Administration

Dr. Mary Ellen Santucci, PhD., RN
Department Head

Terri Mastrogiacomio
Administrative Assistant to the Department

Patrice Henry-Thatcher, MSN, RN, PCCN
RN to BSN Academic Advisor

Urielle Benders, LPN
RN to BSN Academic Advisor

Kelly Master, MSN, RN, CSN
MSN Clinical Contracts Coordinator

Full Time Faculty

Gina Galosi, DNP, RNC-OB, CNE
Senior Lecturer

Matthew Kaspar, DNP, MEd, RN, APN, FNP-C
Senior Lecturer/Nurse Practitioner Program Coordinator

Carmen McDonald, PhD, RN, AHN-BC, NEA-BC, NE-BC, CNE
Senior Lecturer/Nurse Executive Program Coordinator

Melisa Mordecai, DNP, RN, APN, ACNP-BC
Lecturer/AGACNP Program Coordinator

Angela R. Ruckdeschel, PhD, MSN, RN
Lecturer RN to BSN Coordinator

Robert White, DNP, RN, FNP-BC, PMHNP-BC
Assistant Professor/PMHNP Program Coordinator

Academic Framework

Vision

The Department of Nursing at Rowan University is committed to being a recognized leader in innovative nursing education, scholarship, evidence-based practice, and an active force in the health of the diverse communities it serves.

Mission

The Department of Nursing at Rowan University promotes excellence in healthcare through quality and innovative education to meet the needs of our diverse population.

Philosophy of Nursing Education

The philosophy of the Department of Nursing at Rowan University emanates from nursing's founder, Florence Nightingale. The department's belief is that the interaction of person, environment, nurse and health are integral to maintaining and assisting individuals in achieving improved health status. The Nursing Department believes that nursing practice encompasses four domains that are evidence-based: clinical practice; leadership/executive practice; education practice; and research practice. In addition, the Nursing Department believes in excellent leadership that will advance nursing as well as shape policy in health care delivery systems. Finally, the Nursing Department further believes that innovation is integral to the improvement of nursing practice. The nursing faculty is committed to academic rigor, service, lifelong learning and continuous improvement.

Values

1. The Department of Nursing values people and the diversity that they bring to classroom experiences as well as the overall educational experience, treating all with compassion, dignity, and respect for individual beliefs.
2. The Department of Nursing values ethical behavior, professionalism, integrity, and accountability in all aspects of our academic, clinical, and administrative work.
3. The Department of Nursing values excellence, encouraging achievement in all endeavors of the university family, fostering collegiality, and maintaining high academic standards, through productive, scholarly faculty and a talented student body.
4. The Department of Nursing values knowledge, its creation, dissemination, synthesis and application.
5. The Department of Nursing values service, demonstrated through our commitment to effectiveness, accessibility, and affordability in our education and the resources that we provide to our students.
6. The Department of Nursing values innovation and flexibility to meet the ongoing societal needs of our students and the challenges of the future of healthcare.

Program Goals

The goal of the RN to BSN Program are to produce graduates that meet the 2022 Essentials of established by AACN through the use of the following domains:

- Domain 1: Knowledge for Nursing Practice Descriptor: Integration, translation, and application of established and evolving disciplinary nursing knowledge and ways of knowing, as well as knowledge from other disciplines, including a foundation in liberal arts and natural and social sciences. This distinguishes the practice of professional nursing and forms the basis for clinical judgment and innovation in nursing practice.
- Domain 2: Person-Centered Care Descriptor: Person-centered care focuses on the individual within multiple complicated contexts, including family and/or important others. Person-centered care is holistic, individualized, just, respectful, compassionate, coordinated, evidence-based, and developmentally appropriate. Person-centered care builds on a scientific body of knowledge that guides nursing practice regardless of specialty or functional area.
- Domain 3: Population Health Descriptor: Population health spans the healthcare delivery continuum from public health prevention to disease management of populations and describes collaborative activities with both traditional and non-traditional partnerships from affected communities, public health, industry, academia, health care, local government entities, and others for the improvement of equitable population health outcomes.
- Domain 4: Scholarship for Nursing Discipline Descriptor: The generation, synthesis, translation, application, and dissemination of nursing knowledge to improve health and transform health care.
- Domain 5: Quality and Safety Descriptor: Employment of established and emerging principles of safety and improvement science. Quality and safety, as core values of nursing practice, enhance quality and minimize risk of harm to patients and providers through both system effectiveness and individual performance.
- Domain 6: Interprofessional Partnerships Descriptor: Intentional collaboration across professions and with care team members, patients, families, communities, and other stakeholders to optimize care, enhance the healthcare experience, and strengthen outcomes.
- Domain 7: Systems-Based Practice Descriptor: Responding to and leading within complex systems of health care. Nurses effectively and proactively coordinate resources to provide safe, quality, equitable care to diverse populations.
- Domain 8: Informatics and Healthcare Technologies Descriptor: Information and communication technologies and informatics processes are used to provide care, gather data, form information to drive decision making, and support professionals as they expand knowledge and wisdom for practice. Informatics processes and technologies are used to manage and improve the delivery of safe, high-quality, and efficient healthcare services in accordance with best practice and professional and regulatory standards.
- Domain 9: Professionalism Descriptor: Formation and cultivation of a sustainable professional nursing identity, accountability, perspective, collaborative disposition, and comportment that reflects nursing's characteristics and values.
- Domain 10: Personal, Professional, and Leadership Development Descriptor: Participation in activities and self-reflection that foster personal health, resilience, and well-being, lifelong learning, and support the acquisition of nursing expertise and assertion of leadership.

Accreditation

The master's degree program in nursing at Rowan University are accredited by the Commission on Collegiate Nursing Education, 655 K Street NW, Suite 750, Washington, DC 20001, 202-887-6791 (www.ccnaccreditation.org).

Academic Policies and Requirements

Department of Nursing Admissions

Admission to Rowan University as a student into the Department of Nursing programs is competitive.

MSN Admission Requirements

- Completed Department of Nursing Application Form
- Current Resume or CV
- Copy of Current CPR cards (Healthcare Provider)
- Graduation from an accredited Bachelor of Science in Nursing Program
- Minimum Cumulative GPA of 3.0
- Official transcripts from all colleges attended (regardless of number of credits earned; presented in a sealed official envelope)
- Grade of "C" or higher in all nursing courses
- Proof of valid State of New Jersey RN license
- Copy of current individual professional malpractice insurance
- Two professional letters of recommendation

Graduate Concentration Requirements

- Each graduate program has additional concentration requirements depending on specialization. Contact concentration course faculty for further information.
- Clinical sites may have additional specific requirements. It is the graduate student responsibility to communicate with course faculty regarding compliance.
- Students who do not attain or maintain graduate program requirements and Student Code of Conduct may be dismissed from the program.
- Successful completion of criminal background and drug testing.
- Students are asked to obtain their own preceptor for their clinical sites. If the student has difficulty obtaining a preceptor, the concentration coordinator will facilitate placement.

All students are required to maintain the following:

- RN licensure
- Basic Life Support Certification (Healthcare Provider)
- ACLS if AGACNP student
- Individual professional student malpractice insurance

MSN Clinical Requirements

Prior to beginning clinical, students will be required to create an American Databank account, and upload the following health and professional documents. All must be "compliant" prior to being cleared for clinical. These are requirements of our clinical site affiliates.

1. Criminal History Background Check and Drug Screening
2. NJ RN License (also, other state RN license if completing clinical in another state)
3. Current Basic Life Support card (BLS); ACLS required also for AGACNP students
4. Professional RN Liability/Malpractice Insurance; Nurse Practitioner students require NP Student Liability Insurance also
5. HIPAA Training certificate (courseforhipaa.com)
6. Health Requirements:
 - Documentation of Physical completed within past year "cleared for clinical"
 - Lab titers for Hep B, MMR, Varicella
 - Tdap from within past 10 years
 - Annual influenza vaccine (beginning Sept each year)
 - Covid-19 vaccine
 - Negative PPD or Quantiferon lab test within past year

Transfer Credit Policy-- Master of Science in Nursing

All questions regarding the possibility of transfer credit should be discussed directly with the Department of Nursing. Applicants seeking transfer credit need to fill out the Master of Science in Nursing Transfer Credit Request Form which needs to be submitted with all required documents (official transcripts, syllabi, course descriptions) at the time of the application is submitted/ reviewed.

