General Information

The safety and security of the entire Rowan University community is paramount to us all. In response to our commitment to students, employees, and guests, Rowan University Police are now offering RowanSafe.

RowanSafe is a unique app that provides students and employees with a one-stop-shop model for safety service.

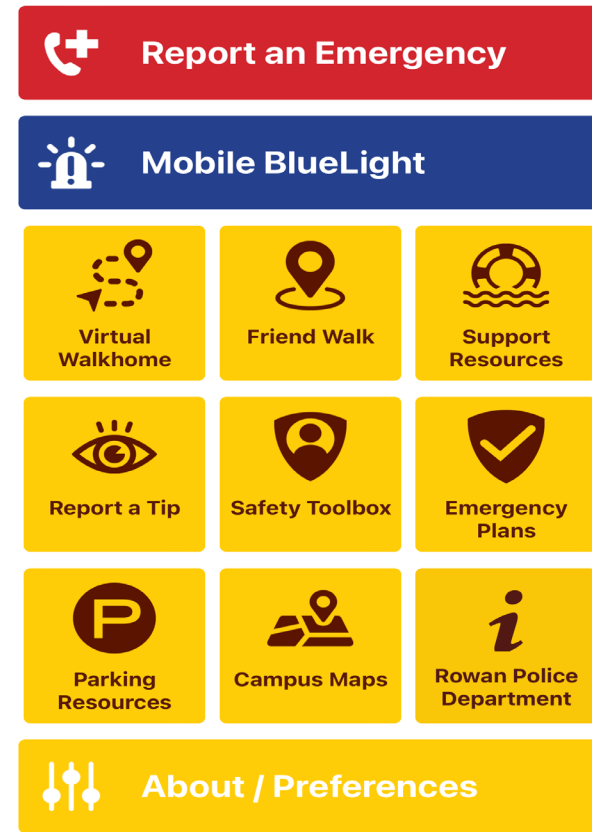

RowanSafe App

This presentation is intended to provide you with a brief overview of the RowanSafe App:

This app includes the following features:

- Report an Emergency
- Mobile Blue Light
- Share Your Location with a Friend
- Find a Campus Map
- Parking Information
- Emergency and Weather Alerts
- Resources and Support Services Information
- A Safety Toolbox
- More...

