bars an individual from certain types of contact with the person who is awarded the order. A violation can result in criminal charges. Rowan Public Safety can provide information and support you through this process as explained earlier in this section.

Upon notice of an incident or at the request of a complainant Student Affairs administrators may issue an institutional no contact directive to the involved students. The mutual no contact directive is effective both on and off campus and will typically remain in place for the remainder of students’ academic careers. Students may appeal to a designated Student Affairs Administrator to request that the directive be modified or lifted. Alleged violations of the directive are enforced under the Student Code of Conduct. The final disposition of a no contact directive is determined by the Title IX investigation and/or the adjudication of the complaint through the University disciplinary process. To the extent of the involved students’ cooperation and consent, university offices will work cooperatively to ensure that the students’ health, physical safety, work and academic status are protected, pending the outcome of a formal university investigation of the complaint. Employees are protected through various changes including change of schedule, change of work location, paid administrative leave and referral to the Employee Advisory Services.

Confidentiality: Title IX Sexual Harassment/Sexual Assault Policy, SL: 2020:01, revised. 9-1-21.
Rowan University is committed to responding to sexual misconduct and is required by Federal Law to investigate all allegations and take any remedial action deemed necessary to preserve your safety and that of the community, whether or not you wish to make a formal complaint. When the University is made aware of a report or allegation of Sexual Harassment/Sexual Assault, the University will endeavor to maintain the confidentiality of the matter and of all individuals involved to the extent permitted by law. The University will balance the needs of the individuals involved (Complainant and Respondent) with its obligation to fully investigate allegations and to protect the safety and wellbeing of the community at large. In all cases, the University and its employees will respect the dignity and rights of all individuals.

Responsible Employees: When consulting campus resources, individuals should be aware that certain employees are Responsible Employees who under this policy are required, after receiving information regarding Sexual Harassment/Sexual Assault, to report it to the Title IX Coordinator. These include, but are not limited to, Public Safety Police and Security Officers, managers and supervisors, coaches, club and organization advisors, faculty, Deans, and Residential Learning staff (Resident Assistants, Community Safety Assistants, Resident Directors, and Residential Learning Coordinators). Knowledge of an incident of Sexual Harassment/Sexual Assault by a Responsible Employee (other than those who also have authority to institute corrective measures on behalf of the University) does not constitute Actual Knowledge by the University.

If an individual has reported information to a Responsible Employee, but the individual would like for the report to remain confidential, the student should contact the Title IX Coordinator, who will evaluate the individual’s request for confidentiality. The Grievance Process will only be initiated when a Formal Complaint has been filed with or by the Title IX Coordinator.

Confidential Resources – Students: Students who desire that details of an incident be kept confidential can receive confidential services through the Counseling & Psychological Services Center (856-256-4333), which is located in the Wellness Center at Winans Hall. Counselors with specialized training are available to support students who report Sexual Harassment/Sexual Assault. Counselors are available to help you free of charge, and can be seen on an emergency basis. The Student Health Center (856-256-4222) can also provide confidential consultation with students and may offer treatment to prevent sexually transmitted infections or pregnancy. In circumstances where the Health Center is unable to offer these services, they will provide a referral to an appropriate medical resource. In addition, you may speak with members of the clergy, who will also keep reports made to them confidential. LGBTQIA+ students who would like to speak with a confidential resource should know that every counselor at the Wellness Center is committed to supporting students of all gender identities, gender expressions, and sexual orientations. When speaking with these resources, a student’s right to confidentiality is legally protected. However, there are limits to this protection in specific situations. For example, if a student discloses that the incident involved the use of a weapon or other contraband as defined by New Jersey law, or there is an ongoing threat or danger to the safety of another person (particularly children or the elderly), these resources may be required to report the incident to police.

Confidential Resources – Employees: Employees who desire that details of an incident be kept confidential can receive confidential services through the New Jersey Employee Advisory Service (1-866-327-9133).

Federal Statistical Reporting and Federal Timely Warning Obligations: Certain campus officials have a duty to report Sexual Harassment/Sexual Assault for federal statistical reporting purposes. All personally identifiable information is kept confidential, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location (on or off-campus, in the surrounding area, etc. with addresses withheld), for publication in the annual Campus Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime to ensure greater community safety.

Individuals who report Sexual Harassment/Sexual Assault should also be aware that University administrators may be required to issue timely warnings for certain incidents reported to them that pose a substantial threat of bodily harm or
danger to members of the community, to aid in the prevention of similar occurrences. The University will withhold the names and other personally identifiable information of individuals as confidential, while still providing enough information for community members to make decisions related to their safety in light of the danger.

Confidential Rowan Resources:

- Students who desire that details of an incident be kept confidential can receive confidential services through the Counseling & Psychological Services Center (856-256-4333), which is located in the Wellness Center at Winans Hall. The Student Health Center (856-256-4222) can also provide confidential consultation with students and may offer treatment to prevent sexually transmitted infections or pregnancy. You can come in person to both CPS and SHS: The Wellness Center Winans Hall 201 Mullica Hill Rd. Glassboro Campus
- LGBTQ students who would like to speak with a confidential resource should know that every counselor at the Wellness Center is committed to supporting students of all gender identities, gender expressions, and sexual orientations
- When speaking with these resources, a student’s right to confidentiality is legally protected. However, there are limits to this protection in specific situations. For example, if a student discloses that the incident involved the use of a weapon or other contraband as defined by New Jersey law, or there is an ongoing threat or danger to the safety of another person (particularly children or the elderly), these resources may be required to report the incident to police.

