More About Brittney

Brittney O'Connor is a Senior Academic Advisor in the Rohrer College of Business for Accounting and Finance majors. She is also an instructor for the College of Business first-year seminar courses as well as Career Planning and Development. Prior to being an Advisor, Britt served as the Recruitment and Development Associate for the Center for Professional Development, which services all business students. Her knowledge of careers and internships in business is especially helpful and utilized while advising students. Britt's advising and student services career began in 2014 when she earned her M.S. in Higher Education Counseling and Student Affairs from West Chester University. She has experience working with a wide variety of students in her former roles as Student Counselor for Rutgers University, School of Nursing and Admissions Counselor for Widener University Delaware Law School.

Aside from advising and teaching, Britt has another rewarding position as one of the founding members of the St. Peter's Community Pantry. The food pantry, which opened in May 2023, services all Gloucester County residents. When it first opened, they were assisting 30 families, and it has grown to assist over 145 families monthly. It is a true labor of love for her, and her husband and daughter, who also help at the monthly food distribution and food drive.

Britt is the happiest when she is with her two favorite people, her husband and daughter, and their two rescue pups! In her "free time" she makes a conscious effort to take care of her mental and physical health by going to Burn Boot Camp after work, bike rides with her daughter, or taking her dogs for a walk.