The Master of Science in Nursing program allows matriculated students to transfer in a maximum of 7 credits into the MSN core coursework only provided that a grade of "B" or better was achieved, the course was taken no longer than 10 years ago, and that it is deemed "equivalent" to a required MSN core course in our curriculum by our Graduate Application Review Committee.

To obtain a Master of Science in Nursing Transfer Credit Request Form please email nursing@rowan.edu.

Special Note for Matriculated MSN Students:

All applicants to the MSN program will complete 7 core Graduate level courses. Admission to the concentration will only occur after application review by the coordinator. Students interested in Adult Gerontology Acute Care Nurse Practitioner (AGACNP) concentration are required to have current Acute Care experience of 2 years or more to be considered. Students must maintain a cumulative GPA of 3.0 in all MSN core courses in order to be considered by the Department of Nursing to move into the nurse practitioner concentration track.

The MSN Program is a Category 2: Newly matriculated students starting Fall 2019:

To maintain Minimum Satisfactory Academic Progress in a Category 2 program students must:

- Earn no grades lower than a B-
- Earn an official cumulative GPA (according to matriculation level) of at least 3.000 on Rowan's 4.000 scale
- Please note that repeating a class is a **one-time only opportunity** for the duration of the program. Subsequent C or lower grades after that will result in dismissal from the program.

Any student that matriculated prior to Fall 2019 will adhere to the following:

Any student who has more than one (1) C in core course work will not be able to continue. This policy supersedes Rowan Global policy for Graduate Studies.

To maintain the academic rigor and high standards of the nursing program, a C+ or higher is required for all courses. Students earning the grade of C or lower have the option to retake a course to attempt a passing grade. Please note that repeating a class is a **one-time only opportunity** for the duration of the program. Subsequent C or lower grades after that will result in dismissal from the program.

Requirements for NP and Nurse Educator Concentration

All students with a cumulative GPA of 3.0 will be responsible for following up with the Department of Nursing during their last MSN core course, which is Special Issues and Trends as per their Personalized Course Sequence (PCS). At this time the student will declare concentration. Admission to the concentration will only occur after core completion and faculty review. Students must email this confirmation/admission request to nursing@rowan.edu from their university student email account.

Any student interested in changing their concentration should contact the Program Coordinator for further instructions.

Requirements for Nurse Executive Concentration

All students with a cumulative GPA of 3.0 will be responsible for completing four (4) core courses including NURS 05.508 Special Issues and Trends. At the time of enrollment in Special Issues and Trends students will declare their concentration of Nurse Executive.

Deferred Admission for the Department of Nursing

With the approval of the Department of Nursing, applicants to the program may be officially authorized to delay entry into the program of study for up to one academic year (3 consecutive semester i.e.: Fall, Spring, Summer). Request for deferral is to be made by submitting the Department of Nursing Application Defer/Roll-Over Form before the start of the semester in which they have officially applied/been admitted.

After one academic year has passed, the student must reapply to the program. To reapply a student will have to submit a new application for the new semester desired, official transcripts from all colleges attended, all other required applications materials, and the application fee.

Deferred applicants will receive an email to the email address listed on their application confirming their deferred status. Applicants who have officially obtained deferred admission are not considered to be enrolled until the point of first attendance.

Reconsideration for Admission into the Department of Nursing

An applicant may reapply through the Department of Nursing for the following reasons:

The applicant's original file was deferred, incomplete, withdrawn by the applicant, or not accepted in a previous admission cycle due to a cumulative GPA lower than required. Applications are kept on file for one calendar year. After one academic year any past applicant that wishes to be reconsidered for admission must formally reapply to the program and submit all appropriate application materials.

