RE: Senate Resolution *140512-4*

Non-restricted Majors, Transfer Credits, and Graduation GPA

University requirements stipulate that students seeking a bachelor's degree:

1. must successfully complete a minimum of 120 semester hours with a minimum cumulative grade point average of 2.00, and that
2. 30 credits of a student's total degree program requirements must be taken in courses offered by Rowan University.

Given these requirements, non-restricted majors shall not require a GPA for graduation higher than a cumulative (overall) 2.0 or accept fewer than 90 transfer credits unless a clear programmatic need has been identified and approved through the standard curricular process.

This policy shall be implemented no later than the fall 2015 semester but does not apply to restricted majors or those who have specialized accreditation requirements which have already been identified.