If you are aware of any information that may assist in an investigation, you can also contact the Department of Public Safety: Anonymous Crime Tip Hotline: (856) 256-7428. Please provide as much information as possible, such as crime date, time of incident, suspect’s name, and/or location. All information will be kept confidential.

Additionally, personally identifiable information about the victim and other necessary parties will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures. The University does not publish the name of crime victims nor house identifiable information regarding victims in the Public Safety Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Timely Warning Notice is issued on the basis of a report of domestic violence, dating violence, sexual assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld. Victims may request that directory information on file be removed from public sources by a request to Public Safety Department designee.

In review, as explained earlier in this report, Rowan University provides written notification to all victims of sexual assault, domestic violence, dating violence or stalking about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration, student financial aid and other services available for victims, both at Rowan University and in the surrounding communities. The written notification to students and employees includes accommodations options available to them, including academic, living, transportation, protective orders and working situations. Including available assistance in requesting accommodations and protective measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodations). Also written notification is provided to all students and employees annually through the Rowan University “Daily Mail”. It is practice that once the Title IX (OSEC) office receives a report of an incident of sexual assault, domestic violence, dating violence or stalking, the victim will receive an offer of assistance letter. A hard copy of this resource list is also provided to victims upon meeting with Public Safety. This same list is also available online and is emailed to any inquiring individuals.
Notification to Victims of Crimes of Violence: The University will disclose to the alleged victim of a crime of violence, (which includes Domestic Violence, Dating Violence, Sexual Assault and Stalking), the report on the results of any disciplinary proceeding conducted by Rowan University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Registered Sex Offender

Campus Sex Crimes Prevention Act (CSCPA)

The "Campus Sex Crimes Prevention Act" is a federal law that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus. The Act requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student. The law further requires that state procedures ensure that this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate State records or data systems. Reference the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921)

Employing a departmental involvement philosophy toward our crime prevention programs throughout the University. The program’s objective is to communicate safety and security concepts throughout all of our campus communities. A few simple precautions or a bit of knowledge might be the difference in a student or staff member becoming a victim of a crime. Our job is to educate the campus community of these concepts and reinforce them.

Using in-person presentations as well as printed materials, Crime Prevention educates students and staff in the following areas: The Crime Prevention Triangle, Crime Prevention through Environmental Design, Use of our Shuttle Service, Using our Emergency/Assistance Phones, Car and Bike Security, Date Rape/Sexual Assault Prevention, Rape Aggression Defense training, as well as other timely issues in public safety, such as available on line Active Shooter training. Outreach also includes email and message board announcements/bulletins, staffing tables at events, monthly “Coffee with a Cop” at the Glassboro and RSOM campuses and also providing in-person presentations, as well as printed materials. Officers are available upon request to provide training presentations on all our campuses. Our website also offers security awareness /crime prevention tips and resources for you: https://sites.rowan.edu/publicsafety/safetysecurity/index.html

Shuttle service is free to Rowan University students, faculty and staff with a valid Rowan ID. To catch the Campus Shuttle, to view the stops on a map and details on schedules, etc., please go to: [https://sites.rowan.edu/shuttle-services/](https://sites.rowan.edu/shuttle-services/)

**Walking Escort Service:** Rowan University is committed to the mission to ensure the health, safety, and welfare of the Rowan community. The Department of Public Safety offers a walking escort service for any student, employee, or visitor who may feel unsafe walking from one location to another on campus.
- At the Glassboro or Rowan SOM-Stratford campuses call (856) 256-4922 to request a walking escort.
At CMSRU or RUCAB campuses call the following: CMSRU (856) 361-2880/RUCAB (856) 361-2992 or 2991, or stop at the front desk of Rowan Security to request an escort.

At this time, a walking escort is not available at RSOM – Sewell campus

Note: This program will assign calls as they are received. There may be a delay in responding to your request due to a high volume of calls or other unforeseen circumstances.

Bike Patrol: The Rowan University Bike Patrol Unit is comprised of a mixture of security officers and police officers. The Bike Patrol Unit operates twenty-four hours a day seven days a week, weather permitting at the Glassboro and RowanSOM – Stratford campuses only. These officers perform the same duties as other uniformed officers on campus however; they are able to navigate more easily throughout the campus.

The benefits of having the bike unit on campus are that it promotes high visibility of the officers, which enables the campus community to feel safer while moving about the campus. It also makes the officer more approachable to the students, faculty, and staff in a time of need. It allows the officer to interact more easily with the Rowan community. The bike patrol officers are able to conduct routine patrol functions that a patrol officer in a vehicle would not be able to complete. The Rowan University Bike Patrol Unit welcomes interactions with the Rowan University community so please do not hesitate to approach a bike officer and ask questions. Please feel free to contact the Department of Public Safety with any questions you may have about our bike unit.