The applicant may reactivate his/her initial application by submitting a request to reactivate the application and sending any/all missing or additional application material to the Department of Nursing.

Rowan Global Admissions Office
Enterprise Building
Suite 200
Nursing
225 Rowan Boulevard
Glassboro, NJ 08028
Or
global@rowan.edu

Readmission

Any student who has officially/unofficially withdrawn from his/her program of study for more than one year or a student who has been academically dismissed must reapply by using a new Department of Nursing application for the correct academic year in which they are interested in attending. All application requirements and fees must be met for consideration into the program. Requests for readmission are considered individually and must meet with Department Chairperson and readmission is not guaranteed.

Applicants must satisfy the program requirements for admission at the time of their most recent application and must be issued an official letter of acceptance.

International Student Applicants

International students are currently not permitted in any Department of Nursing Programs.

Department of Nursing Non-Matriculated Student Requests

Non-matriculated students will be permitted to take courses on a case-by-case basis as determined by the department. The Department of Nursing may request copies of the student's transcripts to determine eligibility for non-matriculation status. Non-matriculated students are responsible for meeting the same admissions criteria for the Department of Nursing program prior to being approved as a non-matriculated student for one semester.

Department of Nursing New Student Orientation requirement

New Student Orientation

Newly matriculated students will be emailed a PowerPoint presentation regarding the Program along with Acknowledgement Form, as well as onboarding materials from Rowan University.

Student Communication

The official communication between Rowan University/Department of Nursing will only be to a student's Rowan University email address. Students are required to setup their Rowan University student email address and must check it frequently. They are *also required to send communication to Rowan University and the Department of Nursing from this account only.*

The University and the Department of Nursing will not respond to student emails which have been sent from a personal email address. Contacting instructors on their personal cellphones is discouraged; only to be used as an absolute emergency's unless otherwise instructed by the professor.

The student's Rowan University email address will be the only email address used or correspondence related to but not limited to, registration, academic advising, billing, immunization, etc.

In the event of an emergency, students will be notified of class/clinical site cancellation via their Rowan University email address only. Students are responsible for checking their Rowan University email address frequently and will be held accountable for all communication, information, and deadlines from the University contained therein. If a student has thoughts/concerns with the course or the faculty member, the student should first contact the faculty member, if no resolution then the student should contact the Chair of the Department. Please refer to the Rowan University Grievance Policy.

Financial Policies

Official information regarding Department of Nursing tuition and fees can be obtained by visiting the Rowan Global Learning and Partnerships website via *Google Chrome Browser*: <https://sites.rowan.edu/bursar/tuitionfees/rowanglobal/index.html> Students must obtain their official bill for tuition by visiting their Banner self-service account. Rowan University does not mail paper bills and it is the student's responsibility to obtain their bill for each semester's tuition by logging into their Banner self-service account.

Please note that all communication regarding a student's bill will be sent to their Rowan University email address only.

Payment Options for Nursing Programs

- Please visit the financial aid website at Rowan University via *Google Chrome Browser*, www.rowan.edu/financialaid or for further information contact the Financial Aid Office with any questions that you may have.

University Fees

The University Fee is charged to all students enrolled in college-credit courses on campus at the University not within the Department of Nursing major.

Drop Deadlines

The Department of Nursing follows the Rowan University registrar guidelines. They can be found at: via *Google Chrome Browser*

<http://www.rowan.edu/provost/registrar/courseschedule.html>

The Official Withdrawal Process for the Department of Nursing

Student must pay for their class in full via their Rowan self-service account or in person at the Bursar's Office at Rowan University.

Student must obtain the official withdraw form from the Rowan University Registrar's website, fill it out completely, and obtain all appropriate signatures.

The completed form should be returned to globalstudent@rowan.edu **and** Nursing@rowan.edu Department of Nursing program for processing.

Once the above steps have been completed, the form will be processed and the student will be notified via their Rowan University email address once the withdrawal has been processed and is complete.

