More About Nancy

A 1990 graduate of Glassboro State College, Nancy holds a Bachelor of Arts degree in Communications with a concentration in Advertising. For the past 13 years, she has proudly served in various roles at Rowan University and currently works as a Program Assistant in the Department of Electrical and Computer Engineering, where she supports faculty, students, and department operations.

Committed to personal growth, Nancy has spent over a year with Toastmasters, actively honing her public speaking skills. Outside of higher education, she is a small business owner specializing in event planning and family-focused entertainment. She is also a lifelong artist, creating expressive works in watercolor and acrylics.

Family and nature are central to Nancy's life. She is the proud parent of five children, plus two bonus children, and a joyful grandparent to eight. In her free time, she enjoys hiking, kayaking, and birding—embracing the beauty and serenity of the outdoors.