Rape Aggression Defense (R.A.D): The Rape Aggression Defense System is a program of realistic, self-defense tactics and techniques. It is a comprehensive course for women that begin with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. R.A.D. is not a martial arts program. Our courses are taught by certified R.A.D. instructors and provide you with a workbook/reference manual. This manual outlines the entire physical defense program for reference and continuous personal growth. The R.A.D. System of Physical Defense is currently being taught at many colleges and universities. The growing, widespread acceptance of this system is primarily due to the ease, simplicity and effectiveness of our tactics, solid research, and unique teaching methodology.

The R.A.D. Systems is dedicated to teaching women defensive concepts and techniques against various types of assault, by utilizing easy, effective and proven self-defense tactics. Our system of realistic defense will provide a woman with the knowledge to make an educated decision about resistance.

R.A.D. Objective: "To develop and enhance the options of self-defense, so they may become viable considerations to the woman who is attacked."

- Somewhere in America, a woman is sexually assaulted every 2 minutes, according to the U.S. Department of Justice.
- Approximately 68% of rape victims knew their assailant. [Violence against Women. Bureau of Justice Statistics, U.S. Dept. of Justice, 1994]

Safety and survival in today’s world requires a definite course of action. We provide effective options by teaching women to take an active role in their own self-defense and psychological well-being.

R.A.D. Course Description: 12 hr. Basic Physical Defense class: https://sites.rowan.edu/publicsafety/safetysecurity/rad/index.html

**Session 1**
Utilizing the R.A.D. student manual, students will be involved in a discussion of risk reduction strategies, date rape, continuum of survival, defensive strategies and the basic principles of defense. We also discuss the pros and cons of defensive weaponry, how to develop a defensive mindset, understanding offensive and defensive postures, recognizing vulnerable locations and utilizing personal weapons.

**Session 2**
Participating students will begin the process of hands on training. The techniques utilized by R.A.D. Systems are based on simple gross motor skills and are developed to the point that they become instinctual through repetition. Students
will have the opportunity to use these techniques in dynamic impact training by striking padded equipment held by the instructors. All techniques target a single attacker.

Session 3
Participating students will continue to refine the skills previously learned with "practice, practice and practice."

Session 4
Students will then participate in "simulated assault" scenarios with R.A.D. instructors, who along with participants, wear state-of-the-art protective gear specifically designed for this training. Women have the opportunity to utilize their skills in a safe training environment.

Remember: As part of the security/crime prevention awareness programs, students and employees are encouraged to be responsible for their own security and the security of others at all our Rowan University campuses. Keep in mind, a few simple precautions or a bit of knowledge might be the difference in a student or staff member becoming a victim of a crime. Our job again is to educate the entire Rowan campus community of these concepts and reinforce them once everyone is educated. We also attempt to locate problem areas or situations on all campuses, i.e. lighting, unsecured equipment, etc. Your safety and security is of our utmost concern. Daily Crime and Fire Log
The Public Safety Department maintains a Daily Crime Log and a Daily Fire Log of incidents reported to the Public Safety Department following Clery Act guidelines. The Daily Crime Log includes crimes that occur on campus, areas patrolled by the University Police and non-campus buildings or properties, on public property within the Borough of Glassboro, Mantua, Sewell, Harrison Townships, the City of Camden and the Borough of Stratford. The Daily Fire Log includes fires in University on campus student housing facilities.

The Daily Crime and Fire Logs include the incident type, date incident is reported, date and time of occurrence, and general location of each reported incident type, as well as the disposition of the incident, if this information is known. The Public Safety Department posts specific incidents in the Daily Crime and Fire Logs within two (2) business days of receiving a report of an incident and reserves the right to exclude reports or certain information about reports from a log, in certain circumstances, as permitted by law. The log is not intended to identify victims of incidents but, rather provide awareness to our community. The University’s newspaper, “The Whit” has also published information on crime incidents and their locations derived from the Daily Crime Log, in order to provide awareness to our campus community.

Note: In Sexual Offenses that may have occurred in University Residential Housing, the “General Location” on the log may not specifically identify the specific involved building. In our effort to protect the identification of the victim, it may only identify the location as “On Campus Residential Housing”.

The Crime Log and Fire Log are available for public inspection online at:

Rowan University Crime Statistics
Definitions of Crime Reporting Categories: The following crime and geographic location definitions are used in the statistics categories used for reporting for Clery Act purposes. These categories include Clery Act designated offenses (see below), Hate Crimes, VAWA offenses (Dating Violence, Domestic Violence, Sexual Assault and Stalking), Arrests and Disciplinary Referrals for Weapons, Drug Abuse and Liquor Law Violations.