If the above steps **are not** followed the withdraw request will not be processed.

Your withdraw request will not be processed if the following occurs:

- Withdraw Form incomplete (missing information, missing required signatures)
- Withdraw Form sent to any department other than globalstudent@rowan.edu **and** nursing@rowan.edu.
- Withdraw request sent via email without attached completed withdraw form

Withdrawal from the Department of Nursing Program

To officially withdraw from a Department of Nursing program, a student must obtain a withdrawal form from the Department of Nursing by emailing nursing@rowan.edu.

Telephone requests are not accepted. All completed withdraw forms must be submitted to the Department of Nursing by, email (nursing@rowan.edu) and Global Learning and Partnerships globalstudent@rowan.edu. Students receiving financial aid may be required to return a portion of those funds if they withdraw prior to the mid-point of the semester, which is determined by federal guidelines.

Please contact financial aid office prior to withdrawing. Students who plan to withdraw from the program should not stop attending courses until the official program withdraw request has been processed.

Academic Information

Academic Calendar

The Department of Nursing has established uniform guidelines to ensure understanding and effectiveness for administrative services and program planning in regard to degree completion for students enrolled in Department of Nursing courses. The Department of Nursing programs consists of 3 consecutive semesters per year: Fall, Spring, and Summer. Matriculated students are required to take the Department of Nursing major courses during all 3 semesters due to the programs master schedule of course availability.

Courses are delivered through Rowan University's Global Learning & Partnerships, so it follows registration schedule of the traditional Rowan University. To view the academic calendar which includes start dates for the Department of Nursing programs.

Rowan Global students or any other Rowan students in online, off-site, hybrid and/or accelerated courses and programs may follow different calendars. Basic Rowan Global Extension calendar types are available to view [here](#). However, the best way to be certain of the start and end dates for your Rowan Global non-traditional course is to consult [Rowan's Section Tally](#)

Academic Standing Policy

Academic policies may be found in the Rowan University Student handbook accessible at www.rowan.edu. Questions may be addressed to nursing@rowan.edu.

Current Student Policies

Academic Advisement Department of Nursing Students

Academic advisement is provided by the Department of Nursing. At any time a student may request advisement by emailing nursing@rowan.edu. Academic advisement is provided by an academic advisor with the goal of assisting students to successfully progress in their courses of

study. For nonacademic matters, academic advisors may refer students to other sources of information and/or assistance.

Special Note: Graduation requirements for RN to BSN

The RN to BSN Program is a Degree Completion Program; there are 9 major nursing courses in this program. Matriculated students are also responsible for completing any Rowan University general education requirements that they have not completed in their previous academic endeavors prior to applying/being cleared for graduation. A complete review of the general education requirements of Rowan University can be found on the Registrar's website by visiting using *Google Chrome Browser*: <http://www.rowan.edu/registrar>. Graduation from this program requires a minimum cumulative final 2.0 GPA. Students will apply for graduation in their last semester. Degree conferral from the program will only occur when all program requirements have been met. **All students must complete an exit survey that is emailed to their Rowan University email from EBI Skyfactor®. Failure to complete the survey will result in a rejection of your graduation application.**

Special Note: Graduation requirements for MSN

A complete review of the education requirements of Rowan University can be found on the Rowan University website by visiting the MSN webpage. Graduation from this program requires a minimum cumulative final 3.0 GPA. Students will apply for graduation in their last semester. Degree conferral from the program will only occur when all program requirements have been met. **All students must complete an exit survey that is emailed to their Rowan University email from EBI Skyfactor®. Failure to complete the survey will result in a rejection of your graduation application.**

MSN Credentialing

All certification exam documents, recommendations and state licensing documents need emailed to MSNcredentialing@rowan.edu, after program completion. Student section must be completed prior to sending to mailbox, to avoid delays in processing.