Specific Options

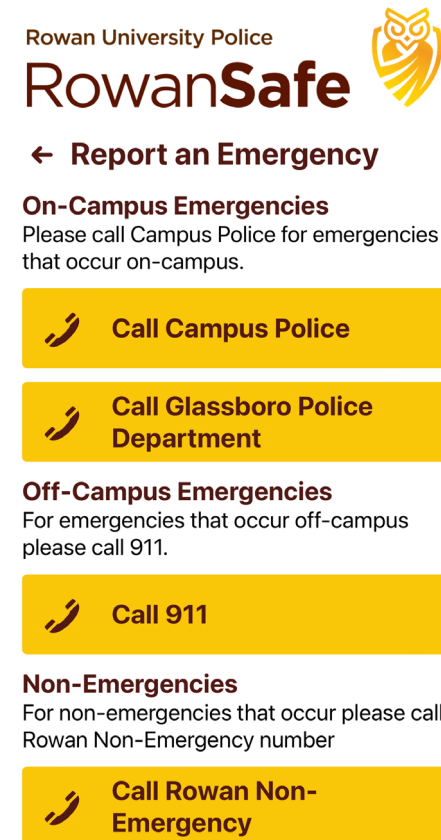

Report an Emergency

Report an Emergency

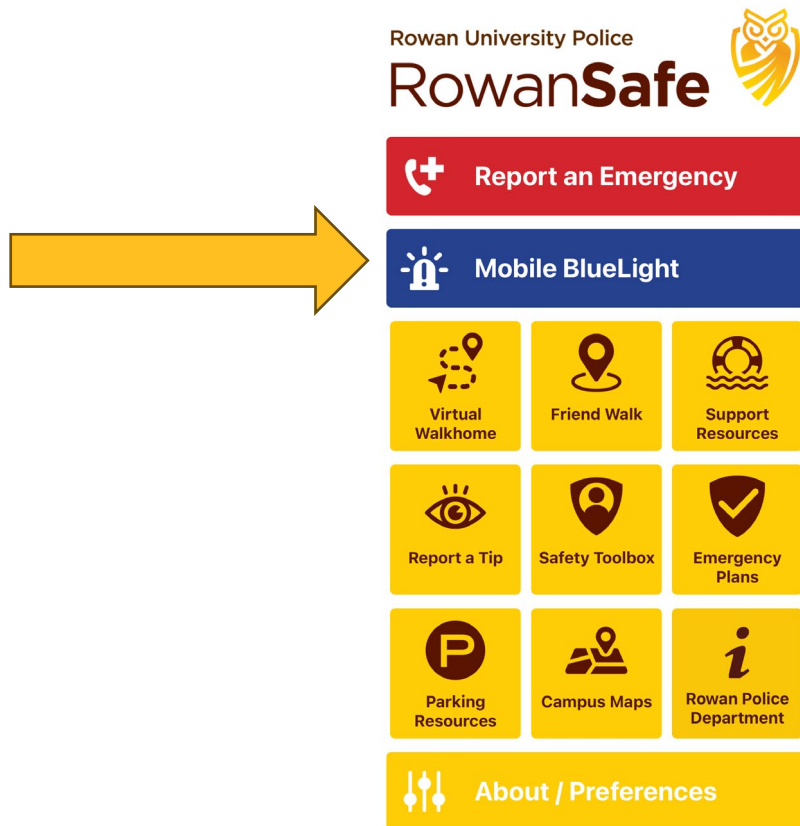

With this function, you will have one-touch access to call Rowan Police, Glassboro Police, 911, or the Rowan University non-emergency number.

Specific Options

Mobile BlueLight

Mobile BlueLight

This option is like the stationary BlueLights on campus, with easy access via your phone. If needed, you can activate Mobile BlueLight to send your location to Rowan Police and receive a call.

← Mobile BlueLight

Call and Location Share

Tap the button to simultaneously send your location to and call Campus Police. They will receive your location in real-time and talk to you on the phone.

This function will send your device's location services capabilities to Campus Police and initiate a call to Dispatch.

Specific Options

Virtual Walkhome

Virtual Walkhome

With this function, Rowan Police will be able to monitor your progress while travelling between locations.

← Virtual Walkhome

Use this feature to let Campus Police know where you're travelling so they can keep an eye on you. Virtual Walkhome will use your location services and, if necessary, the calling function of your device to call 911 if required. Campus Police will be able to monitor your progress to your end destination.

Here's what happens after you tap the button below to get started:

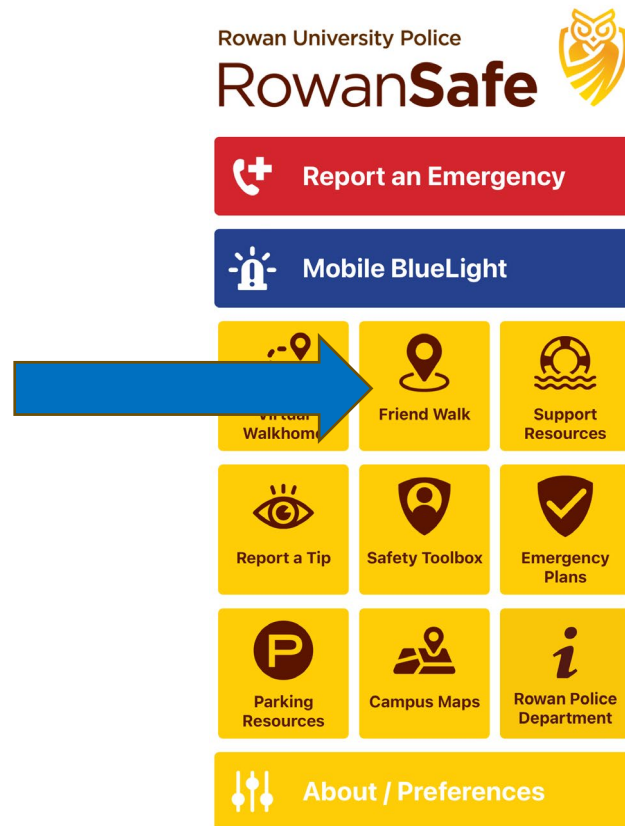

- Dispatch will confirm that they're ready to monitor you
- You then pick where you're going on the map
- You can then start your walk
- If you need assistance at any time, simply tap "Emergency"
- When you get to your destination, tap "Finish Tracking"

Specific Options

Friend Walk

Friend Walk

With this function, individuals you select will be able to monitor your progress when travelling between locations.

destination: they'll watch you and can trigger a call to emergency services if necessary.

Here's how it works:

- Tap the button below and pick a contact to send your location.
- Your friend will receive the message with a link. When they click it, they'll be taken to a map with your location and you'll be connected to them. If you want to cancel your request, simply return to the main menu.
- Pick your destination and start moving.
- If you're in a panic, hit the button to notify your friend and start an emergency call.
- If you or your friend disconnects, it will end the walk and give you the option to make an emergency call (just in case!).
- When you reach your destination, finish your trip and disconnect.