Under the Clery Act, for the purposes of counting and disclosing Criminal Offense, Hate Crime, arrest and disciplinary referral statistics are based on definitions provided by the Federal Bureau of Investigation’s (FBI’s) Uniform Crime Reporting (UCR) Program. The definitions for Murder, Rape, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Weapons Carrying, Possessing, etc. Law Violations, Drug Abuse Violations, and Liquor Law Violations are from the Summary Reporting System (SRS) User Manual from the FBI’s UCR Program. The definitions of Fondling, Incest and Statutory Rape are from the FBI’s National Incident-Based Reporting System (NIBRS) Data Collection Guidelines edition of the UCR. Hate Crimes are classified according to the FBI’s Uniform Crime Reporting Hate Crime Data Collection Guidelines and Training Manual. Although the law states that institutions must use the UCR Program definitions, Clery Act crime reporting does not have to meet all of the other UCR Program standards. For the categories of Domestic
Violence, Dating Violence and Stalking, the Clery Act specifies that you must use the definitions provided by the Violence Against Women Act of 1994 and repeated in the Department’s Clery Act regulations. For Clery Act purposes, it is essential that institutions classify and count reported incidents based on the definitions specified by the Clery Act.

Note: These definitions may not be the same for these offenses under New Jersey Criminal Code (Title 2C).

**Crime Offenses:**

**Aggravated Assault:** An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

  - Which manifests evidence that the victim was intentionally selected because of the perpetrator’s bias.

- The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
- For the purposes of this definition-
Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

Annual Fire Safety Report and Statistics

The Higher Education Opportunity Act (HEOA) requires fire safety-related requirements by institutions that participate in federal student financial aid programs:

Annual Fire Safety Report: Institutions with on-campus student housing facilities must publish annually a fire safety report that provides information on campus fire safety practices and standards. Rowan University complies with this regulation by including all fire-related incidents at on-campus student housing facilities as part of the Annual Security and Fire Safety Report. Information contained in this annual fire safety combined report includes: the number and cause of fires at all on-campus buildings which include all student housing facilities; number of fire-related deaths; related injuries; value of fire-related property damage; information on evacuation procedures; fire safety education and training programs; fire safety systems in each student housing facility; number of regular mandatory supervised fire drills; and policies on portable electrical appliance, smoking and open flames. The Annual Fire Safety Report must include the prior three (3) years of data. The University must submit the fire statistics from the fire safety report annually to U.S. Department of Education.

Fire Log: Institutions must keep a fire log that states the nature of the fire, date, time, and general location of each fire in on-campus student housing facilities. Rowan University complies with this rule by including all fire-related incidents in the Daily Fire Log. To view this information please visit the DPS website for daily crime and fire-related incidents at: https://sites.rowan.edu/publicsafety/clery/crimeandfire/index.html

To Report a Fire: Call 911

Non-Emergency Fire Safety falls under Environmental Health & Safety (EHS):

(856) 256-5105  https://sites.rowan.edu/facilities/Departments/Operations/EHS/index.html

Under the authority of the New Jersey Division of Fire Safety, the Rowan University Fire Safety Office (a division of the Environmental Health and Safety Office) is charged with the responsibility of enforcing the provisions of the International Fire Code, New Jersey Edition, and is the authority having jurisdiction with respect to fire safety regulations, policies and procedures. The Fire Safety Office is staffed with dedicated fire safety professionals who regularly inspect all University premises to assure compliance with fire safety regulations, test fire protection systems and equipment, and conduct employee training programs to familiarize staff with fire hazards and procedures to be followed in an emergency. Furthermore, employees are apprised of the fire hazards of the materials and processes with which they work during state-mandated Right-to-know training. Rowan University buildings are equipped with fire extinguishers in accordance with the requirements of the construction and/or fire safety codes. Employees are not expected to utilize these devices nor are they trained in their use due to the danger to their personal safety, which would result from attempting to extinguish a fire. Many buildings are protected by automatic sprinkler systems. All major buildings are equipped with automatic fire detection and alarm systems, which are constantly, monitored by a private company and reported to the Department of Public Safety Communications Center. Special hazards, such as chemical storage, high voltage electrical, cooking, spray painting and computer installations are protected by fixed suppression systems in addition to the aforementioned types of built-in protection. There are no fire hoses for building occupant use located in any University building; only fire hose connections for fire department use exist.

All fire protection systems are inspected at the frequencies required by the International Fire Code, New Jersey Edition. These include automatic sprinkler systems, standpipe systems, fixed suppression systems, fire alarm systems, emergency power generators, fire pumps, fire extinguishers and fire hydrants. All residential buildings are equipped with fire sprinkler systems.

Fire safety inspections generate formal, written Notices of Violation, which are issued to the individual responsible for the correction of an observed fire hazard. Re-inspections are established and are conducted. There is a process that is
followed for granting extensions of time for hazard abatement, as well as handling uncorrected cited hazards. The Fire Safety Office is empowered, by New Jersey Regulation, to order the abatement of cited fire hazards, to assess penalties for non-compliance, and to issue punitive closing notices and vacate buildings where uncorrected hazards exist. For further information regarding fire safety, to request assistance in developing office fire safety plans, or to schedule a fire safety training session contact the Fire Safety Office at (856) 256-5105. See also Emergency Preparedness site: http://www.rowan.edu/emergency/fire/index.cfm#

Health and Safety Inspections: Residential Learning and University Housing staff performs inspections throughout University housing facilities each semester. Residents are notified beforehand of the inspection process. The inspections are conducted to identify safety violations as well as conditions, which may be detrimental to the health or well-being of the University community. Violations of published policies may result in administrative fines or be referred to the Office of Community Standards for disciplinary action as appropriate.