Registration Policy for the Department of Nursing

Students may request a change to their PCS no later than 2 weeks prior to the start of a given semester. **To request a change to your PCS, current students must send an email from their Rowan University email address to nursing@rowan.edu.** At that time, the Department of Nursing may require a meeting with the student to adjust their PCS, if extensive changes are required or if the adjustment of the PCS will highly impact the students intended completion of the nursing courses.

Students are responsible for following their PCS for registering for courses. Failure to do so may result in sitting out a semester or two. Since, not all classes run every semester.

Students attending an employer-based cohort are admitted and registered for the same cohort and class night each semester throughout the program. Deviations to the cohort registration are handled on an individual basis. Requests for change or deviation from the original cohort and class night are considered to be by exception and examples of such a request include:

change of work schedules, personal hardship or extreme circumstances. Requests for change or deviation from the original cohort and class night must be sent in writing with student's name, Banner ID number, original cohort and class night and the rationale for a request to change to the Department of Nursing (nursing@rowan.edu). The request will be reviewed in conjunction with the Department of Nursing and a decision will be communicated to the student. If necessary, adjustments will be made in the PCS by Department of Nursing.

The Department of Nursing reserves the right to adjust all dates and times of planned courses should an adjustment be necessary with fair and reasonable notice and accommodation for all students registered in the course. In the event of a change or course cancellation, students will be notified by email as soon as the decision is made to adjust the planned course schedule. The Department of Nursing reserves the right to cancel any scheduled course if the enrollment drops below the University minimum of course enrollment with an email notification to students upon such decision to cancel a class. The Department of Nursing will make every effort to provide scheduled classes at set times with the exceptions noted above.

Advisement Procedure

- Academic advisors provide academic advisement in program planning and course selection and generally assist students with any difficulty in academic progression.
- Students must schedule an appointment with their academic advisor.
- Matriculated Department of Nursing students will register themselves for nursing courses
- Failure to follow your Personalized Course Sequence may result in an interruption of the program for one or more semesters.

Attendance Policy

Classroom experiences vary greatly among disciplines, deliveries and instructors, Rowan's community of learners is best realized when teachers and learners interact in ways deemed appropriate for any particular class. Attendance can differ from course to course. The following applies to all courses:

Responsibilities of Students

- Students are expected to be present at each meeting of each scheduled class for which they are officially registered.
- Students are responsible for knowing the instructor's attendance policy as stated in the syllabus.
- Students are responsible to communicate with course faculty when they are not going to be present.

Responsibilities of Faculty

- Faculty is expected to keep accurate attendance records.
- Attendance requirements must be part of the syllabus provided to students on the first day of class prior to the official Global Learning & Partnerships drop period.
- Faculty (singularly or as part of a department or program) may establish additional reasonable attendance criteria. This may include setting a maximum number of absences

for a course, whether excused or unexcused, after which a student should withdraw from the class.

*Please note that the Department of Nursing program reserves the right to set mandatory attendance days/times for your courses due to field experience requirements. Please consult your syllabus for your Department of Nursing courses for a specific overview of the attendance requirements for your upcoming courses.

Nursing Grading Scale

The following are used to evaluate students' performances in courses:

MSN Grading Scale *(Percentage)

A	93.00 and above
A-	90.00 – 92.99
B+	87.00 – 89.99
B	84.00 – 86.99
B-	80.00 – 83.99
F	79.99 and below

***Nursing Graduate Programs are Category 2; Category 2 programs require a B- to pass a course**

Student Exams and Final Papers

Faculty and students should be able to work together in a realm of mutual trust. When this occurs, the educational process is enhanced. Request for viewing exams and final papers should be made to faculty. These reviews may only occur in secure University areas. The Department of Nursing Faculty believes that students should be independent learners and does not provide study guides or blueprints for test preparation. The department utilizes Proctorio®.

Department of Nursing Student Technical Support

Any nursing student who is in need of tech support visit the Division of Global Learning & Partnerships Current Student Portal using Google Chrome browser: <https://online.rowan.edu/> then login using your username and password, then select Support, Technology. Do not contact Rowan University traditional tech support; they will be unable to assist you.

