More About Nikki

Nikki Colasanti joined the Rowan community in 2013 and is a proud Rowan alum! Over the past 13 years, she has served in student-facing roles within the Divisions of Student Life and Student Affairs. In 2022, she joined the Rowan Online Workforce Learning Solutions team. She is also a Prof Partner with the Autism PATH program, serving as a success coach for students, and is a member of the First-Generation Task Force and co-chair of the task force's Logistics Committee. Nikki joined the WAN Board in 2023 and currently co-chairs the Programming Committee.

In her free time, Nikki enjoys spoiling her rescue dogs and ducks, gardening and landscaping and traveling with her husband. She is a Texas native - and yes a die-hard Cowboys fan! She loves visiting State and National Parks and aspires to visit all of the National Parks in their vintage 1978 GMC Motorhome.
