The Rowan Section Tally is organized by term and includes **all** Rowan course offerings.

Go to http://banner.rowan.edu/reports/reports.pl?task=Section_Tally

Select the term of interest and then click **Select Term**

Enter any search criteria you would like and select **Search**.

- Be careful not to enter too many criteria, as this may unintentionally limit the results of your search
- We recommend starting with the subject
- Avoid selecting “Display only sections with space available” because many Rowan Global courses and other courses that require manual registration will not appear--even if space is available in the class
- To search for Basic Skills, General Education, and/or Rowan Experience courses, use the Attribute search box

A list of courses matching your criteria will then display at the bottom of the screen and includes dates, times, meeting location, professor, and course availability. See page three for a detailed explanation of the results screen.

For more details on a course, click on the **CRN**. See page two for additional information.

Once you have chosen your course(s) and have the CRN(s), you are ready to register. Register at www.rowan.edu/selfservice (open between 7AM-11PM each day).

Your Academic Advisor is available to assist with any questions or concerns.