These inspections include a visual examination of electrical cords, placement of televisions and other electronic equipment. In addition, each room is examined for the presence of prohibited items such as candles, halogen lamps, unauthorized cooking appliances, pets, etc. Rooms are also examined for prohibited activity such as removal of door closers, unauthorized door locking or alarm mechanisms, removal of security screens or other equipment, tampering with fire or life safety equipment, etc. This inspection also includes a general assessment of cleanliness of the room, including food and waste storage.

Fire Definitions (for reporting purposes):
Fire is defined as any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Cause of Fire is defined as the factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.

Classifications of Fire: Unintentional and Intentional.
- Unintentional Fire: A fire that does not involve an intentional human act to ignite or spread into an area where the fire should not be.
  Examples:
  - Cooking: Grease fire on stove top, oven or microwave
  - Smoking Materials: Discarded lit cigarette butt
  - Open Flames: Candles
  - Electrical: Electrical arcing, overheated electrical motor
  - Heating Equipment: Heating stoves, space heaters, fireplaces, furnaces, water heaters
  - Hazardous Products: Spontaneous combustion; chemical reaction
  - Machinery/Industrial: Heat from friction (e.g. fan belts); cutting and welding
  - Natural: Fires that result from a natural phenomenon, i.e. tornadoes, lighting and earthquakes
  - Other: Fireworks (including sparklers), paper caps, party poppers and firecrackers, sunlight magnified through glass or bottle), fire that start in a building that is not an on-campus student housing facility and spread to an on-campus student housing facility.

- Intentional Fire: A fire that is ignited; or that results from the deliberate action, in circumstances where the person knows there should not be a fire.
  Examples:
  - Fire in a dorm restroom has been investigated by fire authorities and determined to be Arson. Perpetrator used matches to ignite paper towels.

- Undetermined Fire: A fire nature which cannot be determined.
Examples:
  - Investigators cannot determine whether a couch was smoldering because someone accidentally dropped a
    lighted cigarette behind a cushion, or because someone intentionally set it on fire.

Fire-related Injury is defined as any instance in which a person is injured as a result of a fire, including an injury sustained
from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of the
fire. The term “person” may include students, employees, visitors, firefighters or any other individuals.

Fire-related Death is defined as any instance in which a person is killed as a result of a fire, including death resulting from
a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or
dies within one year of injuries sustained as a result of the fire.

Value of property damage is defined as the estimated value of the loss of the structure and contents, in terms of the
cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and related
damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business
interruption.

Estimated U.S. Dollar Loss Related to Fire Incidents: Estimated total U.S. dollar loss of both contents and structure or
property destroyed because of a fire incident, not loss of business.

Fire Safety System is defined as any mechanism or system related to the detection of a fire, the warning resulting from a
fire, or the control of a fire. This may include sprinkler systems or other fire extinguishing systems, fire detection devices,
stand-alone smoke alarms, devices that alert one to the presence of a fire, such as horns, bells, or strobe lights; smoke-
control and reduction mechanisms; and fire doors and walls that reduce the spread of a fire.

Fire Drill is defined as a supervised practice of a mandatory evacuation of a building for a fire.

Other Fire Safety Information:

Evacuation Procedures Posted: When a fire alarm is activated, evacuation is mandatory. Do not use elevators; evacuate
the building using the nearest available exit and proceed to the pre-designated area to begin an accountability and
assessment process. Further explained in following sections of this report.

Fire Alarms Monitored: Fire alarms are monitored 24 hours a day, seven days a week, 52 weeks a year for the Public
Safety Department by an off-site central station company, that notifies public safety of alarm activations.

Fire Safety Training Programs Delivered: Conducted annually and planned for 2022-2023, fire prevention and safety
training programs are delivered, when possible by the University’s Fire Safety Office or other responsible persons of
authority within the University to occupants of residence halls, concerning fire prevention and preparedness consists of
procedures to use a fire extinguisher and evacuations procedures of residences halls. University Facilities Operations
through its Code Compliance office provides this Fire Safety training during the year as requested by any student, staff
or organization. The fire extinguisher program is explained as follows:

Program:
- The Program that is offered is one of hands on training with a LED Training Module Laser Driven Fire Extinguisher.
- Also there is the capability to train with a live burn pan and pressurized water fire extinguisher.
- Clearly identifies the circumstances that would prompt the use of a fire extinguisher rather than directly exiting
  the building.

Training:
- The size of the group will determine the length of the program.
- The program will cover the different types of fires that may be encountered on campus.
- Demonstrator will show the correct way to sweep a fire with a fire extinguisher.
Identify which type of extinguisher to use for the category of fire you are dealing with.

The program will emphasize that personal safety is the priority and one never picks up a fire extinguisher without first identifying a clear path of egress, so when in doubt exit the building.

