

Welcome College of Engineering Transfers!

On behalf of the faculty, staff, and your future peers, we are thrilled to welcome you to our community. You are not only starting a new chapter; you are joining a program built on **rigor, innovation, and real-world impact**.

Transferring into Rowan's engineering program is no small feat—it speaks to your persistence and your foundational skill set. We are excited to see the unique perspectives you bring to our program and wish you all the best in your new academic home.

Online resources

The [College website](#) provides college-wide information including a listing of college personnel, and highlights of exciting initiatives taking place across the College. Departmental websites (links below) provide curriculum guides, information about faculty research areas, and supplemental programs such as minors and certificates of undergraduate studies (CUGS).

Transfer Advisor

Each engineering major has a faculty **transfer advisor** to guide students through the program. Students can reach out with general questions about the curriculum and get assistance in mapping out the course sequence toward degree completion.

Linked below are departmental websites, along with contact information for the faculty **transfer advisor** for each major. Students are advised to reach out directly to the **transfer advisor** with specific questions.