Options for obtaining tech support through the Division of Global Learning & Partnerships:

1. Visit using Google Chrome browser <https://online.rowan.edu/> . Login to Canvas and you will be able to submit a ticket so that a tech support professional can contact you for assistance.
2. Or if you are unable to login Select: Trouble Logging In and submit a request for technical support (You will be able to enter your contact information and a description of the problem you are currently having so Tech Support can get back to you).
3. Call Tech Support at 856-256-5164 (Monday through Friday).

Rowan Virtua School of Nursing Graduate Program Dismissal Policy **As of March 6th, 2023**

Nurse Practitioner Students Clinical Practicum

The Nurse Practitioner (AGACNP, FNP, PMHNP) clinical courses are pass/fail. All students are required to complete the mandated direct patient care hours as designated by the accrediting bodies. The hours must be completed by end of the semester. Exceptions will be made in writing and in agreement between the student, program coordinator and department head.

A midterm and final Preceptor Evaluation of Student Performance will be submitted at 100 hours and 200 hours. If a student earns a “marginal” or “unsatisfactory score” on the midterm evaluation, the preceptor will provide comments. Students who receive a marginal or unsatisfactory score in any area must meet with preceptor/program coordinator/course faculty to develop a remediation plan in conjunction with preceptor recommendations. The remediation plan includes:

- 1:1 discussion with course faculty regarding comments from preceptor within 14 days of notice of poor performance. It is the student’s responsibility to notify faculty of need for the meeting.

- Faculty and NP program coordinator/department head will determine agreed upon written remediation plan
- Written remediation plan will address marginal or unsatisfactory evaluation criteria
- Written remediation plan can include but is not limited to didactic or psychomotor evaluation by NP faculty. This is determined by feedback from the preceptor.
- Written remediation plan will have a due date and must be completed before starting next clinical practicum.
- If remediation is not completed by the due date, the student will receive a failure for the course and will have to retake the course and forfeit the clinical hours obtained.
- The student can retake a clinical course one time, with the exception of a prior failure and if receives marginal/unsatisfactory scores again, will be dismissed from the program.
- If students receive marginal/unsatisfactory scores on a final evaluation, it is a failure for the course.

If a student is dismissed from the program, follow current readmission policy.

Nurse Educator Clinical/Academic Practicum

The Nurse Educator practicum courses (Nurse Educator: Leadership, Quality, and Planned Change in the Practice Environment I and II) are graded on a traditional letter grading scale (A through F). Students must receive a B- (80%) or better to pass each course. All students are required to complete the mandated practicum hours as designated by the accrediting bodies. The hours must be completed by end of the semester. Exceptions will be made in writing and in agreement between the student, program coordinator and department head.

A midterm and final Preceptor Evaluation of Student Performance will be submitted at 50 hours and 100 hours in the Practice Environment I course and 100 hours and 200 hours in the Practice Environment II course. If a student earns a “marginal” or “unsatisfactory score” on the midterm evaluation, the preceptor will provide comments. Students who receive a marginal or unsatisfactory score in any area must meet with preceptor/program coordinator/course faculty to develop a remediation plan in conjunction with preceptor recommendations. The remediation plan includes:

- 1:1 discussion with course faculty regarding comments from preceptor within 14 days of notice of poor performance. It is the student’s responsibility to notify faculty of need for the meeting.
- Faculty and Nurse Educator Program Coordinator/Department Head will determine agreed upon written remediation plan.
- Written remediation plan will address marginal or unsatisfactory evaluation criteria.
- Written remediation plan can include but is not limited to didactic or psychomotor evaluation by Nurse Educator faculty. This is determined by feedback from the preceptor.
- Written remediation plan will have a due date and must be completed before starting next practicum.
- If remediation is not completed by the due date, the student will receive a failure for the course and will have to retake the course and forfeit the practicum hours obtained.

- The student can retake a practicum course one time, with the exception of a prior failure and if receives marginal/unsatisfactory scores again, will be dismissed from the program.
- If students receive marginal/unsatisfactory scores on a final evaluation, it is a failure for the course.