Beginning in the Fall of 2022, the Fire Safety Team is hoping to create and provide a virtual training experience for Community Assistants and other Residential Learning and University Housing staff to participate in. This training will include annual fire safety training regarding fire safety protocols, expectations, prohibited items and other safety concerns, including proper building egress for emergencies. Resident Students receive information about fire safety prevention practices in their check-in packet, and fire safety information is addressed by Community Assistant at hall meetings orienting students to the housing facilities upon check-in. Information about fire safety policies and items that are prohibited due to fire hazards, including candles, open flames, and extension cords, is discussed. Posters about fire safety and prohibited items are displayed in every residence hall. Residents in apartments with kitchen facilities also receive flyers with detailed information about safe cooking and fire prevention practices. Residential Learning and University Housing also collaborates with other offices and outside agencies to provide a wide variety of programs annually.

Buildings Equipped with Fire Alarm Systems and Smoke Detectors: Buildings have functional fire alarm systems and smoke detectors installed. Please note that all residence halls are equipped with a functional fire sprinkler and fire alarm systems.

Buildings Protected with Automatic Sprinkler System Throughout: Indicates an automatic sprinkler system protects all areas of a building. Note: All residence halls are equipped with sprinkler systems throughout.

Emergency Evacuation Drills (formerly known as Fire Drills): The number of supervised scheduled drills or actual events at campus residence halls that are facilitated and certified by the Public Safety, for the New Jersey Division of Fire Safety in cooperation with assigned University building personnel. Drills are conducted throughout the year to familiarize students, faculty and staff with emergency procedures and individual roles.

Note: During the 2021–2022 academic year, COVID levels fluctuated greatly. The decision was made to temporarily suspend all emergency evacuation drills. These emergency evacuation drills should be returning, starting with the Fall 2022 semester.

Fire Emergency Response Plan: In general, please follow the below instructions, more specific instructions for Student Residential Housing are outlined in that section. You can also see the “Fire Safety” sections in the Emergency Preparedness site: https://sites.rowan.edu/publicsafety/emergencyservices/officeofemergency/fire/fireresponse.html

What to do when a Smoke or Fire Alarm Sounds:

- Proceed to the nearest exit. Do not use the elevators.
  - Take your keys and university identification with you.
  - If the weather is cold, take a coat or jacket with you. If you are in class, take your books and personal belongings (i.e. backpack books, etc.).
  - If smoke is present at or near your eye level, keep low or as close to the floor as possible.
- Leave the building immediately! Evacuation of all University buildings during a fire alarm is always mandatory.
  - Move well away from the building. Meet at a predetermined/designated building assembly area
  - Do not re-enter the building until a uniformed member of Public Safety has given an "all clear" to re-enter.

What to do when Smoke or Fire is seen:

- Initiate a fire alarm by activating the nearest fire alarm pull station. These are generally located by exit doors, at the ends of a hallway, entrances into stairwells, or by doors leading directly to the outside. Evacuation of all University buildings during a fire alarm is always mandatory.
- Reporting smoke or fire: Call 911 and give them the following information:
Your name, complete telephone number, and campus location where you are located.

The location of the emergency (e.g. Rowan Hall room #225, etc.)

A description of the situation (e.g. smell of smoke, open flames, etc.)

If possible, tell them what is burning or on fire (e.g. wastebasket, stove, etc.)

Hang up only after the Emergency Operator has done so, or told you to.

- Proceed to the nearest Exit. Do not use the elevators. If smoke is present at or near your eye level, keep as low or as close to the floor as possible.
- When leaving a room or entering a stairwell, feel the doorknob, handle, or touch the door with the back of your hand. If it is too hot to touch do not, open the door. If the door is not hot, brace yourself and open the door slightly. If intense heat or smoke is present, do not open the door any further, close the door and stay inside the room. If you are unable to evacuate your room, seal the bottom edge of the door with clothing, towels, bedding, etc. (wet if possible). Hang a white or light colored object (e.g. towel, sheet, shirt, etc.) out of the window to attract attention.
- Follow any instructions given to you by the emergency personnel.
- Once you evacuate a building and do not re-enter until a uniformed member of Public Safety has given an "all clear".

**Reporting a Fire- For inclusion in the Fire Statistics:**

Report all fires of any type, even if extinguished (not in progress), to Rowan University Public Safety. It is Residential Learning and University Housing’s protocol to report all fires RLUH learns of, even if extinguished, to Public Safety for investigation. Note: Per federal law, Rowan University is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Therefore, if you encounter a live fire in one of these facilities, you should immediately get to a safe place, then Call 911. Once the emergency has passed, you should notify Rowan University Public Safety to investigate and document the incident for disclosure in the University’s annual fire statistics. If a member of the Rowan University community finds evidence of a fire that has been extinguished, and the person is not sure whether Rowan University Public Safety has already responded, the community member should immediately notify Rowan University Public Safety at (856) 256-4922 to investigate and document the incident for disclosure in the University’s annual fire statistics.

**Student Residential Housing Evacuation Procedures In Case of a Fire:** This is mandatory! Procedures are the same in all residential housing.

- If you hear the fire alarm immediately evacuate the building using the nearest available exit. Do not attempt to fight a fire unless you have been trained to do so.
- Awaken any sleeping roommate or suitemates. Prepare to evacuate by putting on shoes and coat if necessary. Feel the doorknob and the door. If they are hot, do not open the door. If they are cool, open slowly, if heat or heavy smoke rushes in, close the door immediately and remain inside.
- When leaving your room, be sure to take your key or ID card in card access equipped buildings in case it is necessary to return to the room should conditions in the corridor deteriorate. Make sure to close the door tightly when evacuating.
- Residential Learning and University Housing staff members who are present on their floors should facilitate the evacuation of their floor/section if possible. When the alarm sounds shout (Example: there is an emergency in the building leave by the nearest exit) and knock on doors as they make their way to the nearest exit and out of the building.
- When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit.
- Do not use elevators. Elevator shafts may fill with smoke or the power may fail, leaving you trapped. Elevators have features that recall and deactivate the elevator during an alarm. Standing and waiting for an elevator wastes valuable time.
- Each resident should report to their assigned assembly area. Residential Learning and University Housing staff should report to their assigned assembly area and make sure that students have cleared the building. Conduct a head count and do not allow re-entry into the building until directed to do so by emergency personnel.
Note: Evacuations procedures are the same for every residential housing facility. The evacuation gathering points differ. For evacuation reference, please follow the Assembly Areas that have been designated for each building: https://sites.rowan.edu/publicsafety/_docs/2018-2019buildingassemblyareas.pdf

Plan for Future Improvements to Fire Safety: Late in 2021, the Fire Safety Office worked with University officials, representatives of the Glassboro Fire Department and Borough leaders to update and enhance our joint MOU (Memorandum of Understanding). This critical document defines response protocols for not only fire related emergencies on campus but now also includes “all hazards” incidents, including chemical spills and confined space emergencies. This will allow for an increased coordinated response to campus incidents that require the response of the Glassboro Fire Department.

The Fire Safety Office also continued to inspect and maintain our fire safety systems, as per the New Jersey Fire Code. We also upgraded (or are in the process of upgrading) fire safety system components, such as a new fire pump controller in the Science Building and the addition of over a dozen new fire alarm main control panels. These upgrades are critical to maintaining the highest level of fire safety for our staff, residents and visitors.

The Fire Safety Office continued working with the University Design and Construction Office to help plan, update and assist with the installation of new fire protection systems in ongoing or planned campus projects. These include the new Wilson Hall addition, the renovations at Bunce Hall, the new addition to the Chamberlain Student Center and the ongoing construction out at the Fossil Park. Going forward, we will continue to assist with future projects, such as the new School of Veterinary Medicine and the renovation of the recently acquired former Glassboro Intermediate School.

Finally, the Fire Safety Office has received approval to hire a new temporary, part-time Fire Safety Technician to assist with our expanding role on our growing campus. This individual will have a fire inspection/prevention related background and we hope to have this position filled and working by the beginning of the Fall 2022 semester.

Fire and Safety Policies for On-Campus Student Housing Facilities:

The following published policies relate specifically to safety in University residential housing facilities:

Prohibited Items: Student Life, Residential Learning and University Housing Policy, SL: 2016:19, rev. 8-9-21

Certain items are prohibited in University housing because they may create an overload of a utility service, are dangerous, illegal, or otherwise prohibited by University policy, laws or applicable fire codes. Students may not possess these items in any University residence hall or apartment. Violations of the Prohibited Items provision of this policy will be subject to the following administrative actions:

First violation—Confiscation of the prohibited item when practical, and an administrative warning.
Second and future violations—Confiscation of the prohibited item when practical and referral to the disciplinary process. Repeated violations may result in loss of housing privileges, as determined by the disciplinary process.

For safety reasons, the following items are prohibited in University housing:

- Air conditioners of any kind.
- Except in apartment kitchens where cooking appliances are permitted, appliances with an exposed heating element or coil (e.g. coffee makers with hot plates, toasters, panini grills). These appliances are permitted in apartment kitchens only. Coffee/drink makers with an internal heating element are permitted in all housing areas.
- Ammunition.
- Extension cords or multi-plug adapters that lack a built-in surge protector/breaker. Power strips with built in surge protection are permissible. However, power strips, even with surge protectors, cannot be strung together or plugged into one another.
- Halogen lamps, or oil lamps and decorative string lights except in accordance with the string lights policy.
- Incense or incense paraphernalia.
- Candles or open flames of any kind.
- Curtains, wall tapestries, flags or other wall hangings unless they are made from fabrics that are compliant with NFPA 701 flammability standard. Compliance may be established by a label on the fabric item, or by treating the fabric with an approved product. Following treatment of fabrics, students must submit an affidavit attesting to this along with the receipt for purchase of the product and the product label. The N.J. state Fire Marshal may cut and test a piece of these fabrics and students must accept this as a condition of having fabric hangings in University housing.
- Flammable or combustible liquids or gases
- Engines, engine parts, lubricants and fuels.
- Fireworks, explosives, flammable liquids, fuels, paint thinner combustible materials, or engines
- Live trees or wreaths from live foliage.
- University, municipal or private property not authorized to be in the student’s possession.
- Pets or animals including lab specimens (except fish in a tank of 10 gallons or smaller), unless required by applicable law.
- Swimming pools.
- Dart boards.
- Weapons of any kind (e.g. firearms, swords, knives other than kitchen knives).
- Paintball guns, air rifles, bb guns, sling shots, arrows and any other sporting equipment, toy or device which may cause injury or which a reasonable person may believe is a weapon.
- Illegal drugs or drug paraphernalia
- String lights, including holiday light sets, can produce excessive heat posing a fire danger if they are not properly used. Use of string lights is permitted in University housing subject to the following restrictions. Lights used in any manner that is not consistent with these restrictions will be treated as a violation of the prohibited items policy and will be subject to the fines and penalties of that policy.
  o Only LED type light bulbs are permitted. Lights with any other type of light bulb are prohibited.
  o String lights must be UL listed (approved by United Laboratories) with a tag attached to the string bearing the UL mark. This mark indicates the product has been tested and meets stringent safety standards.
  o Lights may be battery operated or powered by plugging the string into a wall outlet or power strip. However, lights must never be plugged into an extension cord or into another string light (daisy chained) to extend their length.
  o Students must physically examine the lights when setting them up and assure there are no loose bulbs, frayed or exposed wiring sections, or other defects, which could pose a hazard. Defective light sets must not be used. Use of electrical tape or other methods of repair are not permitted.
  o Lights may not be hung from fire sprinklers.
  o Lights may not be hung over doorways, across ceilings or in any hallway or corridor areas. These areas must be kept clear as a means of exit in an emergency.
  o Lights may not be hung in bathrooms or around kitchen sinks or other locations where water is present.
  o Lights may not be in contact with paper, fabric, tapestries or other combustible materials. Lights may only be on during times when people are present in the room. When the room is unoccupied, lights must be turned off.

Detailed information about housing policies related to Fire Safety can be found online at: https://confluence.rowan.edu/display/POLICY/Student+Housing+Policies

All Rowan University residential facilities are smoke free. Smoking, including the use of any e-cigarette or vaporizing device is strictly prohibited in all residential facilities.

Fire Safety Regulations (and other safety concerns) In University Housing Facilities: In order to protect the life and safety of residents and property, the following regulations and guidelines apply in all University housing facilities.
- Fire code regulations restrict the placement of any items, including furniture, within 18 inches of any sprinkler head. Sprinkler heads should never be used for hanging items (i.e. clothes hangers, streamers, etc.).
- Doors provide protection from the spread of fire and smoke and must not be propped open when no person is present in the room or when people are sleeping. When leaving a room during a fire alarm, residents are expected to close doors if it is safe to do so.
- Students who are responsible for any violation resulting in a citation by the Fire Marshal will also be held responsible for any costs resulting from that citation, including the cost of the fine itself, as well as the cost of any actions or efforts necessary to correct the violation and restore full code compliance by the University.
- Residents are required to evacuate the building immediately each time the fire alarm system sounds, 24 hours a day, 7 days a week. Disciplinary action will be taken if a student does not evacuate the building during an alarm. Each residential complex has a scheduled fire drill each semester supervised by University staff.
- The misuse of fire alarms, fire detection devices or fire extinguishers constitutes a serious offense. Any resident who misuses such equipment or devices will be subject to disciplinary action. These violations are also reported to law enforcement for investigation and possible criminal prosecution. Residents are responsible for any damage to the system they cause and will be held financially accountable.
- The use of restricted fire doors for non-emergency entry or exit is a violation and will result in disciplinary action.

**Careless Cooking:** Students are expected to exercise reasonable care when cooking in any University residence. The following guidelines apply to all cooking activities in University housing:
- In residence halls with no kitchens cooking is prohibited except for use of approved microwaves and drink makers with internal heating elements.
- Students must follow directions for safe use of any cooking appliances.
- Read directions on packaged foods that will be placed in ovens or microwaves. Follow directions regarding temperatures and cooking times.
- Remove all packaging from food products prior to placing the items in an oven or microwave.
- Cooking must be monitored at all times. Students must remain present in the kitchen area or the same room as the appliance at all times during cooking.
- Keep cooking appliances such as ovens and toasters clean and free of debris that could cause fire or smoke.
- Cook foods at appropriate temperatures for food safety and to avoid burning items and causing smoke.

Students who are negligent in the process of cooking and trigger false fire alarms may be subject to disciplinary action. Violations of the Careless Cooking provision of this policy will be subject to the following administrative actions:
- **First violation** – An administrative warning
- **Second and future violations** - Referral to the disciplinary process. Repeated violations may result in loss of housing privileges, as determined by the disciplinary process.

**Additional Information on Fire Safety at these campuses:** No Residential housing is present

Note: Regularly scheduled fire drills take place each semester in conjunction with the Rowan University Office of Fire Safety and Rowan Facilities at these campuses.