If a student is dismissed from the program, follow current readmission policy.

Unsafe, Unprofessional, and Unsatisfactory Practice

A nursing student practices within the regulatory boundaries of the NJ State Board of Nursing, follows professional standards of practice, School of Nursing policies, course objectives, clinical agency policies, procedures and unit specific protocols. A nursing student whose clinical practice is determined be unsafe or unprofessional may be removed from the clinical site. A nursing student who is removed from a clinical site due to unsafe and unprofessional practices will be expected to meet with the Department Head and program faculty to determine next steps. It is the student's responsibility to notify the course faculty, they have been removed/asked to leave from a clinical site. The student will notify faculty within 24 hours via email and phone call.

Written notification of the unsafe practice by course faculty will include the following:

- Description of the unsafe/unprofessional practice or course of events leading to the removal
- Specific actions that demonstrate unsafe/unprofessional practice that places the patient/student at risk
- Remediation plan, if appropriate.
- Written notice of dismissal from program as determined by the Department Head and Nurse Educator Program Coordinator.
- Dismissal from program will follow Rowan University's policy and procedures.

Nurse Executive Administration Practicum

The Nurse Executive practicum course (Nurse Executive Administration Practicum) is graded on a traditional letter grading scale (A through F). Students must receive a B- (80%) or better to pass each course. All students are required to complete the mandated practicum hours as designated by the accrediting bodies. The hours must be completed by end of the semester. Exceptions will be made in writing and in agreement between the student, program coordinator and department head.

A midterm Preceptor Evaluation of Student Performance will be submitted at 50-hour point in the Nurse Executive Administration Practicum course. A final Preceptor Evaluation will be submitted at the end of the same course when the required 150 hours have been completed. If a student earns a "marginal" or "unsatisfactory score" on the midterm evaluation, the preceptor will provide comments. Students who receive a marginal or unsatisfactory score in any area must meet with preceptor/program coordinator/course faculty to develop a remediation plan in conjunction with preceptor recommendations. The remediation plan includes:

- 1:1 discussion with course faculty regarding comments from preceptor within 14 days of notice of poor performance. It is the student's responsibility to notify faculty of need for the meeting.
- Faculty and Nurse Executive Program Coordinator/Department Head will determine agreed upon written remediation plan.
- Written remediation plan will address marginal or unsatisfactory evaluation criteria.
- Written remediation plan can include but is not limited to didactic or psychomotor evaluation by Nurse Executive faculty. This is determined by feedback from the preceptor.
- Written remediation plan will have a due date and must be completed before starting next practicum.
- If remediation is not completed by the due date, the student will receive a failure for the course and will have to retake the course and forfeit the practicum hours obtained.
- The student can retake a practicum course one time, with the exception of a prior failure and if receives marginal/unsatisfactory scores again, will be dismissed from the program.
- If students receive marginal/unsatisfactory scores on a final evaluation, it is a failure for the course.

If a student is dismissed from the program, follow current readmission policy.

Unsafe, Unprofessional, and Unsatisfactory Practice

A nursing student practices within the regulatory boundaries of the NJ State Board of Nursing, follows professional standards of practice, School of Nursing policies, course objectives, clinical agency policies, procedures and unit specific protocols. A nursing student whose clinical practice is determined be unsafe or unprofessional may be removed from the clinical site. A nursing student who is removed from a clinical site due to unsafe and unprofessional practices will be expected to meet with the Department Head and program faculty to determine next steps. It is the student's responsibility to notify the course faculty, they have been removed/asked to leave from a clinical site. The student will notify faculty within 24 hours via email and phone call.

Written notification of the unsafe practice by course faculty will include the following:

- Description of the unsafe/unprofessional practice or course of events leading to the removal
- Specific actions that demonstrate unsafe/unprofessional practice that places the patient/student at risk
- Remediation plan, if appropriate.
- Written notice of dismissal from program as determined by the Department Head and Nurse Executive Program Coordinator.
- Dismissal from program will follow Rowan University's policy and procedures.
